GAGASAN MEMAHAMI ISLAM MEMBINA PERADABAN **ASPIRATION OF UNDERSTAND ISLAM BUILD CIVILISATION**

MEMAHAMI ISLAM

Sebagai agama fitrah, Islam sesuai untuk semua Manusia di muka bumi ini. Al-Quran mengemukakan tiga prinsip utama dalam menyusun dan membina peradaban iaitu kebenaran, keadilan dan kasih sayang. Penghayatan prinsip-prinsip ini akan melahirkan masyarakat yang hidup sejahtera, harmoni dan saling hormat menghormati. Islam juga harus difahami sebagai agama (al-din) yang mendidik dan bukan semata-mata menghukum.

MEMBINA PERADABAN

Membina peradaban umat manusia merupakan wawasan besar yang wajib didukung oleh semua pihak. Peradaban akan terbentuk melalui ilmu pengetahuan yang dihayati sepenuhnya. Ilmu yang benar akan memajukan masyarakat dalam semua bidang kehidupan.

IKIM akan terus komited menyampaikan ilmu pengetahuan melalui perbincangan ilmiah dari semasa ke semasa dari pelbagai sudut seperti sosiobudaya, ekonomi, politik, perundangan, hubungan antara agama, alam sekitar serta sains dan teknologi.

UNDERSTAND ISLAM

Being a religion which is in harmony with human nature, Islam is suitable for all men. The Quran puts forth three main principles in structuring and building civilisation that are truth, justice and affection. Appreciating these principles will bear a society living in prosperity, harmony and mutual respect. Islam has to be understood as a religion (al-din) that educates rather than one that merely punishes.

BUILD CIVILISATION

Building human civilisation is a lofty vision that has to be shouldered by all quarters. Civilisation will be shaped through knowledge that is entirely internalised. True knowledge will advance society in all fields of life.

IKIM will continue to be committed to conveying knowledge through academic discussions from time to time from various aspects such as socioculture, economics, politics, legislation, inter-religious relations, environment as well as science and technology.

PROGRAM TERPILIH SELECTED PROGRAMMES

RUMUSAN

Isu *Advance Medical Directive* (AMD) ialah isu yang masih belum mendapat perhatian masyarakat awam. Justeru, wujud keperluan untuk memberikan penerangan kepada masyarakat sebelum AMD dilaksanakan. Kesedaran awam penting bagi memastikan masyarakat benar-benar faham mengenai isu AMD.

Konflik mungkin timbul kerana doktor dilatih untuk menyelamatkan nyawa pesakit tetapi terdapat hasrat pesakit untuk menolak rawatan yang diperlukan melalui AMD. Hal ini menimbulkan dilema etika bagi seorang doktor yang memberikan rawatan.

Bertitik tolak daripada itu, muzakarah mengutarakan syor-syor berikut:

1. Keperluan kepada satu garis panduan pelaksanaan AMD kerana di Malaysia tidak ada undang-undang atau akta khusus berkaitan AMD. Garis panduan ini perlu mengambil kira faktor agama dan budaya.
2. Dalam isu AMD di Barat, seseorang boleh membuat keputusan secara individu (mempunyai autonomi) ketika mereka masih muda dan sihat dalam menentukan bentuk rawatan yang diperlukan. Aspek ini perlu diberikan perhatian dalam membuat garis panduan berkait dengan AMD kerana budaya tempatan lebih cenderung kepada "autonomy collective decision" dan bukan bersifat individualistik.
3. Doktor perubatan amat kurang latihan komunikasi. Oleh sebab itu perlu dimasukkan dalam kurikulum perubatan untuk melatih bakal doktor memiliki kemahiran komunikasi. Ini untuk memastikan agar doktor mempunyai kemahiran dan ketrampilan dalam menyampaikan hal-hal yang berkaitan kepada pesakit termasuk mengenai isu AMD.

SUMMARY

Advance Medical Directive (AMD) is an issue that has yet to gain the attention of the public. Thus, there is a need to provide information to the public before AMD is implemented. Public awareness is important to ensure that the public fully understand the issues on AMD.

Conflicts may arise when doctors who are trained to save the lives of patients are declined by the latter required by AMD. Such a situation poses an ethical dilemma for a doctor in providing treatment.

Arising from the discussions highlighted the following recommendations:

1. The need for the implementation of the guidelines in AMD because there is no law or special act related to AMD. These guidelines should take into account the religious and cultural factors.
2. On the issue of AMD in the West, one can make a decision for individual (autonomous) when they are young and healthy in determining the care needed. This aspect should be considered in making the guidelines associated with AMD because the local culture are more likely to "collective decision autonomy" and not individualistic.
3. Medical doctors lack communication training. Therefore, the medical curriculum should include communication skills to train future doctors. This is to ensure that doctors have the proper skills and confidence in conveying matters related to patients including on the issue of AMD.

Kepentingan Mufti dan institusi kefatwaan terjamin dalam perlembagaan negara dan proses membuat fatwa tidak perlu kepada acuan demokrasi tetapi diserahkan kepada ahli-ahli musyawarah fatwa.

Keberkesanan fatwa adalah harus bersifat mendidik dan bukan menghukum. Usaha ke arah ini perlu dibuat penambahbaikan untuk masalah masyarakat.

Metodologi pengeluaran fatwa perlu melihat kepada kitab-kitab yang dikemas kini datanya agar fatwa tidak menjadi ketinggalan sehingga tidak memenuhi keperluan semasa fiqh.

Wujud keperluan memperkasakan budaya ilmu di Institusi Mufti dan di kalangan masyarakat. Ini kerana fatwa tidak mencapai tahap yang tinggi manfaatnya jika masyarakat tiada ilmu sewajarnya.

The importance of the Mufti and fatwa institutions are guaranteed in the national constitution and the process of churning fatwa does not does not require a democratic fit but handed over to members of the fatwa meeting council.

The effectiveness of fatwa is that it should be educational rather than punitive. Efforts in this direction require improvements for the good of society.

Fatwa issuance methodology should look into books with updated data so that fatwa is kept abreast in order to meet the current needs of fiqh.

There is a need to strengthen the culture of knowledge in the Mufti institutions and among members of the community. This is because the fatwa would not achieve a high level of benefit if the society does not have proper knowledge.

RUMUSAN

Biodiversiti merupakan aspek penting yang perlu diberi perhatian serius dalam usaha menangani krisis dan cabaran yang dihadapi pada hari ini. Usaha secara bersepadu dan sehingga ke akar umbi perlu digerakkan secara bersama oleh semua pihak dalam menjayakan matlamat ini. Antara beberapa usul yang boleh dipertimbangkan dalam memantapkan lagi aspek pemuliharaan biodiversiti adalah seperti berikut:

1. Semua pihak yang terdiri daripada agensi kerajaan, swasta, badan-badan sukarelawan dan individu perlu berganding bahu dalam menghayati kepentingan alam sekitar agar usaha-usaha yang sewajarnya dapat dilakukan secara bersama bagi memastikan kelangsungan sumber-sumber berkenaan dapat dikekalkan.
2. Mata pelajaran khas berkaitan pendidikan alam sekitar dan biodiversiti dalam sistem pendidikan negara perlu diwujudkan dan dijadikan mata pelajaran teras dalam dasar pendidikan negara agar pendidikan alam sekitar lebih berkesan.

SUMMARY

Biodiversity is an important aspect that should be taken seriously in order to deal with the crises and challenges faced today. Integrated and in-depth efforts should be jointly organised by all parties in achieving this goal. Among several proposals to be considered in further consolidating biodiversity conservation are as follows:

1. All parties consisting of government agencies, private sector, volunteer organisations and individuals must work together to appreciate the importance of the environment so that efforts can be made jointly to ensure the sustainability of the resources can be maintained.
2. Special subjects related environmental education and biodiversity in the national education system should be established and made as core subjects in the country's educational policy so that environmental education is more effective.
3. The role of the electronic media should be strengthened in the dissemination of issues related to the environment and biodiversity. For

3. Peranan media elektronik perlu diperkasakan dalam menyebarkan isu-isu berkaitan alam sekitar dan biodiversiti. Sebagai contoh, memperbanyakkan rancangan dokumentari tentang alam sekitar dan biodiversiti, serta memastikan rancangan disiarkan semasa waktu perdana agar berpeluang ditonton oleh segenap lapisan masyarakat.
4. Peranan raja perlu diketengahkan bagi membantu dalam aspek pemuliharaan biodiversiti. Misalnya, amanat raja yang turut meminta agar biodiversiti dipelihara wajar menjadi sumber aspirasi rakyat, selain Islam sebagai asas penghalang kepada pencemaran alam sekitar dan pemusnahan biodiversiti juga boleh diaplikasikan kepada masyarakat.
5. Program konservasi perlu dihubungkan dengan badan-badan Islam dan dijadikan sebagai example, increasing documentaries about the environment and biodiversity, as well as ensuring that the programmes are broadcasted during prime-time to be watched by all levels of the society.
4. The role of the king should be focussed to assist in the conservation of biodiversity. For example, the royal decree which demands that biodiversity be preserved be made an aspiration of the people, apart from Islam as a fundamental barrier to environmental degradation and destruction of biodiversity can also be applied to the public.
5. Conservation programmes should be linked to Islamic organisations and serve as the main agenda in view of the current challenges are that the religious agencies do not see aspects of conservation as important and regard the issue as unrelated to religion.

agenda utama memandangkan cabaran pada hari ini ialah pihak agensi agama sendiri tidak melihat aspek konservasi sebagai sesuatu yang penting dan menganggap persoalan berkenaan tidak berkait dengan agama.

6. Peranan fatwa penting dalam isu konservasi, misalnya fatwa tertentu yang relevan dengan situasi semasa perlu dikeluarkan bagi menjaga kemaslahatan terhadap alam sekitar dan biodiversiti.
7. Petikan ayat-ayat al-Quran berkaitan alam sekitar dan biodiversiti perlu diuar-uarkan oleh media baik di televisyen mahupun radio agar masyarakat tahu dan sedar bahawa isu-isu berkenaan begitu ditekankan dalam al-Quran agar mereka dapat mengambil pengajaran daripadanya untuk lebih menghargai nikmat alam sekitar dan biodiversiti.

6. The role of fatwa is crucial in conservation issues, such as certain fatwas that are relevant to the current situation should be removed to maintain the wellbeing of the environment and biodiversity.
7. Quotations of Quranic verses related to the environment and biodiversity need to be highlighted by the media, both on television or radio so that society will be able to know and realise that such issues are emphasised in the Quran as teachings to better appreciate the environment and biodiversity.

Justeru dalam pembangunan modal insan, sistem amat penting kerana ia boleh mempengaruhi manusia untuk mematuhi prosedur atau peraturan yang ada. Sistem ini boleh wujud dalam bentuk standard atau model kerja seperti Model Kecemerlangan Prestasi Menyeluruh Berasaskan Nilai, Pengurusan Nilai dan lain-lain.

Selain itu ia juga boleh berpunca daripada daya maju (*viability*) yang tidak bersandarkan keutamaan (*priority*) dan situasi semasa. Dalam sesetengah keadaan; ketirisan berlaku kerana sikap kita yang tidak mengamalkan *amar ma'ruf nahi mungkar* yakni tidak menegur perkara-perkara salah yang berlaku di dalam organisasi baik kesalahan yang dilakukan oleh pihak atasan mahupun kakitangan biasa.

