GAGASAN MEMAHAMI ISLAM MEMBINA PERADABAN
ASPIRATION OF UNDERSTAND ISLAM BUILD CIVILISATION

MEMAHAMI ISLAM

Sebagai agama fitrah, Islam sesuai untuk semua manusia di muka bumi ini. Quran mengemukakan tiga prinsip utama dalam menyusun dan membina peradaban iaitu kebenaran, keadilan dan kasih sayang. Penghayatan prinsip-prinsip ini akan melahirkan masyarakat yang hidup sejahtera, harmoni dan saling hormat menghormati. Islam juga harus difahami sebagai agama (*al-din*) yang mendidik dan bukan semata-mata menghukum.

MEMBINA PERADABAN

Membina peradaban umat manusia merupakan wawasan besar yang wajib didokong oleh semua pihak. Peradaban akan terbentuk melalui ilmu pengetahuan yang dihayati sepenuhnya. Ilmu yang benar akan memajukan masyarakat dalam semua bidang kehidupan.

IKIM akan terus komited menyampaikan ilmu pengetahuan melalui perbincangan ilmiah dari semasa ke semasa dari pelbagai sudut seperti sosiobudaya, ekonomi, politik, perundangan, hubungan antara agama, alam sekitar serta sains dan teknologi.

UNDERSTAND ISLAM

Being a religion which is in harmony with human nature, Islam is suitable for all men. The Quran puts forth three main principles in structuring and building civilisation i.e., truth, justice and affection. Realising these principles will bear a society living in prosperity, harmony and mutual respect. Islam has to be understood as a religion (*al-din*) that educates rather than one that merely punishes.

BUILD CIVILISATION

Building human civilisation is a lofty vision that has to be shouldered by all quarters. Civilisation will be shaped through knowledge that is entirely internalised. True knowledge will advance society in all fields of life.

IKIM will continue to be committed to conveying knowledge through academic discussions from time to time from various aspects such as socioculture, economics, politics, legislation, inter-religious relations, environment as well as science and technology.

LATAR BELAKANG

Pusat Kajian Ekonomi dan Kemasyarakatan atau ringkasnya EMAS merupakan salah satu daripada tiga buah pusat akademik yang terdapat di Institut Kefahaman Islam Malaysia (IKIM). Sebelum dikenali sebagai pusat EMAS yang memberi tumpuan dalam bidang ekonomi dan kemasyarakatan, ia merupakan sebuah pusat akademik yang turut memfokuskan penyelidikan dalam bidang sains dan teknologi. Bagaimanapun pada 2004, IKIM telah menstruktur semula pusat ini dengan mengeluarkan bahagian yang berkaitan dengan sains dan teknologi tersebut untuk dijadikan sebagai pusat yang berasingan. Oleh itu, mulai 1 Februari 2004, pusat ini dikenali sebagai Pusat Ekonomi dan Kajian Sosial. Bagaimanapun selepas penjenamaan semula yang dilakukan oleh IKIM pada 2010, pusat ini mula dikenali dengan namanya sekarang iaitu Pusat Kajian Ekonomi dan Kemasyarakatan.

Tumpuan dan Luasan Kajian:
- Ekonomi
- Kewangan
- Pengurusan
- Pendidikan
- Hubungan Antara Penganut Agama
- Kesihatan Mental
- Belia dan Isu Kemasyarakatan

BACKGROUND

The Centre for Economics and Social Studies, or its Malay acronym, EMAS, is one of three academic centres at the Institute of Islamic Understanding Malaysia (IKIM). Prior to the name change to EMAS which gives focus on the fields of economics and social sciences, it used to be an academic centre that focussed on research in the fields of science and technology as well. In 2004, IKIM underwent a restructuring where the fields of science and technology were removed from the centre so that it would be placed to a centre of its own. Thus, on 1 February 2004, the centre formally acuired its name as Centre of Economy and Social Studies. However, upon a rebranding exercise by IKIM in 2010, the centre is formally known by its present name, Centre for Economics and Social Studies.

Focus and Scope of Research:
- Economics
- Finance
- Management
- Education
- Inter-Religious Relations
- Mental Health
- Youth and Societal Issues

PUSAT KAJIAN SYARIAH, UNDANG-UNDANG & POLITIK (SYARAK)
CENTRE FOR THE STUDY OF SHARIAH, LAW & POLITICS

LATAR BELAKANG

Menelusuri sejarah penubuhannya, iaitu pada tahun 1992, Pusat SYARAK bermula dengan Unit Syariah dan Undang-Undang dan kemudiannya ditukar kepada Pusat Syariah, Undang-Undang dan Sains Politik pada tahun 2001. Dengan matlamat memenuhi keperluan semasa dan cabang ilmu yang luas selain memperluas skop penyelidikan agar mencakupi kajian akademik yang menyeluruh sifatnya, perubahan nama Pusat sekali lagi dilakukan, iaitu pada 1 Januari 2010, iaitu sebagai Pusat Kajian Syariah, Undang-Undang dan Politik atau ringkasnya dikenali sebagai SYARAK. Menyedari kepentingan bidang bitara khusus bagi memastikan aktiviti dan sumbangan yang diberikan memenuhi keperluan semasa masyarakat, Maqasid al-Syari'ah dipilih sebagai bidang bitara Pusat SYARAK. Sehubungan itu, seminar yang dianjurkan bertemakan isu-isu berkaitan dengan Maqasid al-Syari`ah dalam segenap bidang terutamanya, pendidikan, ekonomi, siasah, dan perundangan. Demikian juga dengan aktiviti penyelidikan yang dijalankan oleh kakitangan akademik Pusat ini yang turut diasaskan pada kerangka dan tema yang sama.

Tumpuan dan Luasan Kajian:

- Undang-undang dan Syariah
- Sejarah, Falsafah dan Undang-undang Perbandingan
- Politik dan Hubungan Antarabangsa

BACKGROUND

Since its establishment in 1992, SYARAK began as Shariah and Law Unit after which it had a name change to Centre of Shariah, Law & Political Science in 2001. With its objectives of fulfilling current needs and a wide branch of knowledge as well as widening its research scope to encompass academic studies that are holistic in nature, the Centre had another name change on 1 January 2010, to Centre for the Study of Shariah, Law & Politics, or briefly, SYARAK. Realising the importance of a specialised area to ensure the activities and contributions it provides fulfil the needs of the present society, Maqasid al-Shariah has been chosen as the area of specialisation of SYARAK. Thus, seminars conducted by SYARAK carry the theme of issues related to Maqasid al-Shariah in all fields in particular, education, economy, politics and legislation. Similarly, research activities conducted by academic staff of SYARAK are also based on the same framework and theme.

Focus and Study Scope:

PUSAT PERUNDINGAN & LATIHAN IKIM (PPLI)
CENTRE FOR CONSULTANCY & TRAINING IKIM

LATAR BELAKANG

Bagi memperluaskan aktiviti IKIM, Pusat Perundingan dan Latihan IKIM (PPLI) telah ditubuhkan pada tahun 2000. Ia ditubuhkan khususnya bagi memenuhi permintaan organisasi luar yang mahu IKIM menyediakan modul latihan, dan seterusnya melatih warga kerja mereka dengan nilai-nilai murni Islam. Kini, PPLI beroperasi dengan misi, "Berusaha Ke Arah Pengendalian Aktiviti Perundingan Dan Latihan Yang Berkualiti Dalam Menambah Kefahaman Islam". PPLI menawarkan khidmat perundingan dan latihan kepada organisasi yang berminat, sama ada kerajaan mahupun swasta. Di masa yang sama, PPLI juga menganjurkan program-program latihan untuk masyarakat umum. Diharapkan, melalui program-program latihan ini, kefahaman Islam dapat ditingkatkan dan kekeliruan mengenai Islam dapat diminimakan. Dengan kefahaman Islam yang sebenar, potensi diri insan akan terserlah dan ini akan menjadi faktor pendorong kepada kecemerlangan diri, keluarga, organisasi dan ummah.

PERKHIDMATAN LATIHAN & PERUNDINGAN

Modul latihan PPLI terbahagi kepada empat (4) jenis:

i. Modul Latihan Karya Asli: Modul yang dibina sendiri oleh PPLI dengan idea asal yang terbit dari IKIM.
ii. Modul Latihan Umum: Modul umum yang dianjurkan oleh PPLI di mana pengisinya mungkin terdiri dari pakar dari IKIM dan pakar luar.
iii. Modul Latihan Bersama Perunding Luar: Modul yang dianjurkan oleh IKIM tetapi menggunakan khidmat Perunding Luar sepenuhnya.
iv. Modul Latihan Kerjasama Rakan Pintar: Modul yang dianjurkan secara bersama oleh PPLI dan Perunding Luar yang mempunyai matlamat yang sama.

BACKGROUND

To expand the activities of IKIM, IKIM Centre for Consultancy & Training (PPLI) was established in 2000. Its establishment was specifically to meet the needs of external organisations which required IKIM to prepare training modules, and subsequently train their staff with pure Islamic values. Currently, PPLI operates on the mission, "To strive towards the management of quality consultancy and training activities in enhancing Islamic understanding". PPLI offers consultancy and training services to interested organisations, be they public or private. At the same time, PPLI also organises training programmes for the general public. It is hoped that such training programmes could enhance Islamic understanding while misconceptions on it could be minimised. With true Islamic understanding, the potential of individuals may be revealed and this could be the motivating factor for self-excellence, family, organisation and the ummah.

CONSULTANCY & TRAINING SERVICES PPLI

Training Modules are divided into four (4) kinds:

i. Original Training Modules developed by PPLI with original ideas by IKIM.
ii. General Training Modules organised by PPLI with experienced trainers either from within or outside IKIM.
iii. Training Modules in cooperation with external consultants organised by IKIM with full services provided by external consultants.
iv. Training Modules in smart partnerships co-organised by both PPLI and external consultants whose objectives are similar.

KAJIAN TADABBUR QURAN MELALUI SAINS DALAM LANGKAH MENINGKATKAN LITERASI SAINS DI KALANGAN MASYARAKAT ISLAM

PENGENALAN

Quran mengandungi lebih daripada 750 ayat mengenai pelbagai fenomena semula jadi yang tidak difahami dengan jelas apabila diturunkan lebih 1400 tahun yang lalu. Fenomena alam ini hanya dapat difahami apabila peningkatan ilmu pengetahuan manusia dan kebolehan manusia mencerap dengan lebih baik dibantu oleh peralatan yang moden dan canggih seiring dengan peredaran zaman. Hasil penemuan santifik ini didapati selaras dengan fenomena alam yang dinyatakan di dalam Quran, melalui proses tadabbur. Quran seperti yang dilihat oleh beberapa sarjana terkenal sebagai tempat simpanan yang kaya dengan ilmu sains. Walau bagaimanapun, ia bukanlah sebuah buku mengenai sains, tetapi ia mengandungi banyak fakta saintifik yang dinyatakan secara sangat tepat dan mendalam yang boleh difahami dan dibuktikan dengan pembangunan sains dan teknologi pada masa kini. Sekali gus, ilmu sains & teknologi moden kini dapat menghuraikan ayat-ayat kauniyyah yang terdapat dalam Quran dan seterusnya membantu masyarakat dalam memahami makna sebenarnya.

Projek ini bertujuan untuk menterjemahkan dapatan saintifik mecakupi pelbagai konteks kehidupan dengan makna yang terkandung dalam ayat-ayat Quran, agar ianya lebih dekat dengan mayarakat serta menjadikan proses tadabbur Quran sebagai satu budaya dan amalam masyarakat Islam di Malaysia bagi mencapai kesejahteraan di dunia dan akhirat. Dapatan kajian akan dikongsi bersama masyarakat Islam, ke dalam bentuk kertas kerja akademik, ceramah radio, bahan-bahan tazkirah, video dokumentari dan program kemasyarakatan untuk meningkatkan kefahaman masyarakat Islam tentang ilmu sains dan Quran.

OBJEKTIF

1. Mengumpul input-input berkaitan pelbagai topik sains dan Quran.
2. Menganalisis dan menterjemahkan dapatan saintifik mecakupi pelbagai konteks kehidupan dengan makna yang terkandung dalam ayat-ayat Quran.

A STUDY ON TADABBUR OF THE QURAN THROUGH SCIENCE TO ENHANCE SCIENCE LITERACY AMONG MUSLIMS

INTRODUCTION

The Quran has more than 750 verses on various natural phenomena that are not clearly understood when revealed over 1400 years ago. Such a natural phenomenon can only be understood with the increase of human knowledge and human abilities to perceive better and assisted by modern and sophisticated equipment in line with the times. The scientific findings are consistent with the natural phenomenon described in the Quran, through the process of *tadabbur*. The Quran is seen by some renowned scholars as a repository of science knowledge. However, it is not a book about science, but has many scientific facts that are expressed very accurately and in depth that can be understood and proven with the development of science and technology nowadays. Simultaneously, modern science and technology can now describe *kauniyyah* revelations found in the Quran and in turn help the public to understand the true meaning.

The project aims at translating scientific findings that include various contexts of life with meanings within the Quranic verses, so that it is closer to the society and makes the process of Quranic *tadabbur* as a culture and practise among Muslims in Malaysia in order to achieve prosperity in the world and the hereafter. The findings will be shared with the Muslim community, in the form of academic papers, radio talks, tazkirah materials, video documentaries and social programmes to improve the Muslim public understanding of science and the Quran.

OBJECTIVES

1. To gather input on the various topics related to science and the Quran.
2. To analyse and interpret scientific findings that include various contexts of life with meanings within the verses of the Quran.

PENGKAYAAN NILAI-NILAI ISLAM DALAM ASPEK PENDIDIKAN, GAVERNAN DAN ISU-ISU KELESTARIAN ALAM SEKITAR

PENGENALAN

Krisis berkaitan alam sekitar telah lama diperkatakan, dan perhatian yang diberikan terhadap krisis ini kelihatannya lebih serius sejak beberapa dekad yang lalu, contohnya fenomena perubahan iklim dunia (*global climate change*). Masalah yang berkaitan dengan alam sekitar seperti pencemaran air, udara dan tanah serta eksploitasi yang keterlaluan terhadap sumber bumi telah mengakibatkan ketidakseimbangan terhadap alam yang kita diami ini, sehingga permasalahan ini bukan lagi terbatas kepada perbincangan akademik di kalangan para sarjana dan pencinta alam sahaja, namun ianya juga telah melibatkan golongan politik, korporat, saintis, teknologis, idealis, aktivis masyarakat dan sebagainya. Sesungguhnya isu alam sekitar telah menjadi agenda penting sepanjang beberapa dekad yang lalu dan akan terus menjadi isu utama kehidupan manusia.

Namun demikian, perbahasan di kalangan umat Islam amat terbatas biarpun Islam telah menggariskan asas yang begitu kukuh mengenai konsep Alam Tabii terutamanya menerusi sains kosmologi. Sebagai agama yang syumul, Islam mempunyai perspektif, pendekatan dan kaedah penyelesaiannya yang tersendiri dalam menghadapi krisis alam sekitar. Perspektif Islam yang berdasarkan ajaran tawhid telah memperincikan akan kedudukan dan peranan manusia sebagai khalifah yang memakmurkan bumi ini.

Projek ini bertujuan untuk menterjemahkan dapatan nilai-nilai Islam dalam konteks pengurusan dan etika alam sekitar *(environmental ethics and governance*) ke dalam bentuk kertas kerja akademik, ceramah radio, bahan-bahan tazkirah, video dokumentari dan program kemasyarakatan melalui kerjasama rapat dengan pihak berkepentingan, universiti dan organisasi bukan kerajaan (NGO).

ENRICHMENT OF ISLAMIC VALUES IN EDUCATIONAL ASPECTS, GOVERNANCE AND ENVIRONMENTAL SUSTAINABILITY ISSUES

INTRODUCTION

Environmental crisis has long been talked about, and the attention given seems to be more serious in recent decades, for example the global climate change phenomenon. Problems related to the environment such as the pollutions of water, air and land as well as extreme exploitation of the earth's resources have led to an imbalance of the planet that we live in, such that the problem is no longer confined to academic discussions among scholars and nature lovers only, but also involves political and corporate groups, scientists, technologists, idealists, social activists and others. Indeed, environmental issues have become an important agenda during the last few decades and will continue to be the main issues of human life.

Nevertheless, the debate among Muslims has been very limited, even though Islam has laid down solid foundations on the concept of the Natural Environment, particularly through cosmological science. As a holistic religion, Islam has a perspective, approach and methods of solution of its own in the face of environmental crisis. The Islamic perspective which is based on the teachings of tawhid has detailed the position and role of man as caliph who meaningfully utilises the earth.

