Secara keseluruhannya seminar berjaya mencapai objektifnya untuk melihat potensi dan pendekatan korporat dalam konsep wakaf dalam proses pembangunan ekonomi yang bermatlamatkan masalah ummah serta membuat perbandingan ke atas pelaksanaan wakaf korporat di luar negara serta filantropi Barat yang sesuai untuk dijadikan panduan bagi pelaksanaan konsep wakaf korporat di Malaysia. Selain itu, seminar ini juga dapat menyebarkan kefahaman tentang konsep wakaf korporat dalam kalangan sektor perniagaan dan masyarakat, di mana para peserta yang hadir terdiri daripada pembuat polisi, ahli korporat, ahli akademik, para usahawan dan orang awam yang berminat.

Penggunaan konsep wakaf korporat juga dilihat mampu untuk membantu merealisasikan satu ekonomi yang berasaskan masalah di mana ahli masyarakat menikmati satu kualiti kehidupan yang penuh dengan kesejahteraan dan keberkatan di dalam kelima-lima fokus utama Maqasid al-Syariah iaitu agama, jiwa, akal, keturunan dan harta.

MUZAKARAH PAKAR “KERANGKA GARIS PANDUAN FIQH DAN BIOETIKA ISLAMI TERHADAP PELAKSANAAN ARAHAN PERUBATAN AWAL (AMD)”

Muzakarah ini membincangkan topik Arahan Perubatan Awal (AMD) iaitu suatu arahan daripada pesakit berhubung pilihan perubatannya untuk menerima atau menolak rawatan pada masa hadapan iaitu ketika dia hilang tahap kesedaran atau keupayaan mental untuk menyatakan pilihan. Muzakarah ini diadakan bagi membentangkan analisis fiqh dan bioetika Islami terhadap tiga isu utama yang diberi perhatian dalam penyelidikan iaitu batasan autonomi pesakit dalam membuat arahan, keupayaan mental pesakit dalam membuat keputusan dan susunan kelayakan wakil pesakit. Pembentangan diadakan untuk mendapatkan maklum balas pakar-pakar akademik tempatan dalam usaha untuk merangka garis panduan pelaksanaan Arahan Perubatan Awal (AMD).

Rumusan daripada muzakarah ini, terdapat beberapa perkara yang memerlukan perincian lanjut dalam proses untuk mencadangkan input fiqh dan bioetika Islami kepada pelaksanaan Arahan Perubatan Awal (AMD). Antaranya berkenaan dengan: (1) autoriti autonomi pesakit dalam konteks kemuktamadan arahan yang dibuat olehnya dalam AMD, yakni, sama ada ia boleh diubah oleh waris atau doktor yang merawat, (2) penelitian kembali input perubatan berhubung kemampuan kognitif pesakit yang mengalami halangan mental, (3) menjelaskan peranan wakil pesakit yang tidak berada dalam empat pandangan ulamak tentang susunan wali yang telah dibentangkan.

Pada sesi akhir muzakarah, telah diadakan satu sesi rumusan yang telah disampaikan oleh Ustaz Muhammad Fahmi Rusli daripada Pejabat Mufti Wilayah Persekutuan dan YBhg. Dato' Dr. Zaki Morrad Mohamad Zahar daripada Hospital Pakar KPJ Ampang Puteri, dan dimoderatkan oleh Dr. Shaikh Mohd. Saifuddeen Shaikh Mohd. Salleh. Muzakarah yang diadakan pada 16 Ogos ini telah ditaja oleh KPJ Healthcare Berhad.

EXPERTS CONSULTATION ON “FRAMEWORK OF FIQH AND ISLAMIC BIOETHICS GUIDELINE TOWARDS THE IMPLEMENTATION OF ADVANCE MEDICAL DIRECTIVE (AMD)”

The Consultation discussed the topic on Advance Medical Directive (AMD) which is a directive from the patient regarding the medical options available to him that is to accept or refuse treatment in the future should he lose consciousness or the mental ability to express his choice. The Consultation was held to present Islamic fiqh and bioethics analysis on three major issues addressed in research that is the limits of a patient's autonomy in making instructions, a patient's mental capabilities in decision-making and the eligibility order of a patient's representative. Presentations were conducted to obtain feedback from local academic experts in order to draw guidelines for the implementation of Advance Medical Directive (AMD).

The Consultation was summarised as follows: several matters required further details in the process of proposing fiqh and Islamic bioethics input into the implementation of Advance Medical Directive (AMD). Among them were: (1) the patient's autonomous authority in the context of the conclusiveness of instructions made by him in his AMD, that is whether it can be changed by the next-of-kin or the treating physician, (2) a re-evaluation of medical input on cognitive abilities of patients with mental impediments, (3) to explain the role of patient's representatives who are not within the opinion fold of the four ulamas on the order of wali as presented.

In the final session of the Consultation, a summary session was held by Ustaz Muhammad Fahmi Rusli from the the Federal Territory Mufti Office and YBhg. Dato' Dr. Zaki Morrad Mohamad Zahar from KPJ Ampang Puteri Specialist Hospital, and Dr. Shaikh Mohd. Saifuddeen Shaikh Mohd. Salleh as moderator.