In addition, the seminar can be recommended as one of the programmes in conjunction with the National / International Quranic Recital Assembly held annually. However, in organising similar subsequent events, attention should be paid to the development or expansion of the theme of seminar debates, in addition to improving the quality of presentations and participations. With regard to quality of participations, concerted efforts should be made to garner participations from university students and lecturers. Such involvements can be done by jointly organising the seminar with universities and colleges in every state.

RUMUSAN

Sejajar dengan peningkatan populasi masyarakat, amat penting untuk meninjau tahap sekuriti makanan dalam negara bagi memulakan langkah ke hadapan dengan melihat kecukupan pengeluaran makanan yang bersih, selamat dan berkhasiat. Menjadi tanggungjawab individu untuk menyediakan keperluan makanan melalui pekerjaan. Namun, jika sebaliknya, maka adalah menjadi tanggungjawab pemerintah untuk menyediakan keperluan yang mencukupi kepada masyarakat. Memenuhi keperluan bekalan makanan masyarakat merupakan tanggungjawab pemerintah yang merupakan

SUMMARY

In line with the increase in population, it is important to review the level of food security in the country by looking at the adequacy of food production that is clean, safe and nutritious. It is the responsibility of individuals to provide food needs through work. However, should the contrary arise, the responsibility to provide adequate supplies to the public rests on the government. Meeting the needs of the community food supply is the responsibility of the government which constitutes a highly demanded Fard Kifayah. Thus, in the formulation of economising countries policies, the agricultural sector should not be

satu fardhu kifayah yang sangat dituntut. Justeru, dalam penggubalan dasar pengekonomian negara, sektor pertanian tidak boleh dipinggirkan. Beberapa input dan usul yang dicadangkan daripada seminar tersebut ialah:

1. Mengkaji semula penggunaan tanah-tanah wakaf termasuk mempelbagaikan kegunaannya bagi tujuan pertanian dan penternakan. Ini adalah sebagai langkah mengatasi penyusutan pengeluaran bekalan makanan negara. Duit zakat juga boleh digunakan sebagai satu sumber persediaan dalam menghadapi kekurangan bekalan makanan negara.
2. Kerajaan perlu melabur dalam industri bahan pertanian seperti baja, benih dan jentera bagi meningkatkan pengeluaran makanan negara. Langkah ini dapat mengurangkan kos pengeluaran makanan.
3. Makanan ubahsuai genetik (GMF) adalah antara penyelesaian yang boleh digunakan dalam industri pertanian bagi menjamin kelangsungan sekuriti makanan negara. Justeru, perlu ditekankan dan digalakkan penyelidikan dan pembangunan berkaitan GMF.
4. Mempertingkatkan kesedaran awam terhadap teknologi dan keberkesanan produk hasil daripada pembangunan teknologi moden. Ini dapat menentukan penerimaan dan persepsi masyarakat terhadap teknologi tersebut.
5. Mengkaji semula kurikulum sekolah yang sedia ada dan kerjasama dengan Kementerian Kesihatan Malaysia dalam aspek kesedaran dan cabaran pemakanan sihat dan halal bagi murid-murid di sekolah.

sidelined. Several of the inputs and proposed motions from the seminar are as follows:

1. To review the use of waqf lands including diversifying its use for agriculture and animal husbandry. This is to overcome depreciation of the nation's food supply production. Zakat money can also be used as a source of supply when faced with food shortages in the country.
2. The government should invest in industrial agricultural materials such as fertilizers, seeds and machinery to increase food production. This step can reduce the cost of food production.
3. Genetically-modified food (GMF) is one of the solutions that can be used in the agricultural industry to ensure continuity of national food security. Thus, research and development relating to GMF should be emphasised and encouraged.
4. Improving public awareness of the technology and the effectiveness of the product as a result of the development of modern technologies. This can determine acceptance and public perception of the technology.
5. Review the existing school curriculum and cooperation with the Ministry of Health in terms of awareness and healthy and halal nutrition for school pupils.

MUZAKARAH PAKAR “KESIHATAN MENTAL BAYI DAN KANAK-KANAK MENURUT ISLAM DAN SAINS” PADA 4 NOVEMBER 2015 EXPERTS CONSULTATION ON “MENTAL HEALTH OF INFANTS AND CHILDREN IN ISLAM AND SCIENCE” ON 4 NOVEMBER 2015

▲ YBhg. Dr. Mohd. Sani bin Badron, Fellow Utama / Pengarah Pusat Kajian Ekonomi dan Kemasyarakatan mempengerusikan sesi pembentangan kertas kerja pada 4 November 2015 di Dewan Besar IKIM.

YBhg. Dr. Mohd. Sani bin Badron, Principal Fellow / Director, Centre for Economics and Social Studies chaired the presentation on 4 November 2015 at the IKIM Grand Hall.

Keutamaan penjagaan kesihatan mental di kalangan bayi dan kanak-kanak telah lama menjadi satu perkara asas yang amat ditekankan oleh ajaran Islam khususnya dalam proses pembentukan akhlak dan keimanan seseorang individu. Namun, perkara ini amat jarang ditekankan khususnya oleh masyarakat Islam sendiri.

Penjagaan kesihatan mental di kalangan bayi serta kanak-kanak amat penting kerana pengabaian yang berlaku pada peringkat yang amat kritikal ini akan memberi kesan yang terlalu serius kepada tahap dan kualiti kesihatan mental individu terbabit menjelang proses pembesaran. Secara tidak langsung, ia akan meningkatkan risiko gangguan mental dan emosi, personaliti serta tingkahlaku mereka. Akhirnya, ia akan mencemarkan keharmonian dalam fungsi kekeluargaan dan kemasyarakatan. Lantaran itu, program ini telah diadakan bagi mengupas secara kritis aspek kesihatan mental bayi dan kanak-kanak dari pelbagai aspek.

The priority of mental health care among infants and children has long been emphasised by Islam, especially in the formation of character and faith of an individual. However, such a need is rarely emphasised especially by the Muslim community.

Mental health care of infants and children is particularly important because neglect at a critical stage would seriously affect the level and quality of mental health of individuals by the time of the growth process.

This will indirectly increase the risk of mental and emotional disorders, personality as well as their behaviour. Eventually, it will adversely affect the harmony of the familial and communal functions. Therefore, the event was conducted to critically analyse the mental health of infants and children from various aspects.

PROGRAM TERPILIH *SELECTED PROGRAMMES*

Di antara beberapa tajuk yang menarik dalam program tersebut ialah:

“Kesihatan Mental dan Jenis Gangguannya di kalangan Bayi dan Kanak-kanak” yang telah dibentangkan oleh Y. Bhg. Datin Dr. Hajjah Fauzi Ismail, Pakar Psikiatri Kanak-kanak dan Remaja, Hospital Kuala Lumpur, “Tuntutan Maqasid al-Syariah dalam Pemartabatan Kesihatan Mental Bayi dan Kanak-kanak” oleh pembentang Cik Wan Roslili Majid, selaku Fellow, Pusat SYARAK, IKIM, dan “Pembentukan Akhlak dan Sahsiah: Asas kepada Kesihatan Mental di kalangan Bayi dan Kanak-kanak” oleh En. Khairul Azhar Idris, Fellow, Pusat EMAS, IKIM.

1. Beberapa rumusan berkaitan telah diusulkan seperti masyarakat perlu memahami bahawa setiap diri individu itu akan mempunyai kesan kepada anak-anak mereka sendiri. Ini sesuai dengan hadis Rasul SAW yang menyatakan bahawa setiap anak Adam itu adalah dilahirkan dalam keadaan fitrah dan ibubapa yang berperanan untuk membentuk mereka, malah kesihatan mental individu itu bermula sejak dalam kandungan lagi;
2. Ibubapa perlu memahami keperluan kesihatan mental bayi dan anak-anak mereka sendiri seperti memahami pelbagai jenis gangguan kesihatan mental di kalangan bayi dan anak-anak;
3. Pengetahuan kesihatan mental bayi dan anak-anak perlu disebarikan dan dididik, seperti dimasukkan sebagai satu sukatan matapelajaan sekolah, universiti atau kursus pra perkahwinan;
4. Masyarakat perlu disedarkan bahawa aspek kesihatan mental adalah tuntutan Maqasid al-Syariah;
5. Persekitaran yang baik dikatakan banyak menyumbang kepada pembentukan akal bayi.

Among the interesting titles in the programme are:

“Mental Health and types of disorder among Infants and Children”, which was presented by the Hon. Datin Dr. Hajjah Fauzi Ismail, Psychiatrist for Children and Youth, Kuala Lumpur Hospital, “Maqasid al-Syariah Demands in Elevating Mental Health of Infants and Children” by Ms. Wan Roslili Majid, Fellow, IKIM SYARAK Centre, and “The Formation of Morality and Character Building: The foundation of Mental Health among Infants and Children” by Mr. Khairul Azhar Idris, Fellow, IKIM EMAS Centre.

1. Several formulations were proposed such as the community needs to understand that each individual will have an impact on their own children. This is in accordance with the tradition of the Prophet Muhammad which states that every child of Adam is born in a state of natural disposition and parents play a role in shaping one's own children, whose mental health begins during pregnancy;
2. Parents need to understand the mental health needs of their infants and children such as understanding the various types of mental health disorders in infants and children;
3. Knowledge of mental health of infants and children should be disseminated and taught, and included as a syllabus for schools, universities or pre-marital courses;
4. Society should be made aware that mental health constitutes a Maqasid al-Syariah demand;
5. A good environment is said to be a contributory factor in the development of the intelligence of an infant.

Assalamualaikum Warahmatullahi Wabarakatuh.

Alhamdulillah, bersyukur kehadiran Illahi di atas limpah rahmat dan kasih sayang-Nya, kita masih lagi diberi kesempatan meneruskan perjuangan mencapai gagasan IKIM "Memahami Islam Membina Peradaban". Saya juga mengucapkan jutaan terima kasih dan syabas kepada semua pihak atas kejayaan penerbitan Buku Laporan Tahunan IKIM pada kali ini.

Tahun 2015 telah berakhir dengan terlaksana pelbagai program dan aktiviti yang berjaya dicapai pada tahun tersebut. Buku Laporan Tahunan ini menjadi kayu pengukur dan penanda aras bagi kita supaya merancang program-program yang lebih memberi pendedahan dan impak yang bermanfaat kepada masyarakat. Antara program yang dilaksanakan meliputi isu agama dan

Alhamdulillah, by the Grace and Mercy of Allah Most Great and thanks for His Love, we are still given the opportunity to continue the struggle to achieve IKIM's objective to "Understand Islam Build Civilisation". I would like to thank and congratulate all parties for the success of the publication of the 2015 IKIM Annual Report.