The project aims at translating the findings of Islamic values in the context of environmental ethics and governance in the form of academic papers, radio talks, tazkirah materials, video documentaries and social programmes in close collaboration with stakeholders, universities and non-governmental organisations (NGOs).

KERANGKA GARIS PANDUAN FIQH TERHADAP PELAKSANAAN ARAHAN PERUBATAN AWAL (AMD)

PENGENALAN

Arahan Perubatan Awal atau *Advance Medical Directive* (AMD) mendapat perhatian apabila akhbar *The Star* pada 8 Disember 2014 memuatkan beberapa artikel mengenainya. Ia menyebut bahawa AMD adalah satu langkah proaktif oleh seseorang individu dalam membantu waris pesakit membuat keputusan perubatannya dalam keadaan individu tersebut kehilangan keupayaan untuk membuat keputusannya sendiri.

Perbincangan ilmiah mengenai AMD di negara-negara maju sudah berjalan semenjak tahun 1980-an sehingga membawa kepada pembentukan undang-undang khusus bagi mengawal selia isu ini. Di Malaysia, perbincangan mengenai AMD masih di peringkat awal. Kesedaran dalam kalangan masyarakat mengenai AMD juga masih berada pada tahap yang rendah. Atas sebab itu, belum ada garis panduan yang khusus baik dari sudut agama, etika atau perundangan mengenai AMD.

Atas dasar ini, Institut Kefahaman Islam Malaysia (IKIM) telah menganjurkan Muzakarah Pakar "Bioetika Islami Mengenai Isu *Advance Medical Directive* (AMD)" pada 7 April 2015 bagi tujuan mengenal pasti isu-isu berkaitan AMD bagi mencadangkan input polisi yang sesuai kepada pihak-pihak berkepentingan seperti Kementerian Kesihatan Malaysia, Majlis Perubatan Malaysisa (MMC) dan masyarakat secara keseluruhannya. Pelbagai isu berjaya dikenalpasti: (1) batasan autonomi pesakit, (2) hierarki hak pembuat keputusan, dan (3) keupayaan mental pesakit dalam membuat keputusan. Berdasarkan muzakarah ini, kajian lanjut perlu dibuat dengan hasrat garis panduan Islam dalam dirangka supaya AMD dapat dilaksanakan bersesuaian dengan kerangka syarak.

FRAMEWORK ON FIQH GUIDELINES IN THE IMPLEMENTATION OF ADVANCE MEDICAL DIRECTIVE (AMD)

INTRODUCTION

Advance Medical Directive (AMD) gained attention when *The Star* on 8 December 2014 accommodated several articles on it. It mentioned that AMD in a proactive approach by an individual in helping family members of patient in making medical decisions when an individual loses the ability to make his own decisions.

Academic discussions on AMD in developed countries have been held since the 1980s, leading to the formation of specific laws to regulate this issue. In Malaysia, discussions on AMD are still in the early stages. Awareness among the public about AMD IS also low. For that reason, there are no specific guidelines on AMD from religious, ethical or legal perspective.

As such, the Institute of Islamic Understanding Malaysia (IKIM) organised an Expert Consultation on "Islamic Bioethics on the issue of Advance Medical Directive (AMD)" on 7 April 2015 for the purpose of identifying issues related to AMD to propose input policy that applies to the stakeholders such as the Ministry of Health, Malaysia Medical Council (MMC) and society as a whole. Various issues were identified: (1) limitation of patient autonomy, (2) the hierarchy of decision-makers, and (3) the ability of mental patients in decision making. Based on the consultation, further research needs to be conducted with the intention of Islam in the guidelines drawn up so that the AMD can be carried out in accordance with the framework of the Shariah.

TINJAUAN ETIKA KEPIMPINAN DALAM TRADISI KETENTERAAN ISLAM

PENGENALAN

Penyelidikan yang dijalankan ini diasaskan pada teori bahawa terdapat tradisi klasik ketenteraan Islam yang berkaitan dengan prinsip al-Syarīʿah dan Maqāṣid al-Syarīʿah. Penyelidikan yang dijalankan mengkaji pelbagai sumber tentang peperangan, urustadbir, dan kepimpinan tentera dalam tradisi klasik Islam. Kajian ini berusaha melihat sejarah perkembangan teknologi, teknik-teknik latihan ketenteraan dan juga kepimpinan Islam di masa terdahulu yang berjaya membuahkan kejayaan sebagaimana tercatat dalam sejarah bagi melihat teori dan amalan terbaik (*best practices*) yang boleh diterap dan disesuaikan pada masa kini.

Idea kajian ini dicetuskan berdasarkan pengetahuan bahawa doktrin ketenteraan moden dan seni peperangan (*art of war*) tidak wujud secara tiba-tiba, bahkan ia ada perkembangan ribuan tahun falsafah, sejarah peradaban, dan pengalaman manusia. Contoh yang paling dekat ialah penerapan dari karya silam seperti *Sūnzǐ bīngfǎ* karya Sun Tzu, *On War* karya Carl von Clausewitz, dan *The Prince* karya Niccolò Machiavelli.

Para Orientalis dan ahli-ahli arkeologi Barat telah memainkan peranan penting dalam pembentukan falsafah peperangan di Barat. Mereka giat mengkaji peradaban masa silam dan juga sumber-sumber dalam kebudayaan-kebudayaan lain. Dari ilmu yang diperolehi dari pengkajian tersebut, kemudiannya diajar sebagai sejarah peperangan di institusi pengajian tinggi dan akademi-akademi ketenteraan. Persoalan yang kini timbul adalah apakah Muslim juga mempunyai tradisi yang menandingi tradisi-tradisi ketenteraan dalam kebudayaan dan peradaban lain? Ini sudah tentu melihatkan sejarah panjang kegemilangan empayar Islam yang melibatkan penaklukan dan tindakan-tindakan ketenteraan. Kajian ini berusaha untuk menggali tradisi ketenteraan Islam dari sumber-sumber primer dan sekunder.

Kajian ini juga dilaksanakan berasaskan premis bahawa Kaum Muslimin telah terputus dari tradisi ketenteraan Islam, dan ini menjadi salah satu dari faktor-faktor penyumbang masalah kepimpinan,

REVIEW OF ETHICAL LEADERSHIP IN THE MILITARY TRADITION OF ISLAM

INTRODUCTION

The research is based on the theory that there is a tradition of classical Islamic military connection with al-Shari'ah principles and Maqasid al-Shari'ah. The research carried out examined various sources on wars, governance, and the military leadership in the classical tradition of Islam. This study attempted to look at the history of technological development, military training techniques as well as leadership of Islam in the past that have yielded success as recorded in the history that looked at the theory and best practices (best practices) that can be applied and adapted in the present.

The idea of this study was triggered by the knowledge that the modern military doctrine and the art of war would not exist immediately, rather was is the development of thousands of years of philosophy, history, civilisation, and human experience. The closest example is the implementation of the work of the past such as western *Sunzi bīngfǎ* by Sun Tzu, *On War* by Carl von Clausewitz, and *The Prince* by Niccolò Machiavelli.

Orientalists and archaeologists had been instrumental in the formation of the philosophy of war in the West. They had actively studied past civilisations as well as resources in other cultures. The knowledge gained from these studies, were then taught as the history of warfare in higher education institutions and military academies. The question that now arises is whether the Muslim tradition also has a rival military traditions in other cultures and civilisations? This of course shows a long history of the glory of the Islamic empire involving conquests and military actions. This study seeks to explore the military traditions of Islam from primary sources and secondary. This study was conducted based on the premise that the Muslims have been cut off from the military tradition of Islam, and this has become one of the contributing factors of leadership problems, problems of governance, problems of confusion of authority, and also the problem of violence (terrorism) committed in the name of religion as Islamic State (IS), the Islamic State of Iraq and Syria (ISIS) or Islamic State of Iraq and the Levant (ISIL),

MODUL KEPIMPINAN

PENGENALAN

Sudah banyak terdapat modul latihan kepimpinan dalam pasaran, begitu juga modul latihan kepimpinan Islam. Justeru, modul latihan kepimpinan Islam yang akan ditawarkan oleh IKIM perlulah mempunyai kelainan dengan memberikan penekanan yang unik kepada buah fikir yang asli dan bukan sekadar menokok-tambah idea-idea konvensional mengenai kepimpinan. Justeru, adalah dicadangkan agar penekanan diberikan kepada konsep "ELEMEN KEPIMPINAN", "AMANAH" dan "MAQASID SYARIAH" berserta kajian kes dan model kepimpinan yang berkesan.

OBJEKTIF

- Menghuraikan takrifan berkaitan kepimpinan Islam
- Memahami hubungan kepimpinan dan amanah
- Menjelaskan matlamat kepimpinan dalam Islam

SASARAN

Islam memiliki kefahaman yang unik tentang elemen kepimpinan, yang diistilahkan *imamah*, *imarah*, *riyasah*, *siyadah*, *qiyadah* dan yang seumpamanya. Justeru kepimpinan adalah amanah yang perlu ditunaikan dengan penuh integriti dalam konteks matlamat maqasid syariah. Satu daripada kajian kes dan model kepimpinan berkesan ada digariskan oleh Imam Ghazali dalam kitabnya *Nasihatul Mulk*.

PENGESYORAN

1. Kepimpinan perlu memahami dan menghayati "elemen-elemen" semantik Islam.
2. Kepimpinan harus sentiasa diinsafkan dengan faham amanah dan integriti moral.
3. Matlamat kepimpinan mesti dikaitkan dengan Maqasid Syariah.
4. Model kepimpinan perlu memanfaatkan karya-karya agung tamadun Islam seperti *Nasihatul Mulk.*

LEADERSHIP MODULE

INTRODUCTION

There have been many leadership training modules in the market, as well as Islamic leadership training module. Hence, the Islamic leadership training modules that will be offered by IKIM must have a difference with a unique emphasis on the originality and not merely adding to conventional ideas about leadership. Hence, it is suggested that the emphasis is on the concept of "ELEMENTS OF LEADERSHIP", "TRUST" and "MAQASID SHARIAH" along with case studies and models of effective leadership.

OBJECTIVES

- To describe the relevant definitions of Islamic leadership
- To understand the relationship between leadership and trust
- To explain the goal of leadership in Islam

TARGET FINDINGS

Islam has a unique understanding of the leadership element, termed the *imamah, imarah, riyasah, siyadah, Qiyadah* and the like. As leadership is a trust that must be fulfilled with integrity in the context of Islamic Maqasid goal. One of the case studies and models of effective leadership are outlined by Imam Ghazali in his book *Nasihatul Mulk*.

RECOMMENDATIONS

1. Leadership needs to understand and embrace the "elements" of Islamic semantics.
2. Leadership must always be convinced with the concept of trust and moral integrity.
3. Leadership goal must be attributed to the leadership of Maqasid Shariah.
4. The model of leadership must take advantage of the great works of Islamic civilisation as *Nasihatul Mulk*.

KAJIAN PENGHARMONIAN UNDANG-UNDANG

PENGENALAN

Terdapat prinsip-prinsip dan peruntukan-peruntukan dalam undang-undang bertulis yang tidak menepati konsep keadilan sebenar dan tidak selaras dengan ajaran Islam. Justeru, kajian ini dijalankan dengan tujuan untuk mendapatkan input daripada pakar dalam bidang undang-undang berkaitan tentang ketidakselarasan undang-undang tersebut dengan prinsip-prinsip Islam dan juga mengemukakan cadangan penambahbaikan kepada peruntukan yang berkenaan bagi menjadikan ianya bersifat lebih adil dan menepati prinsip-prinsip Islam.

OBJEKTIF

1. Menentukan hala tuju proses pengharmonian undang-undang.
2. Mengenal pasti bidang-bidang dan undang-undang bertulis tertentu yang memerlukan pengharmonian.
3. Mengatasi masalah yang sudah berakar dalam sistem undang-undang bertulis yang sedang diterima pakai dalam perundangan kita.
4. Memberikan cadangan penyelesaian masalah perundangan.
5. Memperkukuhkan undang-undang dan sistem perundangan Malaysia.

SASARAN DAPATAN

1. Pengertian “paksaan” mengikut prinsip Syariah adalah lebih lebar dari skop Seksyen 15 Akta Kontrak.
2. Konsep pengaruh kurang wajar dalam Syariah adalah lebih luas daripada skop Seksyen 16.
3. Art 1 CRC telah mendefinisikan kanak-kanak sebagai sesiapa di bawah umur 18 tahun tetapi negeri-negeri yang menandatangani CRC boleh memberi definisi lain.

A STUDY ON HARMONISING THE LAW

INTRODUCTION

There are principles and provisions in statutory laws that do not meet the concept of true justice and are not in line with Islamic teachings. Hence, this study was undertaken with a view to obtaining input from experts in the field of law related to the inconsistency of the legislation with Islamic principles and also proposing improvements to the relevant provisions in order to make it be more just and conform to the principles of Islam.

OBJECTIVES

1. To determine the direction of the process of harmonisation of legislation.
2. To identify areas and specific statutory laws that require harmonisation.
3. To solve problems that are already rooted in the statutory legal system that is being used in our legislation.
4. To provide a recommendation of solution to legal problems.
5. To strengthen the law and the Malaysian legal system.

TARGE FINDINGS

1. The definition of "coercion" in accordance with the principles of Shariah is wider than the scope of Section 15 of the Contracts Act.
2. The concept of influence in Shariah is broader than the scope of Section 16.
3. Art 1 CRC defines a child as anyone under the age of 18 but the states that signed the CRC can give another definition.

PENGESYORAN

1. Seksyen tersebut dipinda agar ia dapat meliputi segala jenis paksaan yang memungkinkan terjejasnya persetujuan bersama. Ini termasuklah paksaan yang tidak menyebabkan unsur jenayah dan paksaan dari segi ekonomi.

2. Skop “pengaruh tidak wajar” diperluaskan kepada sebarang pengaruh yang menjejaskan peraturan bersama tanpa perlu membuktikan hubungan dominasi (*dominant position*).

3. Salah satu penyelesaian adalah dengan memberi satu sahaja definisi kanak-kanak bagi semua kod undang-undang. Contohnya kanak-kanak bagi lelaki adalah semua yang berumur di bawah 18 tahun dan bagi perempuan adalah semua yang berumur di bawah 16 tahun.

RECOMMENDATIONS

1. The Section is amended so that it can include all kinds of coercion that enable adverse effects of mutual agreement. This includes coercion that does not cause criminal influences and coercion from the economic aspect.

2. The scope of "undue influence" extends to any influence that affected joint regulations without the need to prove the relationship of dominance (dominant position).

3. One of the solutions is to give only one definition of child for all legal codes. For example, male children are all aged under 18 years and female are all aged under 16 years.

KAJIAN TEKANAN MENTAL DALAM KONFLIK PERKAHWINAN: CADANGAN PENYELESAIAN ALTERNATIF DI BAWAH PERUNTUKAN FASAKH

PENGENALAN

Kajian ini adalah lanjutan dari satu kajian awal bertajuk “Tekanan mental dalam konflik perkahwinan: Cadangan Alternatif”. Ia merupakan satu usaha kajian yang merentas disiplin iaitu melibatkan kajian dalam bidang perundangan (undang-undang keluarga Islam) dan juga bidang psikologi. Aspek tekanan mental dalam konflik rumah tangga amat jarang disentuh dari aspek hukum syarak dan undang-undang keluarga Islam. Justeru, perbincangan seperti yang diketengahkan dalam kajian ini adalah amat penting agar keadilan bagi pihak-pihak dalam sesuatu konflik perkahwinan lebih terjamin dan juga bertepatan dengan fungsi utama sesebuah Mahkamah Syariah iaitu untuk menegakkan keadilan.