Indeed, 2015 had ended with a variety of programmes and activities, and also, quite humbly, I am heartened to note the successes achieved throughout the year. The Annual Report has become a yardstick and benchmark for us to plan future programmes that are able to provide more exposure and beneficial impact to the society. Among the programmes implemented included programs issues on religion and civilisation, harmonisation of law,

PUSAT KAJIAN EKONOMI & KEMASYARAKATAN (EMAS) CENTRE FOR ECONOMICS & SOCIAL STUDIES

LATAR BELAKANG

Pusat Kajian Ekonomi dan Kemasyarakatan atau ringkasnya EMAS merupakan salah satu daripada tiga buah pusat akademik yang terdapat di Institut Kefahaman Islam Malaysia (IKIM). Sebelum dikenali sebagai pusat EMAS yang memberi tumpuan dalam bidang ekonomi dan kemasyarakatan, ia merupakan sebuah pusat akademik yang turut memfokuskan penyelidikan di dalam bidang sains dan teknologi. Bagaimanapun pada 2004, IKIM telah menstruktur semula pusat ini dengan mengeluarkan bahagian yang berkaitan dengan sains dan teknologi tersebut untuk dijadikan sebagai sebuah pusat yang berasingan. Oleh itu, mulai 1 Februari 2004, pusat ini dikenali sebagai Pusat Ekonomi dan Kajian Sosial. Bagaimanapun selepas penjenamaan semula yang dilakukan oleh IKIM pada 2010, pusat ini mula dikenali dengan namanya sekarang iaitu Pusat Kajian Ekonomi dan Kemasyarakatan.

Tumpuan dan Luasan Kajian:

- Ekonomi
- Kewangan
- Pengurusan
- Pendidikan
- Hubungan Antara Penganut Agama
- Kesihatan Mental
- Belia dan Isu Kemasyarakatan

BACKGROUND

The Centre of Economics and Social Studies, or its Malay acronym, EMAS, is one of the three academic centres at the Institute of Islamic Understanding Malaysia (IKIM). Prior to the name change to EMAS which gives focus on the fields of economics and social sciences, it used to be an academic centre that focussed on research in the fields of science and technology as well. In 2004, IKIM underwent a restructuring where the fields of science and technology were removed from the centre so that it would be separated to a centre of its own. Thus, on 1 February 2004, the centre formally acquired its name as Centre of Economy and Social Studies. However, upon a rebranding exercise by IKIM in 2010, the centre is formally known by its present name, Centre for Economics and Social Studies.

Focus and Scope of Research:

- Economy
- Finance
- Management
- Education
- Inter-Religious Relations
- Mental Health
- Youth and Societal Issue

LATAR BELAKANG

Menelusuri sejarah penubuhannya, iaitu pada tahun 1992, Pusat SYARAK bermula dengan Unit Syariah dan Undang-Undang dan kemudiannya ditukar kepada Pusat Syariah, Undang-Undang dan Sains Politik pada tahun 2001. Menyedari kepentingan bidang bitara khusus bagi memastikan aktiviti dan sumbangan yang diberikan memenuhi keperluan semasa masyarakat, Maqasid al-Shari'ah dipilih sebagai bidang tara Pusat SYARAK. Sehubungan itu, seminar yang dianjurkan bertemakan isu-isu berkaitan dengan Maqasid al-Shari'ah dalam segenap bidang terutamanya, pendidikan, ekonomi, siasah, dan perundangan. Demikian juga dengan aktiviti penyelidikan yang dijalankan oleh kakitangan akademik Pusat ini yang turut diasaskan pada kerangka dan tema yang sama.

BACKGROUND

Since its establishment in 1992, SYARAK began as Syariah and Law Unit after which it had a name change to Centre of Syariah, Law & Political Science in 2001. With its objectives of fulfilling current needs and a wide branch of knowledge as well as widening its research scope to encompass academic studies that are holistic in nature, the Centre had another name change on 1 January 2010, to Centre for the Study of Syariah, Law & Politics, or briefly, SYARAK.

Realising the importance of a specialised area to ensure the activities and contributions it provides fulfil the needs of the present society, Maqasid al-Syariah has been chosen as the area of specialisation of SYARAK. Thus, seminars conducted by SYARAK carry the theme of issues related to Maqasid al-Syariah in all fields in particular, education, economy, politics and legislation. Similarly, research activities conducted by academic staff of SYARAK are also based on the same framework and theme.

Focus and Scope of Research:

PUSAT PERUNDINGAN & LATIHAN IKIM (PPLI) CENTRE FOR CONSULTANCY & TRAINING IKIM

LATAR BELAKANG

Bagi memperluaskan aktiviti IKIM, Pusat Perundingan dan Latihan IKIM (PPLI) telah ditubuhkan pada tahun 2000. Ia ditubuhkan khususnya bagi memenuhi permintaan organisasi luar yang mahu IKIM menyediakan modul latihan, dan seterusnya melatih warga kerja mereka dengan nilai-nilai murni Islam. Kini, PPLI beroperasi dengan misi, "Berusaha Ke Arah Pengendalian Aktiviti Perundingan Dan Latihan Yang Berkualiti Dalam Menambah Kefahaman Islam". PPLI menawarkan khidmat perundingan dan latihan kepada organisasi yang berminat, sama ada kerajaan mahupun swasta. Di masa yang sama, PPLI juga menganjurkan program-program latihan untuk masyarakat umum. Adalah diharapkan, melalui program-program latihan ini, kefahaman Islam dapat ditingkatkan dan kekeliruan mengenai Islam dapat diminimalkan. Dengan kefahaman Islam yang sebenar, potensi diri insan akan terserlah dan ini akan menjadi faktor pendorong kepada kecemerlangan diri, keluarga, organisasi dan ummah.

PERKHIDMATAN LATIHAN & PERUNDINGAN

Modul latihan PPLI terbahagi kepada empat (4) jenis:

- i. **Modul Latihan Karya Asli**
Modul yang dibina sendiri oleh PPLI dengan idea asal yang terbit dari IKIM.
- ii. **Modul Latihan Umum**
Modul umum yang dianjurkan oleh PPLI di mana pengisinya mungkin terdiri dari pakar dari IKIM dan pakar luar.
- iii. **Modul Latihan Bersama Perunding Luar**
Modul yang dianjurkan oleh IKIM tetapi menggunakan khidmat Perunding Luar sepenuhnya.
- iv. **Modul Latihan Kerjasama Rakan Pintar**
Modul yang dianjurkan secara bersama oleh PPLI dan Perunding Luar yang mempunyai matlamat yang sama.

BACKGROUND

To expand the activities of IKIM, IKIM Centre for Consultancy & Training (PPLI) was established in 2000. Its establishment was specifically to meet the needs of external organisations which required IKIM to prepare training modules, and subsequently train their staff with pure Islamic values. Currently, PPLI operates on the mission, "To strive towards the management of quality consultancy and training activities in enhancing Islamic understanding". PPLI offers consultancy and training services to interested organisations, be they public or private. At the same time, PPLI also organises training programmes for the general public. It is hoped that such training programmes could enhance Islamic understanding while misconceptions on it could be minimised. With true Islamic understanding, the potential of individuals may be revealed and this could be the motivating factor for self-excellence, family, organisation and the ummah.

CONSULTANCY AND TRAINING SERVICES

PPLI Training Modules are divided into four (4) kinds:

- i. **Original Training Modules**
Modules developed by PPLI with original ideas by IKIM.
- ii. **General Training Modules**
General Modules organised by PPLI with experienced trainers either from within or outside IKIM.
- iii. **Training Modules in cooperation with external consultants**
Modules organised by IKIM with full services provided by external consultants.
- iv. **Training Modules in smart partnerships**
Modules co-organised by both PPLI and external consultants whose objectives are similar.

ISLAM & PENGURUSAN LEMBANGAN AIR BERSEPADU: MENTERJEMAHKAN TEORI KEPADA AMALAN MELALUI RAKAN ALAM SEKITAR MASJID

ISLAM & INTEGRATED WATER BASIN MANAGEMENT: TRANSLATING THEORY TO PRACTICE THROUGH MOSQUE ENVIRONMENTAL PARTNERS

133

PENGENALAN

Pengurusan Air Bersepadu atau Integrated Watershed Management (IWM) boleh ditakrifkan sebagai satu proses membuat keputusan yang berterusan yang mengambil kira konflik, persaingan di antara pelbagai kumpulan berkepentingan dalam kawasan lembangan air. Elemen utama dalam pendekatan inklusif tadbir urus lembangan air peningkatan pengiktirafan konsep Heartware – proses yang mengukur peranan nilai pihak-pihak berkepentingan terhadap air yang berbeza. Nilai-nilai yang diterapkan ke dalam program-program outreach dan bina upaya masyarakat yang dipilih iaitu penduduk di Mukim Pasangan, bertujuan untuk mengukuhkan kefahaman masyarakat melalui kesedaran mengenai kepentingan pengurusan sumber air. Bagi masyarakat Islam, alam sekitar atau alam adalah amanah dari Allah yang dikurniakan kepada manusia untuk kegunaannya dan untuk dipelihara. Perkataan “air” dan “air sungai” muncul 63 dan 52 kali masing-masing di dalam Al-Quran dan dikatakan penciptaan kedua Allah yang terbesar selepas manusia sendiri. Al-Quran juga menyebut bahawa semua benda hidup dicipta daripada air (Al-Quran 21:30). Air yang wujud secara semula jadi dalam kitaran (Al-Quran 23:18), (Al-Quran 30:45), (Al-Quran 15:22) adalah penciptaan Tuhan yang tidak ternilai dan merupakan satu hadiah penting untuk keseimbangan ekologi, kesihatan awam dan seluruh kehidupan.

OBJEKTIF

- 1) Memberi kefahaman Islam dan saintifik mengenai nilai-nilai pengurusan air kepada masyarakat Islam di Mukim Pasangan, Kuala Selangor.
- 2) Memberi peringatan kepada masyarakat Islam di Mukim Pasangan tentang tanggungjawab rohani dalam penggunaan dan pengurusan.

INTRODUCTION

Integrated Water Management and Integrated Watershed Management (IWM) can be defined as a continuous decision-making process that takes into account conflicts, competition between various interest groups in the area of the water basin. The key element in the approach of inclusive governance of basin water improvement of recognition of the Heartware concept -- a process that measures the values of roles of stakeholders on different water. The values applied to the outreach programmes and capacity building of elected community residents in Mukim Pasangan, aims at strengthening the understanding of the community through awareness of the importance of water resources management. For the Muslim community, the environment or nature is a trust from God bestowed upon human beings to use and to maintain. The word “water” and “water” appears 63 and 52 times respectively in the Al-Quran and is said to be the second of God’s greatest creation after the man himself. Al-Quran also states that all living things are created from water (Quran 21:30). Water that occurs naturally in the cycle (Qur’an 23:18), (Al-Quran 30:45), (Al-Quran 15:22) is God’s invaluable creation and is an important gift to the ecological balance, public health and the entire life.

OBJECTIVE

- 1) To provide scientific understanding of Islam and the values of water management to the Muslim community of Mukim Pasangan, Kuala Selangor.
- 2) To provide a warning to the Muslim community in Mukim Pasangan of spiritual responsibility in the use and management.

PENYELIDIKAN RESEARCH

- 3) Menyediakan platform bagi kerjasama masa depan dan rangkaian antara masjid dan pihak berkepentingan lain dalam pengurusan kawasan lembangan air, contohnya Sungai Selangor.

- 3) To provide a platform for future cooperation and networking between the mosque and other stakeholders in the management of water basins, for example Sungai Selangor.