OBJEKTIF

1. Memberi kefahaman bahawa setiap keadilan yang menjadi tujuan satu-satu perbicaraan merupakan salah satu matlamat utama Syari’ah.
2. Memberi kefahaman kepada masyrakat bahawa tekanan mental adalah ancaman kepada kesejahteraan akal yang merupakan sebahagian daripada Maqasid al-Syari’ah.
3. Mencari titik pertemuan dan persefahaman antara perspektif psikologi dan juga perspektif syari’ah dalam mengurus isu berkaitan tekanan mental akibat konflik perkahwinan.
4. Memberi kefahaman kepada orang ramai terutama dalam kalangan pengamal perundangan tentang perkara-perkara asas berkaitan kesihatan dan tekanan mental.
5. Menghasilkan cadangan dalam bentuk pindaan terhadap peruntukan fasakh dan juga proses perbicaraan khusus kepada tuntutan fasakh.
6. Menghasilkan cadangan model ujian tekanan mental yang khusus bagi mangsa atau pesakit tekanan mental yang membuat tuntutan pembubaran perkahwinan melalui fasakh. Ujian ini adalah seumpama *Beck Depression Inventory* yang digunakan di klinik-klinik psikologi atau

A STUDY ON MENTAL STRESS IN MARITAL CONFLICTS: A PROPOSAL OF ALTERNATIVE SOLUTIONS UNDER THE FASAKH PROVISION

INTRODUCTION

This study is an extension of an earlier study titled "Mental stress in marital conflicts: An alternative proposal". It is a cross-disciplinary research that involves studies in the field of law (Islamic family law) and also the field of psychology. The mental stress aspect in marital conflicts is rarely touched on from the aspects of Islamic law and Islamic family law. Therefore, the discussion as highlighted in this study is very important in order for justice to the parties in a marital conflict is guarenteed and in accordance with the main function of a Shariah court to uphold justice.

OBJECTIVES

1. To provide an understanding that each justice which is the object of any one hearing is one of the main goals of the Shariah.
2. To provide an understanding to the society that mental stress is a threat to wellness of the mind which is part of maqasid al-Shariah.
3. To look for points of contact and understanding between psychological perspective and Shariah perspective in managing issues related to mental stress due to marital conflicts.
4. To provide an understanding to the public, especially among legal practitioners about the basic issues surrounding mental health and stress.
5. To make a proposal in the form of amendments to the fasakh provisions and also specific hearing process on fasakh demands.
6. To generate proposals of mental stress test model that are specific to the victims or patients with mental stress who made claims of the dissolution of marriage by fasakh. This test is similar to the Beck Depression Inventory used in psychological clinics or at least prove that the model for mental stress tests are absolutely necessary to be developed in the form that is acceptable according to the Islamic judicial perspective.

sekurang-kurangnya membuktikan bahawa model ujian bagi tekanan mental adalah amat perlu untuk dibina dengan bentuk yang boleh diterima menurut pespektif kehakiman Islam.

SASARAN DAPATAN

1. Tekanan mental *merupakan sebahagian* daripada kesan konflik darar iaitu konflik yang mengakibatkan penganiyaan terhadap pasangan dalam sesuatu perkahwinan.
2. Semua alasan dalam tuntutan fasakh boleh dirumuskan kepada sembilan kategori faktor pencetus kepada penyebab penderitaan atau tekanan mental pihak plaintif.
3. Kajian juga mendapati bahawa dalam kes di mahkamah yang mempunyai elemen tekanan mental, bilangan laporan yang disokong dengan keterangan pihak yang berkepakaran dalam kesihatan mental adalah sangat kecil.
4. Prosedur yang perlu dilalui oleh plaintif menjadi salah satu pengekal kepada tekanan mental yang sedia ada.
5. Kaedah perbicaraan yang berbentuk adversarial yang menjadi amalan sekarang dalam proses perceraian adalah bersifat tidak harmoni dan boleh menambah buruk keadaan pihak plaintif yang menderita dengan masalah tekanan mental.

PENGESYORAN

1. Penyediaan laporan bagi sesuatu kes tekanan mental kepada pihak Mahkamah perlulah mempunyai piawaian yang boleh diterima oleh pihak Mahkamah.
2. Pihak Mahkamah boleh mengambil inisiatif untuk mengubah kes fasakh kepada kes lain seperti cerai biasa bagi memenuhi hasrat pihak yang ingin membubarkan perkahwinan agar proses perceraian tidak mengambil masa yang lama seperti yang dilakukan di Terengganu dan Perak.
3. Cadangan agar kes-kes yang melibatkan tekanan mental diasingkan daripada perbicaraan biasa.
4. Mencadangkan diwujudkan satu prosedur yang lebih ringkas kepada proses tuntutan fasakh yang sedia ada dan dilakukan pindaan undang-undang yang berkaitan.

TARGET FINDINGS

1. Mental stress is a part of the effects of the conflict darar which is the conflict that gives rise to abuse of spouses in a marriage.
2. All reasons in fasakh claims can be summarised into nine trigger factor categories to the cause of sufferings or mental stress to the plaintiffs.
3. The study also found that in court cases with elements of mental pressure, the number of reports that are supported by evidence by mental health experts is highly insignificant.
4. The procedures that must be taken by the plaintiff are one of the continuous reasons for the existing mental stress.
5. The method of adversarial trial currently practiced in the process of divorce are characterised as being not in harmony and may exacerbate the situation of the plaintiffs who suffer from problems of mental stress.

RECOMMENDATIONS

1. The preparation of a report for any mental stress case to the court should have standards which can be accepted by the Court.
2. The court can take the initiative to change fasakh case to other cases such as common divorce to fulfil those who wish to dissolve the marriage so that the divorce process does not take a long time as carried out in Terengganu and Perak.
3. A Proposal for cases involving mental stress are isolated from ordinary trials.
4. To propose the establishment of a simpler procedure to the existing fasakh process claims and make amendments to related laws.

PENGENALAN

IKIM telah mengadakan kerjasama dan perkongsian kepakaran bersama badan-badan seperti kementerian, jabatan dan agensi-agensi kerajaan, institusi penyelidikan, badan bukan kerajaan (NGO), swasta, pihak media dan institusi pengajian tinggi dalam dan luar negara. Sebahagian daripada usaha tersebut terzahir dalam bentuk pemeteraian memorandum persefahaman (MoU), penganjuran program dan khidmat perundingan. Di antara contoh kerjasama strategik yang telah dilaksanakan ialah penganjuran *Ethics Teachers' Training Course* (ETTC) bersama UNESCO Jakarta, Indonesia.

KERJASAMA PENYELIDIKAN DAN PERUNDINGAN

IKIM buat julung kalinya telah menjalinkan kerjasama dengan UNESCO Jakarta dalam penganjuran bengkel antarabangsa *Ethics Teachers' Training Course* (ETTC) pada 7–11 November 2016. ETTC merupakan satu inisiatif UNESCO bagi membangunkan kemahiran dan pengetahuan dalam kalangan ahli akademik di institusi pengajian tinggi/pusat penyelidikan berkaitan bidang bioetika. Penyertaan IKIM selaku tuan rumah merupakan yang pertama seumpamanya di rantau Asia Tenggara dan membuktikan kepakaran IKIM diiktiraf di peringkat antarabangsa. Bengkel lima (5) hari ini telah menarik 30 penyertaan dari 14 buah negara yang merangkumi golongan professional, khususnya pensyarah dan ahli akademik. Seramai lima (5) orang pakar/fasilitator telah dilantik oleh UNESCO untuk menjayakan bengkel ini, di mana dua (2) daripadanya adalah dari IKIM yang juga merupakan ahli Majlis Bioetika Negara (MBEN) iaitu Datuk Prof. Dr. Azizan binti Baharuddin dan Dr. Shaikh Mohd Saifuddeen bin Shaikh Mohd Salleh.

Kerjasama strategik bersama Akademi Sains Malaysia (ASM) pula adalah dalam projek Foresight Alliance. Foresight Alliance terdiri daripada Akademi Sains Malaysia (ASM), Institut Kefahaman Islam Malaysia (IKIM), Institut Foresight Malaysia (myForesight), Kumpulan Ekonomi & Kewangan Universiti Malaya, Institut Kajian Strategik Antarabangsa Malaysia (ISIS), Institut Integriti Malaysia (INTEGRITI) dan Institut Penyelidikan Pembangunan Belia Malaysia (IYRES) yang menjalankan kajian dan perancangan strategik jangka masa panjang untuk melihat ciri-ciri masyarakat Malaysia pada masa hadapan menjelang tahun 2050.

The ETTC is a UNESCO initiative to develop the skills and knowledge among academics in tertiary institutions/research centres related to the field of bioethics. The participation of IKIM as the host is the first of its kind in the Southeast Asian region and proved that IKIM's expertise is recognised internationally. The five (5)-day workshop attracted 30 entries from 14 countries that include professionals, especially lecturers and academics. A total of five (5) experts / facilitators were appointed by UNESCO to ensure the success of the workshop, in which two (2) are from IKIM who are also members of the National Bioethics Council (MBEN), Datuk Prof. Dr. Azizan binti Baharuddin and Dr. Shaikh Mohd Saifuddeen bin Shaikh Mohd Salleh.

OBJEKTIF

1. Melihat hakikat penciptaan insan bermula dengan kehidupan dan berakhir dengan kematian menurut fahaman Islam dan juga pandangan neurosains;
2. Menelusuri ilmu neurosains dan kaitannya dengan pandangan Islam; dan,
3. Mencari kesepakatan makna yang dikhususkan tentang kehidupan dan kematian.

OBJECTIVES

1. To look at the nature/fact of human creation that begins with life and ends with death according to Islamic belief as well as the view of neuroscience;
2. To trail the neuroscience knowledge and its relation to Islamic worldview; and,
3. To seek for a consensual definition that is specific to life and death.

RUMUSAN

1. Kesepakatan istilah adalah penting walaupun tidak mempunyai keseragaman dari segi makna. Usaha ke arah kesepakatan seperti dialog dan muzakarah adalah bertujuan supaya tidak menimbulkan kekeliruan dan mencampur-adukkan sudut pandang yang berbeza. Malah setiap individu yang berbeza kepakaran juga perlu menghormati perbezaan disiplin ilmu bagi setiap bidang yang mempunyai perspektif dan dimensi yang berbeza.
2. Pakar agama perlu juga melihat sudut dan perspektif sains dalam penghujahan dan perlu ada usaha untuk meningkatkan pengetahuan mengenai ilmu neurosains agar dapat mencari solusi kepada masyarakat sekiranya terdapat cabaran-cabaran mendatang berkait dengan kehidupan dan kematian.
3. Pakar dalam bidang sains dan kesihatan perlu menitikberatkan pandangan dan elemen agama dalam mengaplikasikan ilmu kepada masyarakat agar tidak jauh dari landasan Islam sebenar. Pengkayaan ilmu-ilmu agama dalam bidang sains mampu memberi nilai tambah kepada profesionalisme kedoktoran untuk turut sama menyumbang kepada pembangunan kesihatan ummah secara fizikal dan rohani.
4. Walaupun terdapat istilah-istilah teknikal dalam disiplin ilmu masing-masing tetapi perkongsian makna terminologi secara mendalam amat dekat dengan masyarakat yang mempunyai aspek spiritual dan fizikal. Walaupun bidang neurosains menfokuskan fisiologi dan biologi tetapi makna-makna spiritual dapat membantu mengislamisasikan bidang sains itu sendiri.
5. Untuk bergerak ke hadapan, peranan dan sumbangan sinergi memerlukan semua pemegang taruh (*stakeholders*) dan pakar-pakar merentasi disiplin ilmu amat penting dan memberi kesan besar ke atas urusan hidup dan mati setiap manusia.

SUMMARY

1. The consensus on terms is important even without uniformity in meaning. Efforts towards consensus such as dialogues and experts discussions are aimed at dispelling any confusion and differing mixed viewpoints. Even individuals of different expertise should also respect the differences of disciplines for each field that has a different perspective and dimension.
2. Religious scholars should also view the scientific angle and perspective in debates and efforts should be made to increase the knowledge about neuroscience in order to find solutions to the public in the event of future challenges related to life and death.
3. Experts in the field of science and health should focus on the views and religious elements in the application of science to the public so as not to stray from the path of true Islam. The enrichment of religious knowledge in the scientific field is able to provide added value to the professionalism of doctors to voluntarily contribute to the development of community health both physically and mentally.
4. Although there are technical terms in their respective disciplines, the sharing of the meaning of terminologies in-depth is highly close to the public which possess both the physical and spiritual aspects. Although neuroscience focusses on physiology and biology, spiritual meanings can help in the Islamisation of science itself.
5. To move forward, the role and contribution of synergy by all stakeholders and experts across disciplines are highly important and give a significant impact on the management of life and death of every human being.

Universiti Putra Malaysia (UPM) yang mengupas pengajaran etika dari sudut pandang pengajian peradaban. Perbincangan juga menarik dengan pembentangan oleh wakil agama Kristian oleh Rev. Dr. Clarence Devadass dari Catholic Research Center yang memberikan pandangan Kristian terhadap pengajaran etika.

Dalam kursus ini para peserta mengikuti siri kuliah dan latihan dalam kumpulan bersama para jurulatih. Antara kuliah yang disampaikan ialah daripada Prof Dr. Marie-Geneviève Pinsart yang memberikan pendedahan kepada dekonstruksi masalah etika bagi: (i) menganalisis masalah etika dan menyelesaikannya (ii) menyedari alat-alat analitis bagi menganalisis masalah etika. Beberapa alat analitis yang dikemukakan termasuklah *principalism, deontological ethics, discourse ethics, narrative ethics, utilitarianism, moral distress syndrome,* dan *ethical matrix*. Alat-alat ini membolehkan seseorang itu membuat ramalan kepada hasil keputusan yang mungkin sahaja betul atau salah dan juga penilaian terhadapnya.

Kuliah oleh Prof. Dr. Muzaherul Huq yang memberikan pendedahan tentang United Nations Declaration of Human Rights (UNHDR) khususnya terhadap deklarasi bioetika serta isu-isunya. Beliau berbicara tentang pengiktirafan UNHDR terhadap kehormatan dan hak-hak para pesakit serta tanggungjawab profesional oleh para pengamal perubatan.

Kuliah oleh Dr. Shaikh Mohd Saifuddeen bin Shaikh Mohd Salleh pula menekankan etika penyelidikan yang juga menjadi perhatian dan ini tidak terhad kepada perubatan, pergigian dan pembedahan tetapi juga termasuk hal-hal lain yang melibatkan manusia seperti kejuruteraan. Terdapat juga projek-projek penyelidikan dan pembangunan yang mempunyai masalah etika pada perkaedahannya (*methodology*) yang menjadikannya sebagai penyelidikan yang tidak sempurna (*unsound research*). Di dalam sesi ini juga diberikan beberapa senario etika untuk para peserta menyelesaikannya mengikut pertimbangan masing-masing.

Selain sesi kuliah, kursus yang bersifat dua hala ini turut memuatkan siri pembentangan dan perbincangan antara para peserta dan juga jurulatih. Sesi ini dikendalikan oleh Dr. Mehrunisha Suleiman. Menerusi perbincangan dan perkongsian bersama para peserta pelbagai latarbelakang, banyak maklumat telah

Zaid bin Ahmad, Universiti Putra Malaysia (UPM) who explored the teachings of ethics from the standpoint of civilisational studies. Discussions were also interesting with presentations by representatives of Christianity by Rev. Dr. Clarence Devadass of the Catholic Research Center that provided Christian view of teaching ethics.

In this course, the participants attended a series of lectures and group discussions with their trainers. Among the lectures delivered were from Prof. Dr. Marie-Geneviève Pinsart who provided exposure to the deconstruction of ethical and problems to (i) analyse and resolve ethical issues; and (ii) realise analytical tools to analyse ethical problems. Some of the analytical tools presented include principalism, deontological ethics, discourse ethics, narrative ethics, utilitarianism, moral distress syndrome, and ethical matrix. Such tools enabled one to make predictions on the outcome of a decision that might be only right or wrong and also make judgments on them.

The lecture by Prof. Dr. Muzaherul Huq that provided exposure on the United Nations Declaration of Human Rights (UNHDR) especially the declaration of bioethics and its issues. He talked about the UNHDR recognition of the honour and rights of patients and the professional obligations by medical practitioners.

The lecture by Dr. Shaikh Mohd Saifuddeen bin Shaikh Mohd Salleh stressed that research ethics is also a concern and this is not limited to medical, dental, and surgery but also include others involving humans such as engineering. There are also research projects and development with ethical problems in its methodology that make it an unsound research. The session also presented several ethical scenarios for participants to resolve according to their respective discretions.

In addition to lectures, the two-way course also included a series of presentations and discussions between the participants and coaches. The session was conducted by Dr. Mehrunisha Suleiman. Through discussions and sharing with participants of various backgrounds, much information was obtained and utilised including the best methods to be ethics teachers that can bring a change in attitude and temperament in an non-threatening atmosphere so as to understand and implement the agenda.

The discussions also included the rights of students and teachers which included efforts of full awareness,

diperolehi dan dimanfaatkan termasuklah kaedah-kaedah terbaik untuk menjadi guru etika yang membawa perubahan sikap dan perangai dalam suasana tidak terancam bagi memahami dan melaksanakan agenda.

Perbincangan juga meliputi hak-hak para penuntut dan juga para pendidik yang mana di dalamnya termasuklah usaha penuh kesedaran, pengendalian dengan bertimbang-rasa dan adil, tidak mendedahkan murid kepada yang meremeh-temehkan dirinya, usaha membina untuk melindungi para penuntut dari perkara yang memudaratkan pembelajaran, kesihatan dan keselamatan, tanpa penyelewengan maklumat dan prasangka buruk peribadi, menjaga kesihatan mental dan jasadi, membenarkan ruang untuk membangunkan diri, dan juga kelakuan beretika terhadap ibu bapa dan masyarakatnya.

RUMUSAN

Banyak manfaat yang didapati sepanjang kursus ini. Manfaat-manfaat yang diperolehi boleh menyumbang kepada implikasi penyelidikan dan hala tuju IKIM. Antaranya ialah:

1. Mempertingkatkan kebolehan terutama penglibatan dialog-dialog peradaban, budaya, dan antara agama hasil interaksi antara para peserta dengan pelbagai latarbelakang; dan,
2. Selangkah dalam pengantarabangsaan (*international*) IKIM sesuai dengan Pelan Hubungan Strategik IKIM 2016–2020 menerusi jaringan para peserta sepanjang 5 hari berkursus; dan,
3. Memposisikan IKIM sebagai kumpulan pemikir (*think-tank*) yang mampu memberikan pandangan dan buah fikiran yang Islami, terutama dalam isu-isu bioetika, kesihatan, perubatan dan juga dalam isu-isu seperti neurosains dan *Advance Medical Directive* (AMD) yang melibatkan IKIM sebelum ini

conducting with consideration and fairness, avoiding exposing students from matters that trivialise them, making constructive efforts to protect students from matters that are detrimental to learning, health and safety, without distortion of information and personal prejudices, caring of mental and physical health, allowing space to develop themselves, as well as ethical behaviour towards their parents and community.

SUMMARY

Many benefits are obtained during the course. The benefits obtained can contribute to the implications of research and IKIM's direction. Among them are:

1. Enhancing the abilities, especially the involvement of civilisational dialogues, cultures and inter-religions as a result of interactions between participants of various backgrounds; and,
2. A step in the internationalisation of IKIM in accordance with the IKIM2016-2020 Strategic Plan through networking of the participant during the 5-day course; and
3. Positioning IKIM as a think tank which is able to provide views and thoughts of Islam, especially issues in bioethics, health, medical as well as in issues such as neuroscience and Advance Medical Directive (AMD) which involved IKIM prior to this.

PERSIDANGAN MEJA BULAT "PRINSIP DAN KAEDAH PERBEZAAN PANDANGAN DALAM KERANGKA AHLI SUNNAH WAL JAMAAH" PADA 28 JANUARI 2016.

PENGENALAN

Institut Kefahaman Islam (IKIM) menganjurkan program ini pada 28 Januari 2016 di Dewan Besar IKIM dengan kehadiran 70 orang peserta yang terdiri dari Mufti, Ketua Hakim Syari'e, wakil dari Jabatan dan Majlis Agama Negeri serta ahli akademik.

OBJEKTIF PROGRAM:

1. Menyorot kepentingan aliran mazhab dan ilmu Islam.
2. Melihat kepentingan adab-adab perbezaan pandangan.
3. Muhasabah amalan talfiq, taqlid dan ijtihad dalam kehidupan semasa.

Empat kertas kerja telah dibentangkan yang membincangkan tajuk-tajuk berikut: Perbezaan Pandangan dalam Tradisi Keilmuan Islam, Prinsip dan Kaedah dalam Menangani Perbezaan Mazhab, Meraikan Perbezaan Pandangan mengikut Ahli Sunnah wal Jamaah di Malaysia: Satu Penilaian dari Perspektif Adab dan Mencari Kesepakatan dalam Perbezaan: Talfiq, Taqlid dan Ijtihad.

RUMUSAN

Segala bentuk ikhtilaf secara prinsipnya perlu diselesaikan dengan tujuan yang menjurus kepada kesatuan kerana matlamat tertinggi yang dibawa oleh Quran adalah kesatuan.

Prasyarat penting dalam ikhtilaf ialah mempunyai ilmu yang mendalam. Untuk mencari kesepakatan dalam perbezaan pandangan, umat Islam perlu menghormati institusi fatwa yang berautoriti di negara ini. Jika berlaku perselisihan, hendaklah perlu kembali kepada pokok kesepakatan iaitu keimanan kepada Allah: Islam, Iman dan Ihsan, dan mengabdikan diri kepadaNya. Aliran Ahli Sunnah wal Jamaah (ASWJ) telah menghuraikan fahaman Islam secara jelas dan universal.

ROUNDTABLE CONFERENCE ON "THE PRINCIPLES AND METHODS OF THE DIFFERING VIEWS IN THE AHLI SUNNAH WAL JAMAAH FRAMEWORK" ON 28 JANUARY 2016

INTRODUCTION

The Institute of Islamic Understanding (IKIM) organised the programme on 28 January 2016 at the Grand Hall with 70 participants consisting of the Mufti, the chief syar'ie justice, representatives of the Department and State Religious Council as well as academics.

PROGRAMME OBJECTIVES:

1. To highlight the importance of the flows of sects and Islamic knowledge
2. To view the importance of manners in differences
3. To introspect talfiq practices, taqlid and ijtihad in current life

Four papers were presented which discussed the following topics: Differences of Views in the Islamic Knowledge Tradition, Principles and Methodologies in Overcoming Sect Differences, Celebrating View Differences according to Sunnah wal Jamaah in Malaysia: An Evaluation of the Perspective of Manners and Finding Consensus in Differences: Talfiq, Taqlid and Ijtihad.

SUMMARY

All forms of deviation in principle should be resolved with the aim of leading to unity as it is highest goal brought by the Quran.

An important prerequisite in difference is to have profound knowledge. To find consensus in view differences, Muslims should respect the fatwa institution which is authoritative. In the event of a dispute, one should return to the main consensus which is faith in Allah: Islam, Iman and Ihsan, and devote oneself to Him. The Ahli Sunnah Wal Jamaah (ASWJ) stream has elaborated the Islamic understanding in a clear and universal manner.

FORUM "ISU SEMASA PERUNDANGAN BERKAITAN UNDANG-UNDANG SYARIAH DAN HUDUD" PADA 12 OGOS 2016

OBJEKTIF PROGRAM:

1. Meningkat kefahaman berkaitan hudud/undang-undang syariah dalam kalangan ahli JKMPKA
2. Memperjelaskan isu-isu semasa berkaitan undang-undang syariah dan rang undang-undang pindaan Akta 355

RUMUSAN

Berdasarkan soalan yang diajukan oleh ahli JKMPKA ketika sesi soal jawab, dapat disimpulkan bahawa kebanyakan ahli JKMPKA belum mempunyai kefahaman yang jelas mengenai undang-undang syariah di Malaysia. Antara soalan yang dikemukakan adalah apakah yang dimaksudkan syariah, hadis dan sunnah Ini menunjukkan mereka mempunyai minat untuk mengetahui dengan lebih lanjut tetapi terlebih dahulu perlu memahami perkara yang asas mengenai undang-undang syariah dan perlembagaan sebelum berbincang mengenai isu berkaitan yang lebih kompleks. Oleh itu, menjadi tanggungjawab umat Islam khususnya para ilmuan, ahli akademik dan agensi berkaitan untuk menyampaikan maklumat yang betul dan tepat dalam bentuk yang mudah difahami kepada orang ramai khususnya masyarakat bukan Islam supaya tidak timbul salah faham di masa hadapan.

FORUM ON "CURRENT LEGAL ISSUES RELATED TO SHARIAH AND HUDUD LAWS" ON 12 AUGUST 2016

PROGRAMME OBJECTIVES:

1. To enhance the understanding of hudud / shariah laws among JKMPKA members
2. To clarify current issues related to shariah laws and the amended bill Act 355

SUMMARY

Based on the questions raised by JKMPKA members during the question and answer session, it can be concluded that most JKMPKA members have yet to get a clear understanding of shariah law in Malaysia. Among the questions raised were the meanings of shariah, hadith dan sunnah This showed that they had the interest to know more about the subject, but they first needed to understand the basics of Shariah law and the constitution before discussing the more complex issue. Therefore, the responsibility of Muslims, especially the scholars, academics and related agencies to deliver the right and exact information in the form easily understood to the public, especially the non-Muslims so that no misunderstanding arise in the future.

SEMINAR ANTARABANGSA "KEPELBAGAIAN BUDAYA DI ASIA: KEAMANAN DAN HARMONI" PADA 25–26 OGOS 2016

OBJEKTIF PROGRAM:

1. Membincangkan cabaran membina kepelbagaian budaya dalam zaman pertembungan garis etnik, budaya, bahasa dan agama;
2. Meneroka pelbagai strategi dan kaedah di mana negara-negara ASEAN dapat secara perbandingan menangani cabaran untuk membina kepelbagaian budaya di wilayah mereka dan rantau ini;
3. Mentakrifkan semula konsep identiti etnik / budaya / agama berdasarkan perubahan pesat realiti global dan tempatan dalam sistem dunia kini yang berpecah-belah dan implikasinya terhadap bentuk masa depan pluralisme budaya ASEAN.

RUMUSAN

Penganjuran persidangan ini dilihat dapat mengupas isu antara budaya yang secara tidak langsung melibatkan isu antara penganut agama terutamanya di rantau ASEAN. Penglibatan IKIM sebagai penganjur bersama dapat memperkenalkan peranan IKIM sebagai institusi yang terlibat dalam isu yang berkaitan di Malaysia. Perbincangan mengenai topik berkaitan sosio-budaya dan perkongsian pengalaman Malaysia serta perspektif Islam tentang topik ini mampu menjelaskan kepada khalayak antarabangsa salah tanggapan yang telah dikaitkan dengan Islam. Dengan peningkatan Islamofobia dalam kalangan masyarakat antarabangsa, usaha-usaha membawa suara Islam sebegini adalah penting bagi memperbetulkan dan memperbaiki nama baik dan imej agama. Pengalaman dan pandangan Malaysia yang mengangkat agenda kesederhanaan atau wasatiyyah perlu disebar luaskan bagi membantu agenda ASEAN dalam mencapai keamanan dan keharmonian dalam kalangan masyarakat pelbagai budaya dan agama.

INTERNATIONAL SEMINAR ON "MULTICULTURALISM IN ASIA: PEACE AND HARMONY" ON 25–26 AUGUST 2016

PROGRAMME OBJECTIVES:

1. To discuss the challenge of building multiculturalism in the age of the clash of the fault lines of ethnicities, cultures, languages and religions;
2. To explore various strategies and methods by which the ASEAN countries can comparatively address the challenges of building multiculturalism within their territories and the region;
3. To redefine the concepts of ethnic / cultural / religious identities in light of fast changing local and global realities in today's fragmented world system and their implications for the future shape of the ASEAN cultural pluralism.

SUMMARY

The organisation of the conference tried to analyse intercultural issues that indirectly involved interfaith issues, particularly in the ASEAN region. The involvement of IKIM as co-organiser was able to introduce the role of IKIM as an institution that was involved in such an issue in Malaysia. Discussions on topics related to socio-cultural and experience sharing of Malaysia as well as the Islamic perspective on the topic can explain to the international audience the misconceptions associated with Islam. With the increase of Islamophobia in the international community, efforts to project the voice of Islam such as this is crucial to redress and improve the reputation and image of the religion. Malaysia's experience and outlook that support moderation or wasatiyyah should be disseminated to assist the ASEAN agenda in achieving peace and harmony among the various cultures and religions.

SEMINAR FARAID DAN PERANCANGAN PEWARISAN : ISU HARTA BEKU DAN PENYELESAIANNYA DI MALAYSIA
TARIKH : 29–30 MAC 2016
TEMPAT : DEWAN BESAR IKIM

SEMINAR ON FARAID AND INHERITANCE PLANNING: ISSUES ON FROZEN ASSETS AND ITS SOLUTION IN MALAYSIA
DATE: 29–30 March 2016
VENUE: IKIM GRAND HALL

OBJEKTIF PROGRAM

Seminar ini dianjurkan bagi membincangkan isu yang berkaitan dengan harta pusaka yang berstatus beku dan tidak dituntut di Malaysia. Data-data dari pelbagai sumber termasuk angka-angka yang dipetik daripada menteri / timbalan menteri yang berkaitan menunjukkan bahawa dewasa ini jumlah harta beku dan tidak dituntut adalah sekitar RM60 billion. Walaupun statistik tersebut tidak memperincikan jumlah aset orang Islam dan bukan Islam, adalah dipercayai bahawa kebanyakan aset tersebut merupakan aset orang Islam. Aset-aset ini terdiri daripada hartanah seperti rumah dan tanah; dan wang yang tidak dituntut di dalam pelbagai institusi seperti Kumpulan Wang Simpanan Pekerja (KWSP), Tabung Haji (TH), Amanah Raya Berhad (ARB) dan Permodalan Nasional Berhad (PNB).

Pembekuan harta merupakan satu kerugian kepada umat Islam dan boleh mewujudkan satu bentuk ketidakadilan kepada pewaris terutamanya balu dan anak-anak yatim. Selain itu, ia juga bertentangan dengan semangat perundangan Islam itu sendiri yang antara lain bermatlamatkan penjagaan / pemerkasaan harta (*hifz al-mal*) dan ini boleh direalisasikan menerusi pendekatan agihan / kitaran harta secara adil dalam ekonomi (*rawaj al-amwal*).

PROGRAMME OBJECTIVES

The seminar was organised to discuss issues related to assets of frozen status and unclaimed in Malaysia. Data from various sources including related figures quoted by the minister / deputy minister show that the amount of frozen and unclaimed assets currently stands at about RM60 billion. Although the statistics do not detail the total assets of both Muslims and non-Muslims, it is believed that most of them are owned by Muslims. The assets consist of properties such as houses and land; and unclaimed money in various institutions such as the Employees Provident Fund (EPF), Tabung Haji (TH), Amanah Raya Berhad (ARB) and Permodalan Nasional Berhad (PNB).

An asset freeze is a loss to all Muslims and can create a kind of injustice to the beneficiaries, especially widows and orphans. In addition, it is also contrary to the spirit of Islamic law itself, which among others, aims at preserving / empowering property (*hifz al-mal*) and this can be realised through the approaches of distribution / cycle of property equitably in the economy (*rawaj al-Amwal*).

KECEMERLANGAN PROGRAM AKADEMIK & LATIHAN
EXCELLENT ACADEMIC & TRAINING PROGRAMMES
PROGRAM TERPILIH / *SELECTED PROGRAMMES*

RUMUSAN

Berikut adalah cadangan penyelesaian kepada isu ini yang diperolehi menerusi sesi-sesi pembentangan dan soal jawab yang dijalankan.

1. Pemilik harta (semasa hidupnya) dan pewaris perlu membuat perancangan awal baik dari segi membuat penamaan bagi setiap akaun di institusi berkaitan, *melantik pentadbir pusaka*, membuat hibah atau wasiat (secara bertulis); membuat dokumen perisytiharan harta sepencarian; serta mengambil tahu prosedur dan formaliti yang perlu dilalui bagi proses tuntutan dan pembahagian pusaka.

2. Waris-waris perlu faham bahawa dalam Islam pembahagian pusaka adalah *ditetapkan oleh Allah swt* menerusi ayat-ayat mawarith di dalam Quran. Ayat-ayat ini dengan jelas menyatakan siapa yang berhak menerima pusaka dan berapa bahagian yang patut diterimanya. Jadi Isu-isu perebutan pusaka atau rasa tidak puas hati di kalangan waris tentang pembahagian pusaka tidak seharusnya timbul kerana ayat-ayat ini bersifat qat'ie atau ijbari (mutlak).

3. Agensi-agensi kerajaan dan badan-badan berkanun yang terlibat dalam proses tuntutan / pembahagian pusaka perlu mengadakan kempen-kempen kesedaran bagi meningkat tahap celik prosedur di kalangan anggota masyarakat.

4. Bagi mengatasi kesan faraid yang menjadikan sesuatu aset itu tidak ekonomikal akibat terlalu ramai waris yang berhak ke atasnya, berikut adalah cadangan bagi mengatasi masalah ini :

    4.1 Bagi kes yang melibatkan pembahagian tanah, bekas Ketua Hakim Negara, YAA Tun Abdul Hamid Haji Mohamad mencadangkan supaya pihak kerajaan, sebagai pemerintah, membuat satu undang-undang yang menghadkan bilangan pemilik dan seelok-eloknya ia hendaklah dibuat dalam Kanun Tanah Negara. Ia akan memperuntukkan, misalnya, tanah pertanian satu ekar kebawah tidak boleh dimiliki oleh lebih daripada seorang.