HASIL DAN IMPAK PENYELIDIKAN

- 1) Antara lain hasil kajian ini ialah penubuhan Rakan Alam Sekitar Belia dan Masjid (RASBM). RASBM yang merupakan sebahagian daripada program turun padang (outreach) yang bertujuan untuk membangunkan modal insan dalam tadbir urus air di kalangan masyarakat Islam di Mukim Pasangan, Kuala Selangor.
- 2) Program turun padang berbentuk latihan (teori dan praktikal) mewujudkan kesedaran mengenai kepentingan menguruskan sumber air sebagai salah satu perkara wajib bagi orang-orang Islam (fardu kifayah).
- 3) Rakan Alam Sekitar Belia dan Masjid (RASBM) melalui khutbah dan ceramah, cuba untuk memulakan transformasi sosial amalan umat Islam dalam hal penggunaan air, iaitu dengan memberikan kefahaman hakikat bahawa sebahagian daripada etika agama seorang Muslim adalah untuk menjimat air dan bagi mereka untuk meningkatkan dan mengukuhkan etika agama mereka, terutama dalam krisis air semasa.

INDEKS KUALITI AIR DI MALAYSIA: PERBANDINGAN ANTARA PIAWAIAN SAINTIFIK DAN PRINSIP ETIKA-PERUNDANGAN ISLAM TERHADAP KUALITI AIR

WATER QUALITY INDEX IN MALAYSIA: COMPARISON BETWEEN SCIENTIFIC STANDARDS AND ISLAMIC LEGAL-ETHICAL PRINCIPLES TOWARDS WATER QUALITY

135

PENGENALAN

Hari ini isu-isu kelestarian alam sekitar yang memerlukan nilai-nilai budaya dan norma menyemarakkan semula bagi menjana perubahan dalam mentaliti dan amalan. Satu contoh amalan budaya dan agama adalah sistem Taharah atau air yang bersih untuk penyucian dan penggunaan dalam garis panduan penggunaan air umat Islam. Hakikat yang tidak dapat dielakkan yang perlu difahami oleh semua ialah bahawa air adalah sumber planet yang mesti dikekalkan. Bagi umat Islam yang membentuk satu perlima daripada penduduk dunia, alam sekitar atau alam adalah amanah. Kepentingan utama alam semula jadi dan alam sekitar secara umum dan air khususnya perlu dihidupkan semula dalam fikiran dan tindakan masyarakat Islam di Malaysia. Walaupun Malaysia adalah sebuah masyarakat majmuk, majoriti terdiri dari orang Islam dan sekiranya mereka mampu diberi lebih kesedaran akan tanggungjawab mereka terhadap air walaupun dalam konteks kewajipan agama, maka seruan keseluruhan dunia untuk air yang akan dijamin dan dijaga akan dapat dilaksanakan.

OBJEKTIF

- 1) Menggambarkan prinsip-prinsip sistem etika-perundangan Islam yang benar-benar mewajibkan umat Islam mengguna air yang setara dengan piawaian terbaik pengurusan dan kemampuan air konvensional.
- 2) Mengkaji sistem menentukan kualiti air dalam Islam dan menggambarkan persamaan piawaian Islam dengan indeks / piawaian kualiti air moden.

INTRODUCTION

Today the issues of environmental sustainability, which require cultural values and norms arise to generate a change in mentality and practice. An example of cultural and religious practice is the Taharah system or clean water for purification and use in water use guidelines for Muslims. The fact that is inevitable that needs to be understood by all is that water is the source of the planet that must be maintained. For Muslims who make up one-fifth of the world population, the environment or nature is a trust bestowed upon them. The main importance of nature and the environment in general and water in particular need to be revived in the minds and actions of the Muslim community in Malaysia. Although Malaysia is a multicultural society, the majority consist of Muslims and if they are able to be given more awareness of their responsibility for water even in the context of religious obligations, then the call to the whole world for water to be saved and kept can be carried out.

OBJECTIVE

- 1) To describe the principles of ethical-legal Islamic system that really require Muslims to use water that is equivalent to the best standards of conventional water management and sustainability.
- 2) To review the system that determines the quality of water in Islam and to describe Islamic standards equations with modern water quality standards / index.

PENYELIDIKAN RESEARCH

HASIL DAN IMPAK PENYELIDIKAN

- 1) Kajian ini membandingkan pendekatan Islam dan saintifik dalam menentukan klasifikasi kualiti air. Ia menghuraikan kelas air, julat indeks dan parameter yang ditetapkan oleh *Water Quality Index* Jabatan Alam Sekitar (WQI-DOE) dalam konteks strategi bagi mengawal pencemaran air dari sumber titik dengan "*taharah-najasah*" (suci dan menyucikan; tercemar) piawaian yang telah dibincangkan dalam sistem etika-perundangan Islam (perundangan kebersihan).
- 2) Piawaian untuk kualiti air yang konvensional boleh dikaitkan dengan piawaian *taharah*, manakala pencemaran air boleh dikaitkan dengan konsep najasah dalam perbincangan perundangan Islam. Walaupun *Water Quality Index* (WQI) moden digunakan kini adalah menyeluruh dan terperinci, piawaian *taharah-najasah* masih relevan dan telah pun digunakan jauh lebih lama (lebih 1000 tahun) oleh umat Islam.

PENGESYORAN

- 1) Krisis air semasa perlu menjadi tanda yang jelas bagi masyarakat Islam untuk meningkatkan & mengukuhkan etika alam sekitar mereka yang menyokong usaha konvensional ke arah matlamat yang sama.
- 2) Terdapat persamaan ketara dalam piawaian kualiti air sistem indeks kualiti air konvensional dengan kualiti air piawaian dalam Islam. Kefahaman ini perlu ditingkatkan demi mengislahkan falsafah kelestarian dan amalan penggunaan air mereka.

RESULTS AND RESEARCH IMPACT

- 1) This study compares the Islamic and scientific approaches in determining the classification of water quality. It describes the class of the water, the range of indices and parameters set by the Water Quality Index of the Department of Environment (WQI-DOE) in the context of the strategy for the control of water pollution from point sources with "*taharah-najasah*" (holy and sanctified; polluted) standards as discussed in the ethical-legal system of Islam (legal hygiene).
- 2) Standards for conventional water quality could be linked to the *taharah* standards, while water pollution can be attributed to the najasah concept in the discussions of Islamic legislation. Although the modern Water Quality Index (WQI) is used now is comprehensive and detailed, *taharah-najasah* standards is still relevant and have been used for much longer (over 1000 years) by Muslims.

RECOMMENDATIONS

- 1) The current water crisis should be a clear sign for the Muslim community to improve and strengthen their environmental ethics that support conventional efforts towards the same goal.
- 2) There is a striking similarity in the water quality standards of conventional water quality index system with that of the water quality standards in Islam. This understanding needs to be improved for the sake of preservation of the philosophy and practice of their water consumption.

INTRODUCTION

Islamic education is one of the key areas of the educational curriculum at the national level in Malaysia. Since its introduction, much improvements have been done to consolidate the system of Islamic education in this country such as the Integrated Curriculum for Primary and Secondary Schools, j-QAF programme, Primary School Standard Curriculum (KSSR) and PBS. Nevertheless, the major challenges facing the current education system, especially the the increase in social problems and symptoms of contra-Islamic thinking, Islamic education should be further strengthened.

With such a concern, a study on the effectiveness of Islamic education in meeting the current challenges was conducted. This study is a collaboration between IIUM and IKIM with the Ministry of Education Malaysia (MOE). The research team consisted of Prof. Dr. Rosnani Hashim, IIUM (Team Leader), Dr. Mohd Farid Mohd Shahrar, IKIM Deputy Director-General, Dr. Zahiri Muhammad Awang Mat, IIUM (Secretary), Pn. Nor Hartini Saari, IKIM (Assistant Secretary and Treasurer), Assoc. Prof. Dr. Adnan Rashid, IIUM, Assoc. Prof. Dr. Ainol Madziah Zubairi, IIUM, Ms. Wan Roslili Abd Majid, IKIM, Mr. Zamri Abdul Rahim, BPK-KPM, Mr. Afandi Yusoff, BPI-KPM, Mr. Azrien Mohamed Mohamed Adnan, IIUM.

OBJECTIVE

The objective of the study is to evaluate the effectiveness of teaching and learning of the Islamic Education Subject (PI) from the aspects of the use of learning resources, teaching and learning methods, assessment, curriculum and problems and challenges from the perspectives of Islamic Education teachers and students.

PENYELIDIKAN RESEARCH

DAPATAN

Antara dapatan kajian ini ialah guru Pendidikan Islam menghadapi permasalahan berikut:

- (i) mengamalkan kaedah P&P yang lebih berorientasikan kaedah berpusatkan guru iaitu bersyarah, bercerita dan memberi nota
- (ii) menghadapi masalah pentaksiran untuk Pentaksiran Berasaskan Sekolah (PBS) dalam membina soalan bentuk kemahiran beraras tinggi (KBAT)
- (iii) sukatan matapelajaran agak padat
- (vi) berhadapan dengan masalah P&P yang di luar kawalan mereka dan masalah pelajar yang lemah dalam bacaan al-Qur'an
- (v) pelajar-pelajar yang mempunyai sikap negatif terhadap tulisan Jawi.

PENGESYORAN

Kajian ini mencadangkan beberapa langkah untuk menambahbaik P&P Pendidikan Islam.

- (i) Guru-guru Pendidikan Islam mesti didedahkan kepada falsafah, kurikulum dan kaedah P&P yang lebih memfokuskan pencarian dan pembinaan ilmu yang selari dengan cabaran abad ini yang berasaskan IT
- (ii) Guru PI wajar menambah ilmu dan kepakaran dalam kaedah mengajar menggunakan pendekatan berpusatkan murid yang boleh membantu membina kemahiran berfikir aras tinggi dan juga membuat murid lebih bijaksana dalam menyelesaikan masalah dan membuat sesuatu keputusan dengan memilih alternatif yang terbaik
- (iii) P&P Pendidikan Islam perlu meneroka kaedah pemikiran tinggi seperti Habits of Mind dan Pedagogi Hikmah (atau Philosophy for Children yang telah diteroka di Kulliyah Pendidikan UIAM dan diiktiraf di peringkat antarabangsa)

FINDINGS

Among the findings of the study are that Islamic Education teachers face the following issues:

- (i) practising teaching methods that are more oriented to teacher-centred, i.e. lecturing, storytelling and giving notes
- (ii) the problem of assessment for school-based assessment (SBA) in constructing higher order competencies questions
- (iii) a packed syllabus
- vi) confronting with T & L issues that are beyond their control and the problem of students who are weak in reading the Quran
- (v) students who have a negative attitude towards Jawi writing.

RECOMMENDATIONS

This study proposes several measures to improve the teaching and learning (T&L) of Islamic Education (IE).