SUMMARY

Following are the proposed solutions to the issue gleaned from the presentations and question-and-answer sessions conducted.

1. Estate owners (during his lifetime), and beneficiaries have to plan ahead in terms of nomination for every respective account in the relevant institutions, *to appoint estate administrators*, to create a hibah or bequest (in writing); to create a document of declaration of matrimonial property; and to get to know the procedures and formalities that must be undertaken to process claims and inheritance division.

2. Beneficiaries must understand that the division of inheritance in Islam is *determined by Allah swt* through mawarith verses in the Quran. The verses clearly state who may legitimately receive the inheritance and the portion deserved. Hence, disputes over inheritance issues or dissatisfaction among the beneficiaries over the division of inheritance should not arise as the verses are of qat'ie or ijbari (absolute) in nature.

3. Government agencies and statutory bodies involved in the claims process / division of inheritance should hold awareness campaigns to increase procedures literacy among members of the public.

4. To overcome the effects of faraid which make an asset uneconomical due to the many beneficiaries who are entitled to it, following are suggestions:

    4.1 In cases involving the division of land, the former Chief Justice, YAA Tun Abdul Hamid Haji Mohamad, recommended that the government create a law that limits the number of owners and this should be preferably included in the Land Code. It will allocate, for example, an acre of agricultural land can not be held by more than one person.

4.2 Jika tanah melebihi satu (I) ekar:

4.2.1 Jika semua waris bersetuju menjual, sama ada kepada waris atau bukan, (tidak lebih daripada seorang) mereka boleh menjualnya dan membahagikan hasilnya mengikut faraid.

4.2.2 Jika waris tidak bersetuju atau tidak ada pembeli, tanah itu akan dipindah milik kepada Baitul Mal atau satu perbadanan yang ditubuhkan oleh kerajaan (Persekutuan atau Negeri). Baitul Mal atau perbadanan itu akan membayar harga pasaran yang akan ditentukan oleh Pentadbir Tanah. Selepas itu, terserahlah kepada Baitul Mal atau Perbadanan itu untuk menyewakannya semula atau membangunnya dan lain-lain.

5. Permohonan Sijil Faraid perlu diselaraskan di antara negeri-negeri di Malaysia. Ini bagi mengatasi masalah pusaka yang terdapat di lebih dari sebuah negeri. Selain itu penekanan perlu diberikan juga kepada aspek penyiasatan (inquiry) sebelum mengeluarkan sijil faraid. Ini bagi mengelak unsur penipuan di kalangan waris.

6. Sudah tiba masanya Mahkamah Syariah diberi bidang kuasa yang sepenuhnya untuk mendengar dan memutuskan kes-kes tuntutan pusaka orang Islam[4]. Untuk itu perlu diwujudkan/ digubal satu undang-undang yang berkaitan dengan pentadbiran pusaka orang-orang Islam yang dilaksanakan di Mahkamah Syariah secara khusus. Implikasi cadangan ini:

   6.1 penentuan dari segi hukum Syarak mengenai status harta pusaka, ahli waris, nasab dan sah taraf anak, *harta sepencarian*, saham dan kesahan terhadap wasiat dan hibah hendaklah diletakkan di bawah bidangkuasa Mahkamah Syariah.

4 Buat masa ini bidang kuasa Hakim Syarie atau Mahkamah Syariah hanya diberi kuasa setakat untuk memperakukan atau mengesahkan bahagian-bahagian yang akan diperoleh oleh ahli-ahli waris mengikut hukum Syarak atau mengeluarkan Sijil Faraid atau perakuan-perakuan faraid/pewarisan sahaja.

4.2 If land is more than one (I) acre:

4.2.1 If all the beneficiaries agree to sell, either to beneficiaries or other, (not more than one) they can sell it and divide the sum by faraid.

4.2.2 If the beneficiaries do not agree or no buyer is available, the land will be transferred to the Baitul Mal or a corporation established by the government (Federal or State). Baitul Mal or the corporation will pay a market price to be determined by the Land Administrator. Henceforth, it is up to the Baitul Mal or corporation to lease or develop it or others.

5. Application for Faraid Certificate should be coordinated between the states in Malaysia. This is so as to overcome the estate problem that arise in more than one state. In addition, emphasis should be given also to the investigation aspect (inquiry) before issuing faraid certificates. This is to avoid fraud among beneficiaries.

6. It is time that the Shariah Court be given complete jurisdiction to listen and decide the cases of Muslim inheritance claims[4]. To that end, a law must be drafted which is related to the administration of inheritance of Muslims which are carried out in the Shariah Courts in particular. The implications of the proposal:

   6.1 determination in terms of Islamic law on the status of the estate, beneficiaries, lineage and legitimacy of children, *matrimonial property*, shares and validity of wills and hibah shall come under the purview of the jurisdiction of the Shariah court.

   6.2 In this regard, the preliminary application for the management of the division of the estate shall first be filed in any Shariah court of competent jurisdiction to initiate a more detailed investigation regarding

4 Currently, jurisdiction of Shariah Judge or Shariah Court are authorised to certify or verify the parts to be acquired by beneficiaries according to Islamic law or issuance of Faraid certificates or Faraid / inheritance verifications only.

6.2 Dalam perkara ini, permohonan awal bagi urusan pembahagian harta pusaka hendaklah terlebih dahulu difailkan di mana-mana Mahkamah Syariah yang berbidang kuasa bagi memulakan siasatan yang lebih terperinci mengenai permohonan yang difailkan bagi memastikan tidak wujud sebarang unsur-unsur penipuan atau kesilapan daripada pemohon akibat tiada pengetahuan khusus mengenai perkara yang dipohon[5]. Hasil siasatan akan dijelaskan dengan lebih terperinci dalam **Perintah Penghakiman Faraid** iaitu nama baru yang dicadangkan bagi menggantikan **Sijil Faraid**[6];

6.3 Hanya selepas itu, barulah Perintah Penghakiman Faraid yang telah diputuskan oleh hakim Mahkamah Syariah dirujuk kepada Unit Pusaka Kecil, Pejabat Tanah dan Galian (PTG) untuk melaksanakan urusan pembahagian harta pusaka;

NOTA: Cadangan ini akan melibatkan (i) pindaan hendaklah dibuat terhadap seksyen 50 Akta Pentadbiran Undang-Undang Islam (Wilayah-Wilayah Persekutuan) 1993 dan seksyen-seksyen yang sama dalam Enakmen yang lain di negeri-negeri; (ii) pindaan dibuat terhadap seksyen 19 (1) (a) Akta Harta Pusaka Kecil (Pembahagian) 1955 dengan memperuntukkan bahawa **"tiap-tiap permohonan pembahagian harta pusaka hendaklah dibuat di Mahkamah Syariah terlebih dahulu"**.

5 Siasatan juga adalah bagi memastikan sama ada kos bagi urusan pengkebumian simati telah ditolak daripada harta peninggalannya, sama ada simati mempunyai hutang, ada meninggalkan wasiat, hibah dan sebagainya yang perlu diselesaikan terlebih dahulu sebelum pembahagian harta dapat dilakukan.

6 Penggunaan nama **Sijil Faraid**" yang dianggap sempit, ditukar atau digantikan dengan nama **"Perintah Penghakiman Faraid"** agar penggunaannya menjadi lebih luas, menyeluruh dan diseragamkan di seluruh Negara. Dalam erti kata lain,ia bukan sekadar kertas yang menerangkan tentang ahli waris yang berhak keatas harta simati, sebaliknya mengandungi segala maklumat terperinci yang berkaitan perlu dinyatakan dengan jelas di dalam perintah tersebut.

the application filed to ensure that no elements of fraud or errors exist by the applicant due to a lack of specialised knowledge on the subject applied[5]. Findings of the enquiry will be discussed in more detail in the **Faraid Judgement Order** which is the new name proposed to replace **Faraid Certificate**[6].

6.3 Subsequent to that only will the **Faraid Judgement Order** decided by the Shariah court judge be referred to the Small Estate Unit, Lands and Mines Office (PTG) for the purpose of division of the estate;

NOTE: This proposal would involve (i) amendments that have to be made to section 50 of the Administration of Islamic Law (Federal Territories) Act 1993 and sections of the same in the Enactment of other states; (ii) amendment to section 19 (1) (a) of the Small Estates (Distribution) Act 1955 to provide that **"every application distribution of the estate must be made in advance at the Shariah court"**.

5 The investigation is also to determine whether the costs of burial of the deceased have been deducted from the inheritance, whether the deceased had debts, had left a will, hibah and the like that need to be resolved prior to the division of property can be made.

6 The use of the term "Faraid Certificate "which is considered narrow, is changed or replaced with the name of "Faraid Judgement Order" so that its use becomes more widespread, comprehensive and standardised across the country. In other words, it is not just a paper describing the rightful benefactor to the estate of the deceased, but has all the details that related should be clearly stated in the directive.

Sehubungan dengan cadangan 6, Jabatan Kehakiman Syariah Malaysia hendaklah mewujudkan suatu Pusat Pendaftaran Faraid (*Central Registry*) yang akan beroperasi di ibu pejabat sepenuhnya untuk mengurus dan memantau semua aktiviti yang berkaitan dengan permohonan faraid di mahkamah-mahkamah Syariah di seluruh Negara bagi memastikan tidak lagi berlaku pertindihan permohonan pembahagian harta pusaka pada masa-masa yang akan datang.

8. Juga berkaitan dengan cadangan 6, perlu ada penyeragaman dari sudut penggunaan borang pendaftaran / borang permohonan pembahagian pusaka, prosedur permohonan di antara negeri-negeri.

9. Mentransformasi pengurusan pusaka di Semenanjung Malaysia menerusi penubuhan sebuah entiti tunggal terutamanya bagi prosiding harta tidak bertikaian, bagi menyelaraskan kepelbagaian insitusi-institusi pengurusan harta pusaka di Semenanjung Malaysia agar rakyat hanya berurusan dengan sebuah institusi sahaja kelak. Ini turut melibatkan penubuhan pusat daftar setempat wasiat, aset dan liabiliti yang dapat menghubungkan kesemua maklumat yang diperlukan oleh waris atau pihak berkepentingan melalui satu sumber carian. Pusat ini akan berperanan sebagai tempat rujukan atau semakan terhadap maklumat wasiat, aset dan liabiliti si mati yang akan diuruskan oleh satu pihak yang dipertanggungjawabkan.

7. In relation to proposal 6, the Department of Shariah Judiciary Malaysia shall create a Faraid Central Registry to be fully operational at the headquarters to manage and monitor all activities related to faraid applications at the Shariah courts throughout the country to ensure there are no overlapping applications of estate distribution in times to come.

8. Also in relation to proposal 6, there should be standardisation in the use of the registration forms / application forms for estate distribution, application procedures among states.

9. Transforming estate management in Peninsular Malaysia with the establishment of a single entity, particularly for non-contentious asset proceedings, to coordinate the various institutions of estate management in Peninsular Malaysia to be the only institution that people deal with in future. This also involves the establishment of a local will, assets and liabilities central registry, that can link all the information needed by beneficiaries or stakeholders through a single source search. The centre will serve as a reference or review of wills, assets and liabilities information of the deceased to be managed by a responsible party.

OBJEKTIF PROGRAM

Seminar ini dianjurkan bagi membincangkan isu yang berkaitan dengan *Maqasid al-Syariah* dalam konteks pelaburan dalam Pasaran Modal Islam Malaysia (PMIM). Seperti yang kita maklum, PMIM mula diperkenalkan sejak dua dekad lalu sebagai satu pilihan kepada para pelabur yang ingin menyertai pasaran yang berlandaskan Syariah. PMIM merupakan yang terbesar di dunia dengan purata pertumbuhan tahunan sebanyak 12% sepanjang lima tahun yang lalu.

PROGRAMME OBJECTIVES

The seminar was organised to discuss issues related to *Maqasid al-Shariah* in the context of investments in the Malaysian Islamic Capital Market (MICM) . As informed, MICM was introduced two decades ago as an option for investors who wish to participate in the market that is based on Shariah. MICM is the largest in the world with an average annual growth of 12% over the past five years.

Dr. Mohd Zaidi bin Ismail, Timbalan Ketua Pengarah IKIM sedang mempengerusikan sesi pembentangan.

Manakala saiz PMIM berkembang menghampiri RM2 trilion, iaitu mencakupi kira-kira 60% daripada keseluruhan PMIM. Di samping itu, bilangan syarikat patuh Syariah yang tersenarai di Bursa Malaysia juga meningkat dengan permodalan pasaran melebihi RM1 trilion dan sumbangan kepada permodalan pasaran sebanyak 61.6%. Dengan beberapa ciri dan pelbagai kelebihan yang terdapat Pasaran Modal Islam berbanding dengan pasaran modal konvensional yang sedia ada, sudah semestinya PMIM mampu untuk menjadi alternatif terbaik kepada umat Islam untuk menjana kekuatan ekonomi Ummah.

Walau bagaimanapun, ekonomi umat Islam di negara ini secara umumnya masih terkebelakang jika dibandingkan dengan kaum lain.

RUMUSAN

Berikut adalah cadangan penyelesaian kepada isu yang diperolehi menerusi sesi pembentangan dan soal jawab keseluruhan:

1. Meningkatkan tahap kesedaran dan kepekaan. Masyarakat Islam perlu didedahkan dengan instrumen Pasaran Modal Islam yang boleh dijadikan sebagai pelindung nilai wang mereka dalam jangka masa sederhana dan panjang dalam ekonomi yang penuh cabaran berikutan kenaikan kos sara hidup.

2. Perlu ada inisiatif daripada pihak berkepentingan terutamanya Bursa Malaysia dan Suruhanjaya Sekuriti untuk memberi kesedaran kepada kakitangan institusi kerajaan dan swasta dari peringkat awal lagi agar wang persaraan mereka nanti dapat dilaburkan dengan betul dan bukan terjebak ke dalam skim cepat kaya.

3. Sehubungan itu, **pendedahan instrumen Pasaran Modal Islam** ini wajar dilakukan melalui **kursus, bengkel, seminar** dan lain-lain di organisasi masing-masing.

4. Agensi-agensi kerajaan seperti JAKIM, Kementerian Pembangunan Wanita, Keluarga & Masyarakat, Kementerian Belia dan sebagainya perlu turut sama terlibat dalam mengadakan kempen kesedaran ini sama ada di peringkat jabatan, Qariah masjid, pelajar-pelajar universiti, kakitangan awam dan swasta.

While the size of the MICM have grown approaching to RM2 trillion, which accounts for about 60% of the entire MICM. In addition, the number of Shariah-compliant companies listed on Bursa Malaysia with a market capitalisation of more than $ 1 trillion also rose and contributed to a market capitalisation of 61.6%. With some of the features and advantages of the various Islamic Capital Market, as compared with the existing conventional capital market, MICM is definitely able to be the best alternative to the Muslim Ummah in generating economic strength.

However, the economic status of Muslims in this country generally still lags behind when compared to other races.

SUMMARY

Following are proposed resolutions derived from the presentation and question-and answer sesions;

1. To increase the level of awareness and sensitivity. The Muslim community should be exposed to Islamic Capital Market instruments which could be used as their currency hedge in the medium and long term in a challenging economy due to the rising costs of living.

2. There should be initiatives from stakeholders especially the Bursa Malaysia and the Securities Commission to bring awareness to the staff of government and private institutions from the outset so that their retirement money can be invested later properly and not mired into get rich quick schemes.

3. Thus, the exposure of the Islamic Capital Market instruments should be done through courses, workshops, seminars and others in their respective organisations.

4. Government agencies such as JAKIM, the Ministry of Women, Family and Community Development, Ministry of Youth and the like should also be involved in the awareness campaign, be they at the department level, among mosque congregants, university students, civil servants and the private sector.

PROGRAM TERPILIH / *SELECTED PROGRAMMES*

5. Pendidikan berkaitan instrumen kewangan Islam ini digalakkan dimulai daripada peringkat remaja atau belia lepasan universiti. Untuk itu, pihak **Bursa Malaysia** perlu terus mendekati golongan muda dan mengalukan-alukan usahasama dengan institusi akademik. Sebagai contoh, Bursa Malaysia dengan kerjasama pihak YADIM pernah turun padang memberi penerangan berkaitan peluang pelaburan tentang Saham Amanah di Felda.

6. Difahamkan Bursa Malaysia akan membina pusat kecemerlangan di Bursa sebagai medium untuk mendidik masyarakat dalam kerangka plan 2017–2020. Oleh itu, masyarakat perlu mengambil peluang yang terbuka luas ini.

7. Di samping itu, umat Islam perlu sentiasa diingatkan mengambil pelaburan yang berhemah selaras dengan tujuan Maqasid al-Syariah. Justeru, sudah tiba masanya umat Islam bersedia menceburi pasaran modal Islam ini dan tidak sesekali menyokong industri yang boleh merosakkan aqal dan nyawa manusia itu sendiri. Ini juga berkait rapat dengan Maqasid al-Syariah, tujuan Maqasid al-Syariah adalah untuk kemaslahatan; pemeliharaan nyawa dan akal dapat diterapkan dalam pasaran modal Islam.

8. Memandangkan penyertaan umat Islam dalam pasaran modal masih berkurangan, antara lain disebabkan kurang pengetahuan umat Islam dalam dunia pelaburan dan pelaburan umat Islam banyak pergi ke skim cepat kaya, kajian yang mendalam mengenainya perlu diperhalusi. Bursa Malaysia dan institusi Pendidikan Tinggi (IPT) termasuk USIM digalakkan membuat kajian tentang sejauhmana tahap kesedaran masyarakat Islam dalam pelaburan Islam dan lain-lain pelaburan.

9. Pemilik perniagaan usahawan Muslim Bumiputera yang berjaya perlu merebut peluang untuk menyenaraikan syarikat mereka di PMIM untuk meraih manfaat yang besar; antaranya melalui PMIM usahawan Muslim boleh mengurangkan kos pendanaan mereka.

10. Dalam isu penyenaraian wakaf di Bursa Malaysia, pihak Bursa Malaysia masih menimbang dan perlu kepada input daripada pakar. Ini kerana isu utama dalam wakaf ialah pengurusannya tertakluk kepada persetujuan pihak agama negeri. Sehubungan itu, perkara

5. Education related to Islamic financial instruments is recommended starting from adolescence or young graduates. For that purpose, the Bursa Malaysia must continue to reach out to young people and welcome collaborations with academic institutions. For example, Bursa Malaysia in collaboration with YADIM had meeting the people events to give explanations of investment opportunities in the Felda trust shares.

6. It is understood that Bursa Malaysia will build a centre of excellence in the Bursa as a medium to educate the public in the framework of the 2017–2020 plan. Therefore, people should take advantage of the opportunity.

7. In addition, Muslims must always be reminded to take up prudent investments which are in line with the objectives of the concept of Maqasid al-Shariah. Hence, it is time for Muslims to venture into Islamic capital market and not support the industry that can damage the mind and soul of man. This is also closely related to Maqasid al-Shariah, whose goal is to benefit man; the preservation of life and intelligence can be applied in the Islamic capital market.

8. Given the participation of Muslims in the capital market is still low, partly due to the lack of knowledge of Muslims of the world of investment s and that many Muslims subscribe to get rich quick schemes, an in-depth study on the issue should be refined. Bursa Malaysia and Higher Education Institutions (HEI) including USIM are encouraged to study the extent of the public awareness of Muslims in Islamic as well as other investments.

9. Successful owners of Muslim Bumiputera entrepreneur businesses should seize the opportunity to list their companies on the MICM to reap great benefits; including through the MICM Muslim entrepreneurs which can reduce their funding costs.

10. On the issue of waqf listing on Bursa Malaysia, the Bursa Malaysia still needs to deliberate the issue and obtain input from experts. This is because the key issue in waqf is that its management is subject to the consent of the state religion. Consequently, what needs to be resolved first is the source of the power to

yang perlu diselesaikan terlebih dahulu ialah punca kuasa untuk mengawal selia urusan wakaf di setiap negeri.

11. Kerajaan juga wajar menubuhkan institusi wakaf korporat agar ia boleh dijadikan sebagai alternatif bagi menggalakkan penyertaan orang ramai. Hal ini kerana dengan adanya wakaf ia mampu meningkatkan ekonomi masyarakat dan dapat meneruskan usaha memelihara kebajikan.

12. Mengenai kos untuk membuka akaun CDS pelaburan, dicadangkan dibolehkan perkongsian oleh individu yang ingin membuka akaun pelaburan.

13. Mewujudkan rangkaian kerjasama antara para profesional Pasaran Modal Islam dengan para pelabur runcit dalam kalangan isi rumah umat Islam di Malaysia.

14. Seminar sebegini diharapkan diadakan dengan lebih kerap yang menggabungkan antara industri dan pembuat dasar.

15. Seminar sebegini wajar diteruskan lagi untuk siri ke-2 dengan mengadakan bengkel membina kerangka pengurusan kewangan dan pelaburan Islam yang lebih terperinci dan menyeluruh dengan meneroka produk Pasaran Modal Islam melalui equiti patuh syariah, amanah saham Islam, unit amanah hartanah secara Islam, sukuk, pasaran wang Islam, dana Islam, ekuiti persendirian Islam dan model teroka Islam iaitu “Islamic venture capital”.

16. Pembukaan akaun pelaburan begitu minimum dan perkongsian dalam pembukaan akaun CDS perlu dirujuk kepada pengurusan Bursa Malaysia.

17. Bagi pelabur yang berminat melabur perlu tahu tentang asas dalam pelaburan dan saham serta kemahiran untuk menggunakan ilmu berkaitan pelaburan dan saham tersebut secara sepenuhnya sebagai contoh, mereka boleh melabur tetapi dengan wang lebihan yang ada, bukan dengan cara pinjaman dan lain-lain

18. Lazimnya kemerosotan ekonomi dunia berlaku pada tahun 1997/1998 dan 2008 yang turut memberi kesan kemerosotan ekonomi global. Dalam tempoh setiap 10 tahun, kitaran itu perlu diteliti agar kita lebih bersedia.

regulate the affairs of endowments in each state.

11. The Government should establish a corporate endowment institution so that it can be used as an alternative to promote public participation. The endowment is able to improve the local economy and continue efforts in maintaining the welfare of the people.

12. On the cost to set up a CDS account investment, partnerships by individuals who wish to open investments accounts are allowed.

13. Establishing a network of cooperation between the Islamic Capital Market professionals with retail investors among Muslim households in Malaysia.

14. Seminars such as this are expected to be held more frequently that combine both industry and policy-makers.

15. Such seminars should be conducted as a 2nd series with workshops to build the framework of Islamic finance and investment management that are more detailed and comprehensive to explore the Islamic Capital Market products through Shariah-compliant equity, Islamic unit trusts, Islamic real estate unit trusts, sukuk, Islamic money markets, Islamic funds,Islamic private equity and venture model, namely "Islamic venture capital".

16. Opening an investment account so minimal and partnership in the opening of CDS account should be referred to the management of Bursa Malaysia.

17. Interested investors need to know about the basics in investments and shares as well as skills related to fully use knowledge related to investments and shares as an example, they can invest with excess money available and not by way of loan and others.

18. Normally, the world economic slowdown that occurred in 1997/1998 and 2008 effected the global economic slump. For every 10 years, the cycle needs to be examined so that we are better prepared.

Based on the study, the number of IKIMfm listeners in Peninsula Malaysia on Wave 1/2016 reached 1.37 million. In terms of position, IKIMfm ranked 10th out of 51 radio stations in Malaysia which were involved in the study. If the ranking is calculated by taking into account only the Malay language radio stations, IKIMfm ranked 6th out of 33 Malay-language stations.

Seterusnya bagi Kajian GfK Wave 2/2016, secara ringkasnya kajian tersebut dilakukan pada 24 Julai 2016 hingga 3 September 2016. Berdasarkan kajian ini, jumlah pendengar IKIMfm adalah seramai 1,139 000 pendengar iaitu penurunan sebanyak 231,000 pendengar berbanding kajian Wave 1/2016. Dari segi justifikasi penurunan, ianya dipercayai disebabkan kepada sampel bancian yang berbeza berbanding Wave 1/2016 sebelum ini. Dari segi kedudukan pula, IKIMfm masih mengekalkan kedudukan tangga ke-10 daripada keseluruhan 51 stesen yang terlibat dalam kajian ini dan tangga ke-6 daripada keseluruhan 33 stesen berbahasa Melayu.

Berikut adalah laporan Kajian GfK Wave 2/2016 secara terperinci:

Briefly, for the GfK Wave 2/2016, the study was conducted from 24 July 2016 until 3 September 2016. Based on the study, the number of IKIMfm listeners were 1,139,000 which was a drop of 231,000 listeners compared to the Wave 1/2016 study. In terms of justification for the decline, this is believed to be due to different survey samplings compared to the previous Wave 1/2016. In terms of ranking, IKIMfm retained its 10th position out of a total of 51 stations involved in the study and ranked 6th of the total 33 Malay language radio stations.

Kitar semula dijadikan amalan negara kita

PANDANGAN IKIM
ROSMIDZATUL AZILA MAT YAMIN

APABILA menyebut tentang kitar semula pastinya ramai dalam kalangan kita tahu tentang apakah yang dimaksudkan dengan amalan itu. Namun untuk lebih jelas lagi, kitar semula adalah proses yang melibatkan pengolahan semula bahan buangan untuk menghasilkan barangan yang baharu.

Kitar semula adalah amalan yang sangat penting untuk dipraktikkan dalam kehidupan sehārian bagi mengurangkan bahan-bahan buangan, penggunaan bahan mentah baharu, penggunaan tenaga, pencemaran, dan pengeluaran gas rumah hijau kerana penghasilan barangan baharu daripada bahan mentah.

Namun persoalannya, sejauh manakah amalan kitar semula ini dipraktikkan oleh masyarakat kita pada hari ini? Jika dilihat daripada jumlah timbunan sampah yang dilupuskan di tapak-tapak pelupusan sampah pada setiap hari, ini jelas mencerminkan tahap kesedaran masyarakat tentang kepentingan ki-

SAMPAH yang dibuang di merata-rata tempat, tanpa memikirkan ia boleh dikitar semula.

bukan sesuatu yang mustahil untuk dicapai sekiranya wujud kemahuan yang tinggi dalam kalangan masyarakat kita. Ini dibuktikan oleh beberapa negara, antaranya seperti

diri sendiri apabila kita selaku umat Islam yang seharusnya di hadapan dalam hal ini tetapi ketinggalan jauh di belakang mereka dalam membudayakan amalan kitar semula? Walhal, kita sebagai umat Islam telah

adalah makhluk yang sangat kufur kepada Tuhannya." (Surah al-Israa', ayat 26-27).

Ayat ini memberi gambaran yang jelas kepada kita bahawa pembaziran adalah suatu amalan yang sangat keji yang wajib dihindari oleh manusia yang beriman kepada Allah. Kefahaman yang jelas tentang perkara ini seharusnya dapat diterapkan dalam jiwa setiap lapisan masyarakat untuk mengaitkannya dengan amalan kitar semula sebagai satu wadah bagi mengelakkan pembaziran dan mengoptimumkan penggunaan sumber sebagaimana yang dituntut oleh syariat Islam kepada manusia.

Dalam mempraktikkan kitar semula, amalan yang ditonjolkan oleh junjungan kita Rasulullah SAW sewajarnya diteladani oleh kita pada hari ini. Misalnya, dalam sebuah hadis diriwayatkan bahawa Rasulullah SAW pernah menjahit dan menampal kasut bagi memanjangkan lagi jangka hayat baju dan kasut baginda.

Kisah ini menonjolkan kepada kita bahawa Rasulullah SAW sendiri turut mengoptimumkan penggunaan sesuatu barang dalam kehidupan baginda.

Sementara itu, dalam sebuah hadis lain pula diriwayatkan bahawa

Peranan ibu bapa tingkatkan minat pelajar

PEPATAH Arab menyebut *al-Ummu Madrasah* yang bermaksud ibu adalah madrasah. Dengan kata lain, ibu adalah guru pertama anak-anak dan bapa juga tidak terkecuali. Maksudnya, ibu bapa bertanggungjawab mendidik anak-anak mereka. Dalam hal ini, mendidik anak-anak meminati bidang sains juga salah satu tanggungjawab awal ibu dan bapa menanam minat anak-anak terhadap bidang sains.

Terdapat beberapa persoalan yang boleh disjukan dalam isu yang mengaitkan ibu bapa, pihak sekolah dan usaha meningkatkan minat pelajar terhadap sains. Ketika ini, terdapat pelbagai bentuk penglibatan ibu bapa di sekolah dalam bidang sains. Paling utama, melalui Persatuan ibu bapa dan Guru (PIBG).

Ibu bapa boleh terlibat secara aktif dalam pelbagai kegiatan yang dirangka persatuan tersebut misalnya pengli-batan ibu bapa pada hari sukan sekolah, gotong-royong mencerianakan sekolah dan kelas anak-anak, hari kantin, hari keusahawanan, membantu pencapaian akademik pelajar sekolah dan sebagainya.

Dalam era pengajaran dan pembelajaran abad ke-21 kini, ibu bapa diperlukan untuk memainkan peranan yang lebih signifikan di dalam pembelajaran anak-anak. Oleh itu, pihak sekolah kini giat menggalakkan penglibatan ibu bapa di dalam kelas anak-anak mereka. Namun, adakah penglibatan yang diharapkan ini berbeza dengan pendekatan sebelumnya?

Jika penglibatan itu bermaksud menyediakan bilik bertawa dingin untuk kelas anak masing-masing, menambah sudut bacaan serta menyediakan pelbagai perhiasan di dalam kelas, maka penglibatan itu dianggap berbeza dan mencukupi dengan menyediakan anak menjadi individu berfikiran kritis dalam abad ke-21 ini?

Persoalan seterusnya, jika penglibatan ibu bapa dalam pembelajaran anak-anak masa kini dianggap stereotaip, maka bolehkah

Berhenti merokok bermula Ramadan

SUDAH sedekad lamanya *Kempen Nafas Baru Bermula Ramadan* dilancarkan bagi mendidik sekalian umat Islam agar dapat menjadikan Ramadan sebagai satu titik permulaan menghentikan terus tabiat merokok yang mereka alami. Kempen ini bermula pada 2003, sebagai satu kempen kesedaran bahawa Ramadan adalah satu bulan yang amat baik bagi menghentikan tabiat tersebut memandangkan mereka berpuasa pada ketika itu.

Amalan berpuasa selama 14 jam sehari itu boleh dijadikan satu landasan yang boleh digunakan untuk berhenti terus daripada merokok. Lantaran itu, segala sedutan nafas adalah sedutan nafas yang baru, bebas daripada pencemaran dan toksik asap rokok.

Ini kedengaran amat mudah, seumpamanya ketagihan itu satu pilihan, namun pilihan untuk ketagih rokok atau tidak terletak di tangan masing-masing. Bulan Ramadan

Kematangan berpolitik umat Islam

Politik dan Islam bukannya dua komponen yang terasing. Berbeza dari ideologi sekular yang meletakkan agama dalam ruang lingkup peribadi setiap individu, Islam merupakan asas kepada semua aspek kehidupan manusia termasuklah politik. Kesyumulan Islam sebagai ad-din menghimpunkan kehidupan spiritual dan material serta tidak mengasingkan perkara yang berkaitan dengan kedunian dari akhirat.

Kematangan umat Islam dalam politik harus diterjemahkan melalui satu bentuk persefahaman dalam kalangan pemimpin Islam untuk mencapai kata sepakat tentang apa yang terbaik untuk masyarakat Malaysia secara keseluruhan. Walau bagaimanapun, persefahaman ini bukannya bertujuan menolak kewujudan kepelbagaian parti politik dalam kalangan umat Islam di Malaysia. Malahan, pemimpin umat Islam akan lebih dipandang tinggi dan dihormati kerana berjaya meletakkan kepentingan umat melebihi sentimen perjuangan politik masing-masing.

Kegagalan memboleh kan kesepakatan atau persefahaman dalam kalangan pemimpin Islam akan menjejaskan imej Islam itu sendiri. Kelemahan pada agama akan dinilai berlandaskan kegagalan ia menyatukan pihak yang bersatu untuk duduk berbincang atas nama agama. Perpecahan umat Islam hari ini bukan sahaja disebabkan oleh faktor perbezaan pandangan tetapi juga disebabkan oleh ketaksuban terhadap individu melampaui komitmen terhadap agama. Akhirnya, ini akan melemahkan umat Islam yang berterusan dihimpit dengan pergolakan dalam kelompok sendiri sehingga gagal menyelesaikan perkara berkaitan kepentingan ummah.

Pemeliharaan agama adalah satu kesatuan dan ia bukan sahaja dinilai dari aspek menegakkan hukum-hukum agama tetapi juga merangkumi usaha memelihara aqidah dan imej Islam itu sendiri. Jika seberang bentuk perbalahan dalam kalangan umat Islam itu mengakibatkan Islam itu dilabel dengan penilaian negatif dan dicemuh, adalah menjadi tanggungjawab umat Islam untuk mengembalikan keindahan agama kepada yang sepatutnya. Perpecahan dalam kalangan umat Islam, sama ada dalam politik dan pemikiran haruslah tidak mendatangkan kemudaratan kepada Islam.