- (i) IE teachers should be exposed to the philosophy, curriculum of teaching and learning methods in a more focused on the search and development of knowledge in line with the IT-based challenges of the present century
- (ii) IE Teachers should increase their knowledge and expertise in teaching methods using student-centred approach which can help build higher order thinking skills and also make students more expedient to problem-solving and decision-making by choosing the best alternative
- (iii) T&L in IE should explore higher methods of thinking such as Habits of Mind and Pedagogy of Wisdom (or Philosophy for Children which have been explored at the IIUM Kulliyah of Education and recognised internationally)

PEMETAAN PENYELIDIKAN AL-QURAN DAN SAINS MAPPING QURAN AND SCIENCE RESEARCH

140

PENGENALAN

Kaitan atau hubungan antara al-Quran dan Sains seringkali dibicarakan dalam masyarakat kita hari ini. Banyak bahan atau sumber yang berkaitan didedahkan kepada masyarakat sekali gus meletakkan maudhu' mengenai al-Quran dan Sains menjadi teras kepada perbincangan perkembangan dunia moden pada hari ini. Walau bagaimanapun, sejauh mana perkembangan positif ini mencapai matlamat yang khusus dalam membina masyarakat Muslim yang celik Sains belum dapat dikenal pasti. Universiti Sains Islam Malaysia (USIM), Akademi Sains Malaysia (ASM) dan Institut Kefahaman Islam Malaysia (IKIM) telah menjalinkan kerjasama untuk melaksanakan projek al-Quran dan Sains mengikut ruang lingkup dan hala tuju institusi. Justeru, IKIM mengambil inisiatif untuk memetakan kepakaran dan penyelidikan yang dilaksanakan bertemakan al-Quran dan Sains di Malaysia. Kajian-kajian al-Quran dan Sains perlu disebarluaskan kepada masyarakat. Oleh sebab itu, usaha untuk mengumpulkan maklumat tersebut perlu dijalankan agar dapat dimanfaatkan oleh semua sama ada para penyelidik mahupun masyarakat.

OBJEKTIF

- 1) Meninjau perkembangan penyelidikan bertunjangkan al-Quran dan Sains di institusi akademik (fasa awalan hanya melibatkan IPTA tertentu sahaja)
- 2) Memetakan bilangan ahli akademik yang terlibat dalam penyelidikan al-Quran dan Sains
- 3) Mengenal pasti tema-tema dan bidang-bidang yang diterokai
- 4) Menghasilkan satu pengkalan data asas penyelidikan yang bertemakan al-Quran dan Sains

DAPATAN

Penyelidikan ini melibatkan tujuh universiti tempatan terpilih iaitu UM, UKM, UPM, USM, USIM, UTM dan UNISZA yang bertemakan al-Quran/Islam dan Sains bermula tahun penyelidikan 2004 sehingga 2014. Data dianalisis mengikut jenis penyelidikan, kluster, bidang, tahun dan bilangan penyelidik mengikut universiti. Dalam tempoh tersebut,

INTRODUCTION

The association or relationship between the Quran and science is often discussed in our society today. Many related material or resources are disclosed to the public and simultaneously places the maudhu' on the Quran and Science as the core of discussions of development of the modern world today. However, the extent to which this positive development achieves specific goals in building science literate Muslim society has yet to be identified. Islamic Science University Malaysia (USIM), Academy of Sciences Malaysia (ASM) and the Institute of Islamic Understanding Malaysia (IKIM) have forged a cooperation to implement the Quran and Science project in accordance with the scope and direction of the institution. Thus, IKIM has taken the initiative to map the expertise and Quran and Science themed research undertaken in Malaysia. the Quran and Science Studies need to be disseminated to the public. Therefore, efforts to collect such information needs to be conducted for the benefit of all be they researchers or the public.

OBJECTIVE

- 1) To review the development of research that are rooted in the Quran and science in academic institutions (the preliminary phase involves only certain universities only)
- 2) To map the number of academics involved in Qur'an and Science research
- 3) To identify the themes and areas explored
- 4) To develop a database of basic research on the theme of the Quran and Science

PENYELIDIKAN RESEARCH

sejumlah 100 penyelidikan telah dijalankan melibatkan pelbagai cabang bidang Sains berteraskan al-Quran/Islam dengan angka yang semakin meningkat tahun demi tahun. Ini menunjukkan bidang Sains Islam di Malaysia mencatat perkembangan positif dengan kesedaran yang tinggi dalam kalangan penyelidik untuk menjalankan penyelidikan yang berkaitan. Kajian yang dilakukan merangkumi pelbagai bidang seperti biologi, kimia, fizik, S&T dan falsafah. Usaha untuk mengintegrasikan Sains dan Islam giat dijalankan melibatkan kerjasama di antara ahli akademik dan penyelidik daripada pelbagai bidang seterusnya dapat menarik minat dan meningkatkan kefahaman masyarakat mengenainya.

PENGESYORAN

Tema berkaitan al-Quran/Islam dan Sains semakin mendapat tempat dan giat diwacanakan dalam pelbagai medium pada hari ini. Penerokaan ilmu Sains perlu sejajar dengan falsafah Islam sebenar agar ia terpandu untuk pembangunan dan kemajuan umat Islam. Usaha yang berterusan perlu diperluaskan dalam memastikan agar bidang tersebut berkembang ke arah mencapai matlamat yang betul. Kini, semakin banyak persidangan, forum dan penyelidikan berkaitan Sains Islam dijalankan oleh institusi pengajian awam dan pusat intelektual. Namun, maklumat berkaitan penyelidikan yang telah atau sedang dijalankan tidak dikumpul, diselaras dan dikemaskini. Ini mungkin akan menyebabkan pertindihan kajian yang akan dilaksanakan. Oleh itu, suatu badan perlu ditubuhkan untuk mengemaskini maklumat secara menyeluruh menggunakan mekanisme pemantauan secara berkala yang disertai oleh para penyelidik.

Usaha untuk mengumpulkan penyelidikan al-Quran/Islam dan Sains ini perlu diteruskan dan dimurnikan dari semasa ke semasa. Pengemaskiniannya bukan hanya bermanfaat untuk para penyelidik sahaja tetapi juga sebagai memenuhi keperluan ilmu umat Islam. Ia merupakan satu nilai tambah kepada masyarakat Islam khususnya untuk mengetahui perkembangan ilmu Sains semasa, dalam ruang lingkup Islam. Diharapkan bidang Sains Islam di Malaysia terus berkembang melalui penyelidikan dan pembangunan seterusnya menjalinkan kerjasama dengan negara Islam yang lain untuk kesedaran masyarakat global. Adalah menjadi suatu harapan agar dengan pengumpulan maklumat sebegini dapat memberi manfaat kepada umat Islam dan pembukuan penyelidikan ini menjadi satu wahana penyampaian yang berkesan kepada para penyelidik khususnya dan masyarakat Islam umumnya. Dimensi yang lebih luas dan mencakup dalam penyelidikan al-Quran/Islam dan Sains juga perlu digarapkan untuk memartabat dan menyemarakkan perkembangan ilmu.

various branches of science based on the Quran / Islam with the number rising year by year. This shows that Islamic Science in Malaysia recorded a positive development with a high awareness among researchers to conduct relevant research. The studies conducted comprised various fields such as biology, chemistry, physics, S & T and philosophy. Concerted efforts to integrate science and Islam were conducted involving collaborations between academics and researchers from various fields so as to attract and educate the public about it.

RECOMMENDATION

The theme on Quran / Islam and Science has gained a place and viable discourse in various media today. Exploration of Science should be in line with the philosophy of true Islam so that it is directed towards the development and progress of Muslims. Continuous efforts should be expanded to ensure that the field evolves towards the right goal. Presently, a growing number of conferences, forums and research on Islamic science are conducted by public institutions and intellectual centres. However, information relating to ongoing or previous research are not collected, coordinated and updated. This may cause duplication of studies to be undertaken. Thus, a body should be established to update the information thoroughly using a monitoring mechanism on a periodical basis participated by researchers.

Efforts to collect Quran / Islam and Science research should be continued and refined from time to time. Its update is not only beneficial for researchers but also it meets the needs of Muslims. It is an added value to the Muslim community in particular for they would be able to keep abreast of the developments of current Science, within the scope of Islam. The field of Islamic Science in Malaysia should continue to grow through research and development and eventually, collaborations with other Islamic countries should be forged for global public awareness. The gathering of such information may be able to benefit Muslims and the bibliophiling of the research turns it as an effective delivery vehicle for researchers in particular and Muslims in general. A wider dimension in the research of al-Quran / Islam and Science should be striven so as to elevate and enhance the development of knowledge.

Usaha bersepadu atasi krisis kelestarian biodiversiti

KRISIS kelestarian biodiversiti adalah isu global yang perlu diberi perhatian sewajarnya bagi menjamin kelangsungan alam sekitar.

Persekitaran biodiversiti adalah satu konsep yang kompleks dan pelbagai. Ia merujuk kepada kepelbagaian hayat yang wujud di alam sekitar, termasuk kepelbagaian genetik, spesies dan ekosistem. Biodiversiti memainkan peranan penting dalam mengekalkan keseimbangan alam sekitar dan menyediakan sumber-sumber kehidupan yang diperlukan manusia.

Salah satu ancaman utama kepada biodiversiti adalah perubahan iklim yang disebabkan oleh aktiviti manusia. Perubahan iklim ini menyebabkan perubahan suhu, pola hujan dan aras permukaan air laut, yang semuanya memberi impak negatif kepada biodiversiti. Selain itu, aktiviti pembangunan manusia seperti pembukaan hutan untuk pertanian dan pembangunan infrastruktur turut memberi ancaman kepada biodiversiti.

Untuk mengatasi krisis kelestarian biodiversiti, usaha bersepadu diperlukan. Ini termasuk usaha untuk melindungi kawasan-kawasan biodiversiti, mengawal perubahan iklim dan meningkatkan kesedaran masyarakat mengenai kepentingan biodiversiti.

Salah satu langkah yang boleh diambil adalah dengan menggalakan penggunaan sumber-sumber alam yang mampan. Ini termasuk menggunakan produk-produk yang dihasilkan daripada sumber-sumber yang boleh diperbaharui dan mengurangkan penggunaan plastik.

Di samping itu, usaha untuk meningkatkan kesedaran masyarakat mengenai kepentingan biodiversiti juga amat penting. Ini boleh dilakukan melalui pendidikan dan kempen-kempen awam.

Ilmu kuasai diri

SUDAH hampir seminggu berlalu dua pilihan raya kecil (PRK) Parlimen di dua buah negeri. Barangkali, kebangkitan politik di kedua-dua kawasan tersebut semakin menyedihkan. Namun, bahang politik di peringkat negara mungkin sebaliknya.

Bagi segelintir anggota masyarakat, perasaan gelisah dan resah dengan permainan politik yang tiada kunjung reda semakin meningkat. Bagi kumpulan masyarakat yang telah atau semakin bertumim arif bahawa suasana politik

adalah sesuatu yang kompleks dan memerlukan pemahaman yang mendalam, mereka mungkin akan melihat situasi ini dengan pandangan yang berbeza. Mereka mungkin akan melihat ini sebagai peluang untuk melihat perubahan dalam sistem politik.

Salah satu faktor yang mungkin memberi impak kepada situasi ini adalah perubahan dalam struktur parti-parti politik. Perubahan ini mungkin akan memberi impak kepada hasil pilihan raya dan seterusnya kepada suasana politik.