Kematangan dalam berpolitik juga dapat diterjemahkan dengan mengambil pendekatan perbincangan dan musyawarah untuk menyelesaikan masalah secara lebih terarah dan berkesan. Keadilan dan keindahan Islam akan dapat dilihat apabila umat Islam dapat bersatu atas perkara-perkara yang mendatangkan kebaikan kepada masyarakat secara keseluruhan. Walaupun terdapat perbezaan dalam kaedah memenuhi maslahat ini, namun jika musyawarah dijadikan medan persetujuan, terutamanya dalam hal-hal yang berkaitan kedaulatan Islam, seharusnya ia dialu-alukan. Umat Islam perlu melihat kepentingan untuk duduk semeja dan berbincang kerana mempunyai asas ikatan yang paling kukuh iaitu aqidah dan ukhuwah Islam. Ini sejajar dengan firman ALLAH SWT dalam al-Quran:

Dan (bagi) orang-orang yang menerima (mematuhi) seruan Tuhannya dan mendirikan solat, sedang urusan mereka (diputuskan) dengan musyawarah antara mereka; dan mereka menafkahkan sebahagian daripada rezeki yang kami berikan kepada mereka." (*Surah As Syuura*: 38)

Sehubungan itu, umat Islam haruslah peka antara keperluan untuk berpanggah pendapat dan juga keperluan untuk membina persefahaman. Permulaan yang baik dalam membina persefahaman ialah mengetepikan sikap pentingkan diri dan menjadikan Islam sebagai kayu ukur kepada setiap penilaian kita. Kematangan berpolitik juga bergantung kepada sejauh mana pihak-pihak yang bertelagah boleh bersetuju dan berlapang dada apabila diuritik. Kekuatan umat Islam akan terjelma apabila perbezaan pendapat yang sedia ada tidak dijadikan alasan untuk bermusuh. Perbezaan dan persefahan pendapat itu adalah lazim tetapi tidaklah sehingga memudaratkan agama, kehidupan serta akal manusia dan akhirnya membuka peluang kepada musuh Islam untuk menangguk di air yang keruh.

CETUSAN

Pengurusan pusaka perlu perubahan

Menurut syariah, sesuatu harta yang sudah mencukupi haul dan menepati syarat-syarat tertentu wajib dikeluarkan zakat. Matlamatnya ialah supaya harta tadi beredar dalam sistem ekonomi dan pada masa sama ia boleh membantu mereka yang memerlukan pembelaan. Pada prinsipnya, kitaran harta yang berlaku secara meluas dalam kalangan anggota masyarakat akan meningkatkan kemakmuran dan kebahagiaan kehidupan di dalam sesebuah komuniti. Selain itu juga ia mampu untuk menghalang pemulaan kegiatan tidak bermoral yang mungkin timbul kesan daripada ketaksamaan agihan kekayaan di dalam komuniti tadi.

Ini juga bertepatan dengan matlamat perjagaan harta (hifz al-mal) - yang terkandung dalam maqasid al-syariah - yang antara lain menggariskan firma kesetiaan yang perlu diberi perhatian di mana salah satu daripada kesetiaan tersebut ialah rawaj al-amwal. Rawaj al-amwal merujuk kepada peredaran harta secara adil dalam kalangan seramai mungkin manusia. Selain zakat, sedekah dan wakaf, peredaran harta juga boleh berlaku menerusi proses-proses transaksi perniagaan dan perdagangan.

Selain itu sistem faraid juga merupakan satu lagi mekanisme yang terdapat dalam ajaran Islam yang berperanan dalam memastikan harta-harta ini beredar secara adil dalam sesebuah ekonomi.

Bagaimanapun di Malaysia, sebelum sesuatu pusaka itu dapat diserahkan kepada waris yang berhak ia perlu melalui beberapa prosedur dan formaliti. Selain itu bergantung pada keadaan, waris juga terpaksa berurusan dengan beberapa institusi berbeza yang lazimnya terdiri daripada Amanah Raya Berhad (ARB), mahkamah syariah, mahkamah sivil dan Bahagian Pembahagian Pusaka di Jabatan Ketua Pengarah Tanah dan Galian Persekutuan (JKPTG) sebelum harta si mati tadi dapat dibahagikan kepada mereka yang berhak.

Ini sememangnya akan mengambil masa dan biasanya tempoh tersebut ialah antara 4 bulan hingga 5 tahun. Tempoh ini akan menjadi lebih lama jika ia melibatkan kes kematian berlapis atau harta berada di daerah berlainan. Lebih teruk lagi jika ia melibatkan pertikaian dalam kalangan waris.

Implikasinya para waris kehilangan potensi ekonomi yang sepatut diperoleh daripada harta tadi jika mereka dapat memanfaatkan lebih awal. Selain daripada kehilangan potensi ekonomi, pewaris juga mungkin akan mengalami kerugian lebih-lebih lagi sekiranya harta tadi wujud dalam bentuk wang tunai. Susut nilai akibat hakisan inflasi merupakan ciri utama yang ada pada mata wang. Selain itu, dalam kes waris berlapis, pertambahan pemilik boleh menyebabkan bahagian yang bakal diwarisi semakin mengecil dan menjadikan harta tadi tidak ekonomikal.

Ini belum diambil kira lagi soal kebajikan waris si mati terutamanya anak-anak yang berstatus yatim; dan isteri mereka yang terutamanya yang tidak bekerja. Sedangkan pada masa sama mereka ini sebenarnya memerlukan sokongan kewangan bagi menampung keperluan asasi harian.

Selain itu pembelauan harta dan kelewatan waris dalam menuntut atau mencairkan harta tadi juga boleh menyebabkan tanggungjawab si mati yang belum ditunaikan gagal disempurnakan dan ini akan menjejaskan kesejahteraannya di alam roh.

Sesungguhnya kelewatan dalam menyelesaikan pembahagian pusaka apatah lagi membiarkan harta tadi berstatus beku adalah sesuatu yang tidak bertepatan dengan matlamat syariah. Selain pembaziran kerana kelewatan dalam memanfaat potensi ekonomi yang ada pada harta tadi, isu ini juga boleh mencetus masalah kezaliman atau ketidakadilan kepada anak yatim atau balu malahpun ibu bapa yang sebelum ini hanya bergantung harap kepada si mati.

Jesteru, selain daripada pemilik harta perlu membuat perancangan awal semasa hidupnya dan pewaris perlu mengambil tahu prosedur dan formaliti yang perlu dilalui bagi proses tuntutan dan pembahagian pusaka; sudah tiba masanya pihak berkuasa di Malaysia melakukan transformasi pengurusan pusaka menerusi perubahan sebuah entiti tunggal bagi menyelaraskan kepelbagaian institusi-institusi pengurusan harta pusaka agar rakyat hanya berurusan dengan sebuah institusi sahaja lebih. Ini mungkin turut melibatkan pindaan akta-akta tertentu.

Bagaimanapun transformasi ini adalah dilihat perlu kerana jika masalah ini tidak diselesaikan isu harta beku ini akan berterusan tanpa kesudahan dan umat Islam sendiri juga yang akan rugi.

Doubt leads to human misery

Without commitment to a moral or religious life, and certainty about our fate, no one can be really happy.

By MOHD ASHAM AHMAD

EVERYBODY knows that death is unavoidable and that every single soul will ultimately taste it. Yet death is dreaded by many because they do not know what is going to happen "after" that.

What will happen after we all die? Will there be another life? What kind of life will it be? Will there be some kind of judgement? What does it take for a favourable judgement? What will happen after that?

In Islam the question of afterlife is an important question, because it has to do with everybody's happiness. Everybody wants to know what is going to happen to his soul after death, and this knowledge will

Temuramah di televisyen, radio, akhbar dan majalah amat berkesan untuk menerangkan isu-isu semasa berkenaan Islam. Usaha melalui wawancara di media elektronik dan cetak ini dengan capaian penonton, pendengar dan pembaca yang ramai diharap dapat memperbetulkan salah faham mengenai Islam di samping meningkatkan kefahaman mengenainya dari semasa ke semasa. Penjelasan dan hujah ini telah membantu orang ramai memahami isu-isu Islam semasa yang timbul.

Di antara isu-isu yang telah dirungkai oleh para pegawai akademik IKIM ialah mengenai pindaan akta RUU355, cabaran media sosial, rawatan Islam, kepimpinan, pandangan ahli sunnah dan program-program IKIM.

Kerjasama baik antara IKIM dan pihak media telah memudahkan usaha-usaha ini dan amat dihargai.

Interviews on television, radio, newspapers and magazines are highly effective to explain current issues concerning Islam. Efforts through interviews in the print and electronic media with a high access to viewers, listeners and readers would be able to correct the misconceptions about Islam and increase understanding on it from time to time. Such explanations and arguments have helped many to understand the current Islamic issues that arise.

Among the issues that have been explained by IKIM academic officials are the amendment of act RUU355 act, social media challenges, Islamic treatment, leadership, views of ahli sunnah and IKIM programmes.

The good cooperation between IKIM and the media has facilitated these efforts and are greatly appreciated.

PENGUKUHAN PEMASARAN
STRENGTHENING OF MARKETING

1. PENGUKUHAN STRATEGI PEMASARAN

IKLAN IKIMfm

1.1 Unit Pemasaran bertanggungjawab merancang dan memasarkan iklan IKIMfm. Jualan iklan IKIMfm merangkumi jualan iklan 'Spot Buy' iaitu iklan 30 saat, segmen tajaan bual bicara selama 30 minit, tajaan program seperti azan, berita, dan pelbagai program lain terbitan IKIMfm seperti Mau'izati, Pesona D'Zahra dan lain-lain, 'live read' selama 10 saat dan juga kapsul selama 3 minit. Jualan Iklan Radio pada tahun 2016 adalah sebanyak RM7,709,793.90 dan telah menunjukkan peningkatan sebanyak RM1,152,592.90 iaitu meningkat sebanyak 17.6% berbanding jualan pada tahun 2015 iaitu sebanyak RM6,557,201.00. Pelbagai strategi telah dilaksanakan oleh Unit Pemasaran bagi meningkatkan jualan iklan Radio pada tahun 2016 antaranya ialah :

1.1.1 PROMOSI IKLAN BELI SATU PERCUMA SATU & DISKAUN

Pada tahun 2016, Unit Pemasaran telah mengadakan promosi iklan beli satu percuma satu dan pakej diskaun. Ianya hanya tertumpu kepada iklan jenis "spot buy" sahaja iaitu iklan jenis rakaman pendek selama 30 saat yang dimainkan berulang-ulang kali di radio. Tujuan promosi ini diadakan adalah untuk menggalakkan pelanggan membeli iklan jenis ini memandangkan permintaan masih lagi kurang berbanding iklan segmen bualbicara yang mendapat sambutan ramai dan lebih efektif untuk menarik minat pendengar.

1. STRENGTHENING OF MARKETING STRATEGY

IKIMfm ADVERTISEMENT

1.1 The Marketing Unit is responsible for the planning and marketing of IKIMfm advertisements. Sales of IKIMfm advertisements include 'Spot Buy' advertisement sale which is a 30-second advertisement, 30-minute sponsored chat segment, sponsored programmes such as prayer calls, news and other IKIMfm-productions such as Reminders to Me, The Charms of D'Zahra and others , 'live read' for 10 seconds and also capsules for 3 minutes. Radio Advertising Sales in 2016 totaled RM7,709,793.90 which showed an increase of RM1,152,592.90, that is, an increase of 17.6% compared with sales in 2015 totaling RM6,557,201.00. Various strategies were implemented by the Marketing Unit to increase Radio advertising sales in 2016 which include:

1.1.1 BUY-ONE-FREE-ONE ADVERTISEMENT PROMOTION & DISCOUNT

In 2016, the Marketing Unit conducted the buy-one-free-one advertisement promotions and discounts packages. It is focused on the "spot buy" type advertisements only which is a type of short recording advertisements of 30 seconds which were played repeatedly on the radio. The aim of the campaign was to encourage customers to buy such type of advertising as demand was still less than the talk segment advertisements which were well received and more effective to attract listeners.

TERAS STRATEGIK 6 / *STRATEGIC THRUST 6*

PENGUKUHAN PEMASARAN
STRENGTHENING OF MARKETING

1.1.2 PROMOSI IKLAN "LIVE READ"

'Live Read' adalah salah satu bentuk pengiklanan radio yang dibaca oleh juruhebah secara langsung selama 10 saat berkaitan produk, perkhidmatan ataupun promosi dari pihak penaja. Iklan jenis ini sudah dipraktikkan oleh beberapa stesen radio swasta lain di Malaysia. Ianya telah berjaya dibuktikan bagi menambah pendapatan IKIMfm serta mewujudkan 'genre' iklan baru dalam jualan iklan radio dan telah ditaja oleh Islamic Relief Malaysia bagi Segmen Warna Pagi & Tajaan oleh Aman Palestin Berhad bagi Segmen Destinasi pada tahun 2016.

1.1.3 TAJAAN PROGRAM RAMADHAN

Unit Pemasaran juga merangka strategi bagi meningkatkan jualan tahunan IKIM untuk mencari penaja-penaja bagi program Khas Ramadhan samada dari Syarikat Korporat, Badan NGO mahupun Syarikat IKS. Pelbagai program tajaan khas sempena bulan Ramadhan pada tahun 2016 telah ditaja antaranya Tazkirah Ramadan, Azan, Pengumuman Waktu Imsak & Berbuka, Kapsul Fadhilat Ramadan, Drama Khas Ramadan dan pelbagai program lain mendapat sambutan yang baik seterusnya meningkatkan Jualan Iklan Radio pada tahun 2016.

TAJAAN tvIKIM

1.2 Unit Pemasaran & Promosi IKIM juga turut membuat jualan bagi produk-produk tvIKIM seperti jualan CD kompilasi IKIM secara pukal dan juga segmen Bual Bicara secara langsung di tvIKIM bagi segmen tajaan yang bersiaran di IKIMfm. Jumlah jualan pada tahun 2016 adalah sebanyak RM69,848.00. Unit Pemasaran masih merangka pelbagai strategi baru bagi meningkatkan lagi jualan melalui tvIKIM seperti mewujudkan Pakej Kombo Iklan IKIMfm & tvIKIM, menjual program-program terbitan tvIKIM, mencari penaja bagi program berbentuk PSA, kapsul dan lain-lain lagi.

1.1.2 "LIVE READ" ADVERTISEMENT PROMOTION

'Live Read' is a form of advertising that is read by a radio announcer live for 10 seconds related to products, services or promotions of the sponsors. Such a type of advertising has been practised by some other private radio stations in Malaysia. It has been successfully proven to increase IKIMfm revenue and create new genre of radio advertising in radio advertisement sales and it has been sponsored by Islamic Relief for the Morning Colours Segment & Sponsorship by Aman Palestin Berhad for the Destination Segment in 2016.

1.1.3 RAMADHAN SPONSORED PROGRAMME

The Marketing Unit also developed strategies to increase annual IKIM sales to find sponsors for Special Ramadan programmes be they Corporate Companies, NGOs or SMEs. Various special sponsored programmes during the month of Ramadan in 2016 were sponsored, among them were Ramadan Reminders, prayer call, Imsak and Iftar Times Announcements, Virtues of Ramadan Capsule, Ramadan Special Drama and various other programmes were well received which increased Radio Advertisement sales in 2016.

tvIKIM–SPONSORED

1.2 The IKIM Marketing & Promotions Unit also made sales for tvIKIM products such as IKIM CD compilation bulk sales and also live chat segments on tvIKIM for sponsored segments broadcasted on IKIMfm. The total sales in 2016 amounted to RM69,848.00. The Marketing Unit was still formulating various new strategies to increase sales through tvIKIM such as creating IKIMfm & tvIKIM Advertising Combo Package, sales of tvIKIM-produced programmes, sponsors scouting for the PSA-form programmes, capsules and others.

PENGUKUHAN PEMASARAN
STRENGTHENING OF MARKETING

JUALAN (BUKU TERBITAN IKIM, CD KOMPILASI & CENDERAHATI)

1.2 Unit Pemasaran & Promosi bukan sahaja bertanggungjawab memasarkan pelbagai produk khusus di Pusat Media, tetapi juga pemasaran produk di unit-unit lain contohnya membuat jualan buku-buku terbitan IKIM, membuat jualan cenderamata serta CD kompilasi terbitan IKIM. Unit Pemasaran & Promosi aktif turun padang menyertai program dalaman seperti Seminar Muzakarah Pakar, dan seminar-seminar lain anjuran Unit Program IKIM bagi tujuan membuat jualan sepanjang program berlangsung. Selain itu, bahagian Pemasaran juga tidak melepaskan peluang untuk membuat aktiviti jualan bagi program anjuran luar seperti Pesta Lelong Buku Putrajaya, Ekspo Perdana Masjid Al-Falah USJ Subang Jaya, Festival Islam Mega 2016 di Masjid Negeri, Shah Alam dan lain-lain bagi menjana pendapatan IKIM. Jumlah jualan CD/DVD terbitan tvIKIM pada tahun 2016 adalah sebanyak **RM116,756.75,** manakala jualan buku terbitan IKIM pada tahun 2016 sebanyak **RM83,922.84** manakala jumlah jualan cenderamata pada tahun 2016 adalah sebanyak **RM2,467.57**.

SEWAAN DEWAN & FASILITI IKIM

1.3 Selain itu, Bahagian Pemasaran merangka strategi bagi mewujudkan kadar harga sewaan dewan dan fasiliti IKIM bertujuan untuk meningkatkan lagi Jualan tahunan IKIM. Ini adalah kerana, bahagian Pemasaran yakin Kemudahan IKIM yang selesa dan struktur yang ekslusif seperti Dewan Besar, Dewan Sajian, Theatrette dan juga bilik mesyuarat berpotensi untuk disewa samada untuk tujuan majlis perkahwinan, seminar, Majlis Makan Malam, 'Hi Tea', dan lain-lain aktiviti bagi menjana keuntungan IKIM. Jualan bagi sewaan dewan & fasiliti IKIM pada tahun 2016 adalah sebanyak RM36,080.18.

SALES (IKIM PUBLISHED BOOKS, CD COMPILATION AND DOOR GIFTS)

1.2 The Marketing & Promotions Unit is not only responsible for marketing a range of products specifically at the Media Centre, but it also market products of other units such as IKIM-published books, door gifts and IKIM-produced CD compilations. The Marketing & Promotion Unit actively participated in internal programmes such as Experts Dialogue Seminars and other seminars organised by the IKIM Programmes Unit for the purpose of making sales throughout the programme. In addition, the Marketing Unit also took the opportunity to make sale activities of external-organised programmes such as Putrajaya Book Auction Festival, Al-Falah Mosque Prime Exposition USJ Subang Jaya, 2016 Mega Islamic Festival at the State Mosque, Shah Alam and others to generate income for IKIM. Total sales of tvIKIM-produced CDs / DVDs in 2016 was **RM116,756.75**, while sales of IKIM-published books in 2016 was **RM83,922.84**, while the number of door gift sales in 2016 totaled **RM2,467.57**.

HALL RENTAL & IKIM FACILITIES

1.3 In addition, the Marketing Unit planned a strategy to draw up rates for IKIM hall rental and facilities which aimed at increasing annual IKIIM sales further. This is because, the Marketing Unit was certain with the comfort and exclusiveness of IKIM Facilities offered such as the Grand Hall, Banquet Hall, Theatrette as well as the meeting room have rental potentials for weddings, seminars, dinners, 'Hi Tea', etc. and other activities to generate profits for IKIM. Sales for hall rentals and IKIM facilities in 2016 was RM36,080.18.

PENGUKUHAN STRUKTUR ORGANISASI DAN PERJAWATAN

Sebagai langkah menyahut saranan Lembaga Pengarah supaya IKIM dan warga kerjanya berusaha gigih meningkatkan pendapatan, Unit Pemasaran dan Unit Trafik di Bahagian Radio IKIM diperkasa peranannya. Kedua-dua unit tersebut distruktur semula ke satu bahagian baharu di IKIM iaitu Bahagian Ekonomi & Pemasaran (BEP) berkuat kuasa mulai 1 Oktober 2016. Penyusunan semula ini telah melibatkan perubahan skop, peranan dan tanggungjawab Unit Pemasaran dan Pusat Media. Peranan Unit Pemasaran diperkasa dengan meluaskan fungsinya memasarkan semua produk IKIM manakala Pusat Media hanya akan fokus kepada penerbitan dan pengisian program radio agar mutu siarannya lebih berkualiti dan menarik lebih ramai pendengar. Pengukuhan struktur organisasi ini melibatkan pewujudan enam (6) jawatan baharu.

Selain itu, peranan dan skop ICT meningkat selaras dengan hasrat IKIM untuk mempertingkatkan penggunaan ICT dan mampu berdaya saing dengan perkembangan semasa teknologi ICT. The reorganisation involved a change of scope, roles and responsibilities of the Marketing Unit and Media Centre. The roles of the Marketing Unit were strengthened by extending its functions to market all IKIM products while the Media Centre would only focus on radio productions and its programme contents so that its broadcasts are of higher quality and able to attract more listeners. The strengthening of the organisational structure involved the creation of six (6) new positions.

Apart from that, the role and scope of ICT increased in line with IKIM's aspiration to enhance the use of ICT and able to compete with the current development of ICT. Recognising such a need in strategic talent retention, the Head of ICT Unit position was approved for upgrading from grade 41 to 48 on 29 April 2016.

STRENGTHENING OF FINANCE

PENGUKUHAN KEWANGAN

Strategi pengukuhan kewangan adalah ke arah peningkatan hasil, pengawalan kos, pengurusan kewangan yang berteraskan akauntabiliti dan integriti serta mempunyai sistem kewangan yang cekap.

Peningkatan Hasil

Selaras dengan matlamat IKIM untuk meningkatkan hasil, pelbagai strategi telah dilaksanakan. Antaranya adalah menerokai sumber pendapatan baharu dan mempelbagai produk dan perkhidmatan radio dan tvIKIM. Pada tahun 2016, sumber pendapatan baharu bagi IKIM adalah meluaskan perkhidmatan sewaan kemudahan IKIM seperti Dewan Besar & Dewan Sajian untuk majlis perkahwinan. Hasil yang dijana oleh IKIM sendiri (tanpa geran Kerajaan) pada tahun 2016 telah meningkat sebanyak RM857,905 (2016 – RM9,235,717 : 2015 – RM8,377,812) atau 10.2%.

Pengawalan Kos

Pelbagai strategi juga dilaksanakan bagi mengawal kos operasi IKIM. Langkah utama adalah meneliti semula Pekeliling Kewangan mengenai Langkah-langkah Mengurangkan Perbelanjaan. Pekeliling Kewangan tersebut ditambahbaik dengan memantapkan prosedur tuntutan elaun lebih masa, tuntutan perjalanan, rawatan perubatan, perbelanjaan seminar, perbelanjaan promosi, perkhidmatan kepakaran dalaman dan perolehan aset.

Pengurusan Kewangan

Pengurusan Kewangan berintegriti dimantapkan lagi dengan memastikan kawalan dalaman adalah konstruktif dan efektif serta peraturan-peraturan semasa dan dasar-dasar perbelanjaan dilakukan secara teliti, cekap dan berkesan serta mempunyai “value for money”. Pada tahun 2016, sebanyak empat (4) pekeliling berkaitan pengurusan kewangan dikeluarkan iaitu berkaitan perbelanjaan, tuntutan elaun lebih masa, penggunaan buku log pemandu dengan lebih optimum dan sistem kad bayaran tol tanpa resit. Selain itu, satu (1) sistem baharu dinaik taraf bagi meningkatkan lagi kecekapan pengurusan kewangan.

STRENGTHENING OF FINANCE

The strengthening of finance strategy is to increase revenue, cost control, financial management that is based on accountability and integrity as well as having an efficient financial system.

Improved Results

In line with the objective of IKIM to increase revenue, various strategies were implemented. Among them were exploring new income sources and diversifying its products and services by tvIKIM and the radio. In 2016, a new source of income for IKIM was expanding its rental services of IKIM facilities such as the Grand Hall & Banquet Hall for weddings. Revenue generated by IKIM itself (without government grants) in 2016 increased by RM858,205 (2016 – RM9,235,717: 2015 – RM8,377,812) or 10.2%.

Cost Control

Various strategies were implemented to control the operating costs of IKIM. The main step was to review the Finance Circular on Measures of Expenses Reduction. The Finance Circular was improved by optimising the procedure for overtime claims, travel claims, medical treatment, seminar expenses, promotional expenses, internal expert services and acquisition of assets.

Financial Management

Financial Management with integrity was strengthened by ensuring that internal control was constructive and effective and current regulations and expenditure policies were rigorous, efficient and effective and had a "value for money". In 2016, a total of four (4) circulars were issued on financial management, namely related to expenses, overtime claims, a more optimal use of the driver's log book and toll payment card system without receipt. In addition, one (1) system was upgraded to enhance the efficiency of financial management.

STRENGTHENING OF ICT

PENGUKUHAN ICT

Bagi menyokong aktiviti teras IKIM, unit Teknologi Maklumat dan Komunikasi (ICT) memainkan peranan penting dalam memastikan infrastruktur dan perkhidmatan ICT IKIM berada dalam keadaan yang baik dan sedia digunakan bukan sahaja oleh warga IKIM malahan juga pengguna luar IKIM.

Selain daripada aktiviti asas seperti penyediaan peralatan ICT untuk pejabat, unit ICT juga bertanggungjawab dalam aspek keselamatan rangkaian, terlibat dalam pembangunan sistem untuk kegunaan warga IKIM dan juga pengguna luar serta aktif dalam memberi khidmat ICT untuk perlaksanaan program dan acara dalam dan luar IKIM. Unit ICT sentiasa berusaha untuk meningkatkan keupayaan dan memastikan ketersediaan perkhidmatan ICT di tahap yang tertinggi dengan mengadakan pelan rancangan dan melaksanakan pelbagai inisiatif.

Selaras dengan Pelan Strategik IKIM, pelbagai inisiatif telah dirancang dan dilaksanakan bagi mencapai objektif strategik pengukuhan ICT yang telah ditetapkan. Dalam tahun 2016, selain daripada aktiviti operasi dan pemantauan infrastruktur ICT, beberapa inisiatif telah dilaksanakan bagi mencapai objektif ini.

NAIKTARAF LAMAN WEB RASMI IKIM

Pada tahun 2016, salah satu daripada inisiatif utama yang telah dilaksanakan oleh unit ICT IKIM ialah usaha menaiktaraf laman web rasmi IKIM. Laman web rasmi yang lama telah berusia lebih daripada tiga tahun dan masih menggunakan platform versi lama.

Seiring dengan objektif Pelan Strategik IKIM 2016-2020 untuk ICT iaitu 'Mengukuhkan penggunaan ICT yang mesra pengguna dan memenuhi keperluan pelanggan', unit ICT telah mengambil inisiatif untuk menaik taraf dan membuat perubahan pada wajah laman web rasmi IKIM. Usaha menaiktaraf ini amat perlu bagi memastikan laman web rasmi IKIM menggunakan platform dan teknologi terkini sesuai dengan keperluan semasa. Dengan menggunakan kepakaran dalaman, usaha naik taraf telah dapat diselesaikan pada hujung tahun 2016 dan laman web rasmi IKIM telah diberikan wajah baru sesuai dengan objektif pengukuhan ICT IKIM.

STRENGTHENING OF ICT

To support the core activities of IKIM, the Information and Communication Technology (ICT) unit plays an important role in ensuring that the IKIM infrastructure and ICT services are in good condition and ready for use not only by IKIM workforce but also IKIM external users.

In addition to the basic activities such as the provision of ICT equipment for offices, the ICT unit is also responsible for network security aspects, involved in the development of systems for use by IKIM workforce and external users as well as active in providing ICT services for the organisation of programmes and events in and outside IKIM. The ICT Unit strives to increase its capacity and ensures the availability of ICT services at the highest level by designing a planning and implementing various initiatives.

In line with IKIM's Strategic Plan, various initiatives have been designed and implemented to achieve the strategic objectives of strengthening ICT that have been determined. In 2016, besides operating activities and monitoring of ICT infrastructure, several initiatives were implemented to achieve this objective.

UPGRADING THE OFFICIAL IKIM WEBSITE

In 2016, one of the key initiatives undertaken by the ICT unit is to upgrade the IKIM official website. The former official website was more than three years old and made use of the old version of platform.

In line with the objectives of the IKIM Strategic Plan 2016-2020 for ICT which is 'Strengthening the use of ICT which is user-friendly and meets customers needs', the ICT unit has taken the initiative to upgrade and make changes to the official IKIM website. The upgrading efforts are essential to ensure the official IKIM website makes use of the latest platform and technology in accordance with current requirements. By using internal expertise, upgrading efforts were completed by the end of 2016 and the official IKIM website was given a facelift in line with the objectives of strengthening IKIM'S ICT.

PENGUKUHAN ICT
STRENGTHENING OF ICT

Bagi memberi lebih maklumat kepada pengguna, beberapa halaman baru telah ditambah bagi meningkatkan penyebaran maklumat tentang IKIM kepada dunia luar. Antara pembaharuan yang telah dilakukan termasuk menambah halaman khusus untuk 'Perkhidmatan & Produk' yang memuatkan maklumat terkini berkaitan perkhidmatan yang ditawarkan dan produk yang dihasilkan oleh IKIM. Ini termasuk 'Khidmat Kepakaran Pegawai Akademik', 'Pengurusan Acara' dan 'Sewaan Kemudahan'.

Selain dari itu, laman web rasmi versi Bahasa Inggeris juga telah dikemaskini bagi membolehkan pelawat dari luar negara mendapatkan maklumat berkaitan IKIM. Seiring dengan bertambahnya penglibatan IKIM dalam aktiviti bertaraf antarabangsa, menjadi satu keperluan kepada IKIM untuk menyediakan laman web rasmi berbahasa Inggeris bagi membolehkan maklumat disampaikan secara global.

To provide more information to users, several new pages have been added to enhance the dissemination of information about IKIM to the outside world. Among the changes that have been made include adding a specific page for Services & Products which has the latest information on the services offered and the products by IKIM. They include 'Specialist Services by Academic Officials', 'Event Management' and 'Rental of Facilities'.

In addition, the English version of the official website has also been updated to allow visitors from abroad get information related to IKIM. The increased involvement of IKIM in international activities necessitates it to provide English-language official website to enable information to be delivered globally.

PAPARAN MAKLUMAT DIGITAL

Satu lagi kemudahan ICT yang dibangunkan pada tahun 2016 adalah pemasangan paparan maklumat digital yang diletakkan di ruang masuk utama bangunan IKIM. Paparan maklumat digital ini memaparkan maklumat terkini berkaitan program atau aktiviti IKIM yang sedang dan akan berlangsung. Ianya diletakkan di ruang masuk utama bagi memudahkan para pelawat atau peserta program memperolehi informasi berkaitan aktiviti dan program di IKIM di samping mempromosikan program IKIM kepada pihak luar.

DIGITAL INFORMATION DISPLAY

Another ICT facility developed in 2016 was the installation of a digital information display that is placed in the main entrance area of the IKIM building. The digital information display shows the latest information on IKIM's current and upcoming programmes or activities. It is placed at the main entrance area to ease visitors or programme participants to obtain relevant information on the activities and programmes at IKIM as well as a form of promotion for IKIM's programmes to external parties.

NAIK TARAF INFRASTRUKTUR ICT

Bagi meningkatkan keupayaan infrastruktur ICT mengurus dan menyimpan data yang semakin bertambah, unit ICT telah menaiktaraf peralatan simpanan data IKIM yang mana penambahan ruang simpanan sebanyak 30 TB (30,000 GB) telah dilakukan bagi memberi lebih ruang kepada penyimpanan data IKIM.

Oleh kerana terdapat pelbagai jenis data yang perlu disimpan termasuk data arkib seperti gambar digital dan salinan digital buku terbitan IKIM, penaiktarafan ini meningkatkan keupayaan khidmat ICT IKIM supaya lebih banyak data digital dapat disimpan, memastikan data IKIM diurus dengan baik serta memudahkan pengguna mengakses dokumen digital IKIM melalui akses atas talian.

ICT INFRASTRUCTURE UPGRADING

To improve the ICT infrastructure capabilities to manage and store increasing data, the ICT unit upgraded the IKIM data storage equipment in which the addition of 30 TB (30,000 GB) storage space was completed to give more room for IKIM data storage.

Since there are various types of data to be stored, including archives data such as digital images and digital copies of books published by IKIM, the upgrading had enhanced IKIM's ICT services so that more digital data can be stored, ensure that IKIM data is well-managed and enable users to easily access IKIM digital documents through online access.