Di samping itu, perubahan dalam sikap masyarakat terhadap politik juga mungkin memberi impak. Jika masyarakat semakin matang dalam memahami politik, mereka mungkin akan lebih kritis terhadap permainan politik.

Secara keselarasan, walaupun suasana politik kelihatan resah, mungkin ada peluang untuk melihat perubahan yang positif. Perubahan ini mungkin akan membawa kepada sistem politik yang lebih mampan dan berkeadilan.

Salah satu langkah yang boleh diambil adalah dengan meningkatkan kesedaran masyarakat mengenai kepentingan politik. Ini boleh dilakukan melalui pendidikan dan kempen-kempen awam.

Di samping itu, usaha untuk meningkatkan integriti sistem politik juga amat penting. Ini boleh dilakukan melalui penguatkuasaan undang-undang dan pemantauan masyarakat.

Pengurusan nilai dan nilai untuk wang

Sinar Harian 13/5/2015

Secara lazimnya bila kita buat sesuatu keputusan yang melibatkan kos kita sering mengandungi sesuatu yang berkualiti itu mestilah mahal. Jadi kita biasanya tidak kisah jika perlu bayar lebih untuk mendapatkannya kerana yakin akan manfaat yang bakal diperoleh nanti. Sebaliknya sesuatu yang murah pula sering dikaitkan dengan mutu yang rendah dan bersifat kelas bawahan. Dalam beberapa keadaan yang tertentu persepsi-persepsi sebegini ada kebenarannya.

pastikan manfaat yang bakal diperoleh daripada barangan atau perkhidmatan tadi adalah apa yang kita perlukan sahaja. Dan yang paling penting harga untuk manfaat itu beresesuaian dengan nilai wang yang kita bayar.

Menyeritah tentang konsep *value for money* atau nilai kepada wang, terus terlintas di fikiran penulis tentang banyak kes projek pembangunan yang dilaksanakan di negara ini — seperti yang sering dilaporkan oleh Ketua Audit Negara — yang meningkat komnya

satu bentuk kezaliman yang tidak memberi nilai kepada wang para pembayar cukai kerana hasil titik peluh mereka tidak digunakan dengan sebaik mungkin untuk proses pembangunan negara.

Agak pelik juga bila memikidkan mengapa perkara sebegini saban tahun terus berlaku sedangkan setiap tahun perkara yang sama diulang-ulang oleh Ketua Audit Negara di dalam laporan tahunan.

Lebih menjengkelkan kita ialah apabila ia melibatkan projek-projek yang bernilai puluhan atau ratusan juta ringgit; sedangkan mulai 2009, Unit Perancang Ekonomi (EPU)

sumber (seperti pekerja, masa, tenaga dan bahan) yang optimum tanpa menjejaskan objektif, fungsi dan kualiti projek terbabit. Dengan kata lain, jika pengurusan nilai ini dilakukan dengan betul dari awal perancangan sesuatu projek, ia mampu memberi penjimatan dan meningkatkan nilai untuk wang yang mampu dihasilkan oleh projek tersebut.

Apa pun pengurusan nilai ini melibatkan peranan individu yang melaksanakannya. Jika semua individu di setiap peringkat — baik dari peringkat bawahan hinggalah ke peringkat yang membuat keputusan — yang

Etika pembuatan dari perspektif Islam

Sinar Harian 27/5/2015

Pembuatan atau *manufacturing* ialah satu proses untuk menghasilkan sesuatu produk dan memberi nilai tambah kepada produk tersebut. Proses ini melibatkan konsep 4M iaitu man, machine, material dan method.

Sebagai contoh pembuatan produk-produk berasaskan plastik yang dikenali sebagai *plastic manufacturing*, ia bermula daripada bahan mentah dan akhirnya dapat menghasilkan berbagai-bagai jenis produk berasaskan plastik. Penghasilan ini akan beransur-ansur kerana konsep 4M itu tadi tentu

ditetapkan mesti dipatuhi. Berbagai-bagai nama piawaian yang diperkenalkan/dijadikan. Sebagai contoh MS (Malaysian Standard), JIS (Japanese International Standard), BS (British Standard), ASTM (American Standard Testing Method) serta banyak lagi. Kesemua produk itu tadi akan diuji berdasarkan piawaian-piawaian tersebut.

Banyak ujian yang terlibat dalam piawaian seperti heat reversion test, tensile test, elongation test, acetone test dan lain-lain lagi. Piawaian ini fokus kepada produk

Islam dan piawaian ini? Serta apakah tujuan mengguna pakai etika pembuatan dalam Islam ini?

Bagi memperjelaskan lagi maksud etika pembuatan dalam Islam ini, perkara pertama yang dirasakan perlu ialah kita memberikan definisi terlebih dahulu.

Pengertian etika (etimologi), berasal dari Ethos dalam bahasa Yunani yang bermaksud watak, kesesuaian atau adat kebiasaan (*custom*). Etika juga berkaitan rapat dengan moral. Perkataan moral daripada bahasa Latin pula bermaksud adat kebiasaan atau cara hidup seseorang dengan melakukan perbuatan yang baik (kesusilaan) serta

Nabi Muhammad, yang dalam akidah Islamiah dinyatakan sebagai manusia paling sempurna akhlaqnya.

Daripada tinjauan ke perpustakaan, saya mendapati ada pengilang yang memperkenalkan IMP (Islamic Manufacturing Practice) atau Amalan Pengilangan Islam.

IMP lahir daripada cetusan dan kesedaran untuk mewujudkan satu piawaian halalan *thoyyiba* serta jaringan perniagaan berasaskan hukum-hukum syarak Islam yang melibatkan pengilang, pemborong, penuncur dan pengguna.

IMP tidak hanya tertumpu kepada

Ramadan bulan yang menghidupkan

Sinar Harian 24/6/2015

Tidak dapat dinafikan bahawa pada pertengahan musim, Ramadan merupakan suatu bulan yang melemahkan dan melemahkan. Apa tidaknya, di bulan ini manusia dinafikan salah satu fitrah asasi yang selama ini memperkuatkan jasadnya dan memeruskan kelangsungan kehidupannya, iaitu makanan. Akibat dari penafian ini perut menjadi lapar, badan menjadi lemah dan banyak aktiviti yang perlu dikurangkan.

Ramadan dilihat melemahkan kerana kita hanya melihatnya dari sudut jasmani. Namun hakikat kejadian ALLAH tidak tertakluk kepada hakikat jasmani sahaja. Jika diteliti, manusia sendiri dijadikan Tuhan bukan sekadar sebagai makhluk *jiwariah*.

Berdasarkan ajaran al-Qur'an, manusia merupakan makhluk *dhwi-fitrah* yang dicipta berdasarkan dua unsur, roh dan jasad. Kedua-duanya, walaupun berkait rapat, diciptakan daripada sumber dan unsur yang berbeza.

Jasad diciptakan daripada unsur tanah (*al-Ma'mun* 23:12) dan berasal daripada air mani yang hina (*al-Qiyamah* 75:37), sementara roh merupakan hakikat haqiqi dan tinggi yang ditip terus daripada ALLAH (*al-Sad* 38:72, *al-Hijr* 15:29).

Roh adalah urusan ALLAH (*al-Baq* 2:210).

1785), justeru, hakikat dan rahsia ketinggian hanyalah berada pada ilmi ALLAH. Roh juga menurut al-Quran pernah mengikat persaksian terhadap ketuhanan ALLAH sebelum ia digabungkan bersama dengan jasad dan diturunkan ke dunia ini (*al-Araf* 7:172).

Kedua-dua unsur yang membina manusia ini mempunyai kelebihan dan perlu disempurnakan. Jasad disempurnakan kelebihannya melalui makanan. Justeru, ALLAH menciptakan juga pada manusia *shahwat* yang melaluinya manusia akan tergerak untuk mengisi keperluan jasad.

Sementara roh disempurnakan kelebihannya dengan menerima ilmu, mengingat Tuhan (*zikir*) dan melakukan amalan ibadah sesuai dengan peranan manusia sebagai hamba ALLAH yang harus tunduk kepada ALLAH. Madinat akhir kesempurnaan roh ialah untuk mencapai ketagwaan kepada ALLAH (*al-Hajj* 99:3).

Satu lagi fitrah kejadian yang diciptakan ALLAH berkaitan roh dan jasad ialah kedua-duanya seringkali bertentangan dari segi arah tuju kewujudannya. Roh cenderung untuk 'naik tinggi' untuk menuju Penciptanya. Kedua-dua roh yang tertinggi menurut al-Quran ialah yang kembali kepada Tuhannya

dengan keadaan ia reda kepada Tuhannya dan ia direstui (*al-Fajr* 89:28).

Sementara fitrah jasad akan sentiasa menarik manusia ke bawah sesuai dengan asalnya daripada tanah. Justeru, sekiranya keperluan jasad diberikan secara berlebihan, ia akan memberi kesan terhadap pembinaan roh dalam etikata ia akan melambatkan proses untuk mengisi keperluan roh.

Sehubungan itu, agama Islam mensyorkan umatnya melalui ajaran Rasul untuk mereka berpuasa-pada dalam mengambil makanan. Sebuah hadis menyebut "Kami adalah kaum yang tidak akan makan sehingga kami lapar dan apabila kami makan, kami tidak akan (makan sehingga) kenyang."

Kecintaan manusia terhadap makanan bukanlah satu rahsia. Sehubungan itu, Ramadan merupakan bulan khusus yang ditentukan oleh agama bertujuan mendisiplinkan manusia untuk memperkuatkan dimensi roh mereka.

Maka dengan menjelangnya Ramadan, ia merupakan saat dan ketika yang memberi peluang kepada manusia untuk memperkuatkan dimensi roh mereka yang merupakan hakikat dan terlempi kepada kewujudannya.

Dengan dinafikan hak jasad untuk mendapat kelebihannya buat sementara waktu, ia

sebenarnya memberi ruang kepada roh untuk memperkuatkan kesedaran dan memperkuatkan kelebihannya. Dengan kata lain, lebih kuat roh seseorang akan lebih kuatlah kemanausiaannya. Ramadan adalah bulan yang menghidupkan dan memperkuatkan aspek sebenar manusia.

Kesimpulannya, Ramadan pada hakikatnya adalah bulan yang menghidupkan manusia berdasarkan hakikat berikut:

Pertama, kerana roh manusia adalah hakikat sebenar dirinya. Lebih kuat roh seseorang, lebih hidup zat diri seseorang manusia.

Kedua, memandangkan kecenderungan fitrah roh dan jasad yang kadangkala bertentangan, keterlaksanaan melebihi penguasaan keperluan jasad akan melemahkan roh. Oleh yang demikian, puasa, walaupun memaksa jasad untuk tidak menikmati keperluan biasanya, sebenarnya dalam proses memperkuatkan roh.

Sekiranya ini benar-benar difahami, inshaAllah, Ramadan akan menjadi bulan yang menghidupkan dan menginsankan.

WAWANCARA DI MEDIA

Temuramah di televisyen, radio, akhbar dan majalah amat berkesan untuk menerangkan isu-isu semasa berkenaan Islam. Usaha melalui wawancara di media elektronik dan cetak ini dengan capaian penonton, pendengar dan pembaca yang ramai diharap dapat memperbetulkan salah faham mengenai Islam di samping meningkatkan kefahaman mengenainya dari masa ke semasa. Penjelasan dan hujah ini telah membantu orang ramai memahami isu-isu Islam semasa yang timbul.

Di antara isu-isu yang telah dirungkai oleh para pegawai akademik IKIM ialah pengajaran daripada sambutan Maulidur Rasul, kenaikan kos sara hidup, pluralisme, jihad menurut perspektif Islam, keharmonian antara penganut agama, hudud, waqaf dan pembangunan ummah serta *tekno dae'i*.

Kerjasama baik antara IKIM dan media telah memudahkan usaha-usaha ini dan amat dihargai.

INTERVIEWS IN THE MEDIA

Interviews on television, radio, and the press are highly effective in explaining current issues on Islam. Such efforts in the electronic and print media with a high number of audience, listeners and readers can effectively correct misconceptions held of Islam in addition to enhancing the understanding of the religion from time to time. Explications and reasonings of Islam have helped many to understand current issues on the religion that arise in a much better way.

Among the issues explained by IKIM academicians were the lessons derived from Maulidur Rasul celebrations, the hike in living costs, pluralism, jihad according to the Islamic perspective, harmony among religious adherents, hudud, waqaf, ummah development as well as the role of *techno dae'i*.

The good cooperation that are forged between IKIM and the media has helped to enhance such efforts and is very much appreciated.

RINGKASAN EKSEKUTIF

Tahun ini, seperti tahun-tahun sebelumnya, PPLI meneruskan aktiviti bersandarkan matlamat “Berusaha Ke Arah Pengendalian Aktiviti Perundingan dan Latihan yang Berkualiti Dalam Menambah Kefahaman Islam”.

Sepanjang tahun 2015, PPLI berjaya melaksanakan 25 program merangkumi program perundingan dan program latihan.

Sebanyak 17 program perundingan telah dijalankan sepanjang tahun ini untuk pelanggan-pelanggan baru dan berulang. Pelanggan berulang PPLI terdiri daripada Kementerian Pendidikan Malaysia, Chemi-con (M) Sdn Bhd dan Jabatan Kerja Raya (JKR). Pelanggan baru pula termasuklah Syarikat Afrizan Tarmili Khairul Azhar (AFTAAS), Agensi Kaunseling dan Pengurusan Kredit (AKPK), National Institute of Biotechnology Malaysia (NIBM), Gabungan NGO-NGO Islam Sabah (CONCERN), Agensi Antidadah Kebangsaan (AADK), Akademi Percukaian Malaysia dan Maahad Tahfiz Negeri Pahang.

Untuk program latihan, PPLI berjaya menganjurkan tujuh (7) daripada sembilan (9) program yang dirancang beserta satu (1) program *ad-hoc*. Dua (2) program yang terpaksa dibatalkan mungkin berpunca faktor masa, iaitu penganjuran kedua-dua program tersebut pada hujung tahun (November 2015) ketika mana bajet latihan telahpun susut, ditambah pula dengan faktor kelembapan ekonomi, mengakibatkan aktiviti melatih modal insan bukan lagi menjadi keutamaan para majikan. PPLI justeru mengambil maklum tentang perkara ini dalam penyusunan jadualnya untuk tahun-tahun yang akan datang.

EXECUTIVE SUMMARY

In 2015, PPLI continued its activities based on its mission “To Strive Towards Quality Management of Consultancy and Training Activities in Enhancing the Understanding of Islam”.

Throughout 2015, PPLI successfully conducted 25 programmes that included consultations as well as training.

A total of 17 consultation programmes were conducted in the year for new and repeat customers. PPLI repeat customers comprised the Ministry of Education, Chemi-con (M) Sdn Bhd and the Public Works Department (PWD). New customers also included companies such as Afrizan Tarmili Khairul Azhar (AFTAAS), Counselling and Management Agency (AKPK), National Institute of Biotechnology Malaysia (NIBM), Coalition of Sabah Islamic NGOs (CONCERN), National Anti-Drugs Agency (AADK), the Academy of Taxation Malaysia and Pahang State Maahad Tahfiz.

For training programmes, PPLI successfully organised seven (7) of the nine (9) programmes planned. Two (2) had to be cancelled due to time factor, that is, both were scheduled at year end (November 2015) when the training budget was already used up, and in addition the economic downturn, resulted in activities for human capital no longer remained a priority for employers. PPLI took note of such constraints in its scheduling of future programmes.

LATARBELAKANG

Pusat Media IKIM ditubuhkan setelah Mesyuarat Lembaga Pengarah Bil 1/2013 yang bersidang pada 22 Februari 2013 bersetuju dengan penubuhannya. Ianya diambil susulan daripada usaha menaiktaraf Unit Penerbitan Video menjadi tvIKIM pada 12 Julai 2012 dan kemudiannya bersama Radio Institut Kefahaman Islam Malaysia (IKIMfm) diletakkan di bawah satu bumbung yang dinamakan "Pusat Media IKIM".

(A) IKIMfm

Radio Institut Kefahaman Islam Malaysia (IKIMfm) mula bersiaran sejak 6 Julai 2001 dan kini hampir berusia lima belas tahun bersiaran. IKIMfm terus berperanan menyampaikan kefahaman Islam kepada masyarakat menerusi penerbitan rancangan-ancangan yang berkualiti disamping usaha promosi yang berterusan untuk menarik lebih ramai jumlah pendengarnya.

Unit Penerbitan Rancangan diketuai oleh Tuan Haji Mahathir Shaharuddin selaku Pengurus Rancangan Radio. Dari segi penerbitan rancangan untuk tahun 2015, IKIMfm telah memperkenalkan beberapa rancangan baharu dan menyusun semula rancangan-rancangan sedia ada. Usaha-usaha yang dibuat ini adalah bermatlamatkan dua perkara iaitu (i) mengekalkan pendengar sedia ada dan (ii) menarik pendengar baharu. Pendekatan ini telah berjaya meningkatkan jumlah pendengar untuk beberapa rancangan.

Berikut adalah butir-butir laporan Kajian Nielsen tahun 2015:

- 1) Secara puratanya pendengar IKIMfm untuk sepanjang tahun 2015 lalu ialah seramai 698,000 orang. Ini berdasarkan dua bancian yang dibuat oleh pihak Kajian Nielsen iaitu 658,000 dan 738,000. Bancian ini dikira kurang tepat memandangkan ianya tidak mengambil kira pendengar IKIMfm di Sabah dan Sarawak sedangkan kita mempunyai lima pemancar di sana iaitu di Kota Kinabalu, Lahad Datu, Tawau, Kuching dan Miri. Ia juga tidak termasuk mereka yang mendengar secara dalam talian yang boleh dicapai melalui <http://ikimfm.my> dan juga aplikasi telefon pintar IKIMfm.
- 2) Setiap pendengar IKIMfm mendengar IKIMfm secara purata mendengar selama 9 jam 02 minit pada W2/15 berbanding 8 jam 17 minit pada W1/15. Peningkatan sebanyak 1 jam 15 minit.

BACKGROUND

The IKIM Media Centre was established after the Board of Directors Meeting No. 1/2013, which met on 22 February 2013 agreed with the establishment. The decision was made following the upgrading of the Video Publishing Unit to tvIKIM on 12 July 2012, and together with the Institute of Islamic Understanding Malaysia Radio (IKIMfm), came under the purview of one entity known as "IKIM Media Centre".

(A) IKIMfm

The Institute of Islamic Understanding Malaysia (IKIMfm) Radio has been broadcasting since 6 July 2001 which is almost 15 years to date. IKIMfm continues to play the role of disseminating Islamic understanding to the public through the production of quality programmes in addition to ongoing promotional efforts to attract more listeners.

The Planning production Unit is headed by Tuan Haji Mahathir Shaharuddin as Radio Programme Manager. For 2015 programmes production, IKIMfm introduced several new programmes and restructured current ones. The efforts made were aimed at two factors, namely (i) maintaining current listeners and (ii) attracting new listeners. The approach has been successful in increasing the number of listeners for several shows.

Following are details of the 2015 Nielsen research report:

- 1) On average, IKIMfm listeners for 2015 totalled 698,000. This is based on two surveys conducted by the Nielsen study with results of 658,000 and 738,000 respectively. The surveys were deemed less accurate as it did not take into account IKIMfm listeners in Sabah and Sarawak even though five transmitters are available in Kota Kinabalu, Lahad Datu, Tawau, Kuching and Miri. It also did not include those who tuned in online at <http://ikimfm.my> as well as IKIMfm smartphone applications.
- 2) Each IKIMfm listener tuned in an average of 9 hours 02 minutes at W2 / 15 compared to 8 hours 17 minutes on the W1 / 15. This marks an increase of 1 hour 15 minutes.
- 3) The number of listeners of the adolescent and youth groups (aged 10-39 years) made up more than the 40 and above age group in the total of

PUSAT MEDIA MEDIA CENTRE

- 3) Jumlah pendengar dari kelompok remaja dan belia (usia 10-39 tahun) melebihi kelompok usia 40 ke atas apabila menyumbang jumlah pendengar sebanyak 346,000 bagi usia 10-39 tahun dan 312,000 untuk usia 40 ke atas.
- 4) Kelompok remaja dan belia (usia 10-39 tahun) menunjukkan peningkatan sebanyak 1,000 jika dibandingkan W1 / 15 (345,000). Manakala, kelompok usia 40 ke atas pula menunjukkan penurunan sebanyak 82,000 berbanding W1 / 15 (394,000).
- 5) Manakala kedudukan 10 rancangan terbaik IKIMfm berdasarkan kajian Nielsen Wave 2/2015 berbanding Wave 1/2015 adalah seperti jadual berikut:

346,000 listeners for those aged 10-39 years and 312,000 for those aged 40 and older.

- 4) The adolescent and youth groups (aged 10-39 years) showed an increase of 1,000 compared with W1 / 15 (345,000). Instead, the 40 and above age group showed a decrease of 82,000 compared to W1 / 15 (394,000).
- 5) The ranking of the 10 best IKIMfm programmes based on the Nielsen study of Wave 2/2015 compared with 1/2015 are as follows:

PROGRAM PENGEMBARA MUSLIM

Program pengembara Muslim merupakan program ‘signature’ bagi IKIMfm di mana setiap kali penganjuran, permintaannya amat memberansangkan. Ini kerana melalui program ini para pendengar boleh berkenalan dengan personaliti (dj) IKIMfm yang turut serta. Mereka merasa begitu teruja dapat bersua muka, berkenalan dengan para penyampai IKIMfm yang selama ini mereka hanya mendengar suara sahaja melalui corong-corong radio. Kedua, program Pengembara Muslim IKIMfm juga biasanya akan turut ditemani oleh seorang Ustaz yang akan bertindak sebagai pembimbing dan akan menceritakan tentang sejarah dan pengajaran di setiap lokasi yang dilawati.

Istimewanya juga melalui pengembaraan ini, personaliti IKIMfm yang terbabit akan diminta untuk bertugas melaporkan langsung dari lokasi yang dilawati setiap hari. Apabila pulang ke tanahair, mereka akan menyiapkan dokumentari berbentuk “travelog” pula untuk disiarkan di IKIMfm dan dikongsi dengan khalayak pendengar. Krew tvIKIM yang turut serta pula akan merakam video untuk siaran web tvIKIM dan juga berpotensi untuk dijual bagi siaran stesen televisyen tempatan di suatu masa nanti.

JUALAN IKLAN RADIO PADA TAHUN 2015

Graf di atas menunjukkan Jualan Iklan Radio bagi Tahun 2015. Jumlah jualan pada bulan Januari, Februari dan Mac 2015 iaitu sebanyak RM417,742.55 pada bulan Januari, RM418,200.96 pada bulan Februari manakala RM475,567.81 pada bulan Mac 2015. Walaubagaimanapun, jumlah jualan tahunan bagi ketiga-tiga bulan tersebut menunjukkan peningkatan dan melepasi sasaran berbanding jumlah jualan bulanan pada tahun sebelumnya iaitu pada tahun 2014.

Bermula bulan April sehingga bulan September 2015, Unit Pemasaran IKIMfm merangka dan melaksanakan beberapa strategi dengan mengadakan pelbagai promosi kepada pihak pelanggan. Ianya bertujuan menggalakkan lebih ramai pelanggan baru beriklan di stesen IKIM fm, meraikan pelanggan-pelanggan setia IKIM fm seterusnya menaikkan jualan IKIM. Antara promosi-promosi yang telah dijalankan adalah Promosi 'Buy 1 Free 1' bagi pakej iklan 'Run Of Station' (ROS Package), 'Daily Package' & 'Target Package' manakala pakej-pakej lain seperti pakej diskaun, pakej hujung minggu, pakej malam, pakej 'driving' dan pakej santai. Promosi yang dijalankan telah mendapat sambutan yang baik daripada pihak pelanggan dan berlaku peningkatan jualan iaitu sebanyak RM516,867.45 pada bulan April 2015 manakala jualan pada bulan Mei 2015 sebanyak RM602,735.24.

2015 RADIO ADVERTISING SALES

The graph above shows the Radio Advertising Sales for 2015. Total sales in January, February and March 2015 totalled RM417,742.55 in January, RM418,200.96 in February, while RM475,567.81 in March 2015. However, the total annual sales for the three months showed an increase and exceeded the target compared to the total monthly sales in the previous year in 2014.

Starting from April until September 2015, the IKIMfm Marketing Unit devised and implemented strategies to hold various promotions to clients. It was intended to encourage more new customers to advertise on station, to honour loyal IKIMfm customers and subsequently further increase IKIMfm sales. Among the promotions carried out was the 'Buy 1 Free 1' promotion for the 'Run Of Station' (ROS Package) advertising package, 'Daily Package' and 'Target Package' while other packages such as discount packages, weekend packages, night package, 'driving' package and relaxing package. Promotions conducted were well received by customers and sales increased to RM516,867.45 in April 2015, and RM602,735.24 in May 2015.

Seterusnya, graf di mukasurat 252 menunjukkan jualan tertinggi bagi tahun 2015 adalah pada bulan Jun 2015 iaitu sebanyak RM743,018.10 manakala jumlah jualan kedua tertinggi adalah pada bulan Julai 2015 iaitu sebanyak RM700,375.07. Selain dari tempoh promosi yang masih di jalankan, faktor berlakunya peningkatan jumlah jualan berbanding bulan sebelumnya adalah kerana banyak syarikat-syarikat baru termasuk Syarikat SME, badan kerajaan, korporat mahupun NGO beriklan di IKIMfm pada bulan Ramadhan. Hal ini kerana, Radio IKIMfm merupakan satu-satunya radio yang menyajikan kefahaman Islam kepada para pendengar dengan pelbagai program-program baru yang menarik pada bulan ini. Antaranya drama khas Ramadhan, pengumuman waktu imsak dan berbuka puasa, kapsul-kapsul Ramadhan, Tazkirah Ramadhan dan banyak lagi. Selain mengambil iklan spot selama 30 saat, pihak pemasaran juga memberi peluang kepada para pelanggan untuk menaja pelbagai program-program baru pada bulan ini.

Di samping itu, jualan pada bulan September juga menunjukkan peningkatan sebanyak RM44,905.83 berbanding bulan Ogos iaitu dari RM630,395.92 kepada RM675,301.75. Hal ini kerana, banyak syarikat yang menawarkan dan mempromosikan perkhidmatan korban dan Aqiqah beriklan di Radio IKIMfm bersempena sambutan Hari Raya Aidil Adha. Selain pelanggan berpeluang menaja Program "Lambaian Kaabah" bersempena dengan perayaan besar umat Islam ini, pelanggan juga mengambil slot bual bicara dan juga spot iklan. Jualan pada bulan Oktober dan Disember 2015 tidak menunjukkan banyak perbezaan iaitu masing-masing menunjukkan kadar jualan sebanyak RM531,377.46 dan RM545,208.65, manakala jumlah jualan pada bulan November menunjukkan peningkatan sebanyak RM79,624.26 berbanding bulan sebelumnya berikutan para pelanggan seperti rangkaian tadika atau 'private school' ingin memperkenalkan serta mempromosikan perkhidmatan yang mereka tawarkan kepada para pendengar bagi kemasukan dan pendaftaran pada hujung bulan Disember. Jumlah jualan pada bulan November 2015 adalah sebanyak RM611,001.72. Keseluruhannya, jumlah jualan tahunan pada tahun 2015 adalah sebanyak RM6,867,792.67 (termasuk Cukai Barangan Perkhidmatan). Graf di

Next, the graph on page 252 shows the highest sales for 2015 was in June 2015 totalling RM743,018.10 while sales volume was the second highest in July 2015 totalling RM700,375.07. Apart from the on-going promotion period, an increase in the sales volume compared to the previous month was due to the increasing number of new companies including SME companies, government agencies, corporate and NGOs that advertised on IKIMfm during Ramadhan. The reason is because IKIMfm Radio is the only radio station that provides the understanding of Islam to listeners with a variety of new programmes

during the month. Among the programmes were the special Ramadhan drama, iftar and imsak times announcements, Ramadhan capsules, Tazkirah Ramadhan and many more. In addition to taking advertising spot for 30 seconds, the marketing team also

provided the opportunity for customers to sponsor a variety of new programmes during the month.

Continuing the trend, sales in September also showed an increase of RM44,905.83 compared to August, from RM630,395.92 to RM675,301.75. This could be attributed to the number of companies that offer and promote Korban & Aqiqah services advertised on IKIMfm Radio in conjunction with Hari Raya Aidil Adha. In addition to opportunities for customers to sponsor the "Lambaian Kaabah" programme in conjunction with the auspicious Islamic celebration, customers also took the talk slots and also Advertisement Spots. Sales in October and December 2015 did not show much difference i.e. both indicated the sales rate of RM531,377.46 and RM545,208.65 respectively, while the volume of sales in November showed an increase of RM79,624.26 compared to the previous month as a result of several kindergartens or private schools operators which introduced and promoted the services they offer to listeners as well as for the admission and registration to their establishments at the end of December. Total sales in November 2015 stood at RM611,001.72. Overall, total annual sales in 2015 amounted to RM6,867,792.67 (including Government Service Tax). The graph above shows the total monthly sales from January 2015 to December 2015 vary for each month due to various factors. Among the factors are new customers and sales increase, especially in the months of celebrations such as Hari Raya Aidil Fitri and Hari Raya Aidil Adha (sacrifice).

atas telah menunjukkan jumlah jualan bulanan bermula Januari 2015 sehingga Disember 2015 berbeza pada setiap bulan berikutan pelbagai faktor. Antaranya peningkatan pelanggan baru dan jualan terutamanya pada bulan-bulan perayaan Islam seperti Hari Raya Aidil Fitri dan Hari Raya Aidil Adha (korban). Para pelanggan juga terus melanggan secara konsisten terutamanya jika terdapat promosi pengiklanan ditawarkan oleh bahagian Pemasaran. Walau bagaimanapun, jumlah jualan pada bulan-bulan lain masih menunjukkan peningkatan serta mencapai sasaran daripada bulan yang sama pada tahun sebelumnya.

Alhamdulillah, untuk tahun 2015 IKIMfm masih mampu menunjukkan peningkatan dari segi jualan iklan, walaupun rakan-rakan radio komersil lain menunjukkan penurunan yang ketara. Untuk tahun 2016, Unit Pemasaran dijangka menghadapi cabaran yang getir selain disebabkan oleh faktor ekonomi negara dan global yang agak suram, tetapi juga kerana peruntukan masa yang dibenarkan oleh pihak Suruhanjaya Komunikasi dan Multimedia Malaysia (SKMM) untuk slot iklan "jingle" tidak melebihi sepuluh minit setiap jam sudah pun penuh.

(b) tvIKIM

Bahagian tvIKIM diketuai oleh Encik Mohd. Hafidz Mansor selaku Pengurus Kanan tvIKIM. IKIM mula mengenegahkan produk kefahaman islam dalam bentuk audio visual mulai 12 Julai 2012, dengan memperkenalkan Internet tv, tvIKIM. Sehingga kini pendekatan kefahaman islam melalui teknologi semasa ini telah berjaya menarik sejumlah tontonan menerusi pelbagai rancangan audio visual yang disiarkan menerusi laman sesawang www.tvikim.my. Peningkatan jumlah tontonan ini dijana melalui usaha dan promosi yang berterusan melalui pelbagai saluran media sosial. Fanpage facebook di URL <http://www.facebook.com/tvIKIM> bagi tahun 2015 mencatatkan sejumlah 25,557 berbanding 5,777 like pada tahun 2014.

tvIKIM senantiasa dalam proses mempelbagaikan penerbitan rancangan, cara penyampaian serta memperkenalkan teknologi capaian semasa yang lebih mesra pengguna. Tahun 2015 memperlihatkan pelbagai pendekatan serta strategi yang digunakan bagi meningkatkan tontonan.

Customers also continued to subscribe consistently, especially when advertising promotions were offered by Marketing. However, the number of sales in other months still showed an increase and reached the target from the same months of the previous year.

Alhamdulillah, in 2015, IKIMfm continued to show an improvement in terms of advertising sales, even though other commercial radios showed significant decline. For 2016, the Marketing Unit is expected to face a formidable challenge not only as a result of a rather bleak national and global economy, but also the allocation of time allowed by the Malaysian Communications and Multimedia Commission (MCMC) for "jingle" ad slots which do not exceed ten minutes each hour is already full.

(b) tvIKIM

tvIKIM Division is headed by Mr. Mohd. Hafiz Mansor as tvIKIM Senior Manager. IKIM started to focus on products of the understanding of Islam in the form of audio-visual since 12 July 2012, with the introduction of Internet tv, the tvIKIM. To date, the Islamic understanding approach through current technology has attracted a number of

views through various audio-visual programmes shown on www.tvikim.my. The increase in the number of views had been generated through continuous efforts and promotions through various social media channels. Facebook fanpage at URL [http://](http://www.facebook.com/tvIKIM)

www.facebook.com/tvIKIM for 2015 recorded a total of 25,557 likes compared to 5,777 in 2014.

tvIKIM is always in the process of diversifying its programmes, methods of delivery and introducing current access technologies that are more user-friendly. Indeed, 2015 shows various approaches and strategies used to increase its volume of audience.
